

WOMEN WHO CHARM Health is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGLER MISS ELIZABETH WYNN There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything she does seems to require an effort, she should know that her nervous system is failing to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles.

Women who are troubled with painful or irregular functions, backache, bloating (or flatulence), displacements, inflammation or ulceration, that bearing-down feeling, dizziness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and most certain recovery advised.

Dear Mrs. Pinkham:— "For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and did all the time took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

Dear Mrs. Pinkham:— "For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

Miss Elizabeth Wynn, of No. 205 5th Avenue, New York City, writes: "Dear Mrs. Pinkham:—"

Dear Mrs. Pinkham:— "For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and did all the time took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

HIGH RATES IN NEBRASKA

Cost of Transporting Cattle Exceeds That in Sister States.

ALSO EXCESSIVE ON FLOUR AND HORSES

Deputy Labor Commissioner Bush Issues Statistics, Using Population of Omaha of Many Years Ago.

Burrett Bush, deputy labor commissioner, has completed his annual bulletin of the state bureau of statistics, and the volume has been received from the hands of the printer. It is divided into two parts, the first being devoted to an analysis of each county on land values, crop production and values, shipment of various products, classification of lands and areas, census of fruits, population of towns and railway mileage.

The second part deals with freight charges and the shipments of the products of the state. Comparison is made with the average rates in force in Nebraska, Illinois, Iowa, Missouri and Kansas. The report shows that products to the value of \$27,728,877 were shipped in 1906.

Some of the figures contained in the compilation may be strictly up-to-date, but there are others in which certainly many years ago, namely those purporting to give the population of Omaha and South Omaha. Mr. Bush has failed to take the new census of these cities, picking up those most convenient, which was taken years ago when Omaha had but 102,000.

The tables show the cost of transporting cattle to be greater in Nebraska than in either Missouri, Iowa, Kansas or Illinois. Hogs also cost more, but sheep cost less than they do in Iowa, Missouri or Kansas. Horses cost more in Nebraska than in any of the other states, but in the other states, but cost more in Illinois and Kansas than in Nebraska, which were transported more than forty miles it costs more than in any of the other states named.

Highway Rate on Flour. Nebraska also has a higher rate on flour when it is hauled over forty miles than the other states except Kansas. Nebraska's charge on butter and eggs is less than Kansas and more than the charge in Illinois, Missouri and Iowa.

The railroads charge more for moving potatoes in Kansas than in Nebraska in both carload lots and less than carload lots. For apples both Missouri and Kansas charge more than Nebraska and brick are cheaper for a short distance in Nebraska than in any of the other states. The Nebraska rate for cement is higher than other states except when it is moving over 100 miles, when it costs more in Kansas.

Alme is higher in Nebraska than in the other states mentioned. Salt varies as to the distance. Sarsaparilla costs more in Illinois than in the other states and lumber is highest in Kansas, with Nebraska second on the list.

The packing house products lead in the value of the product shipped with a total amount of \$28,000,000. Cattle and hogs and the smaller products third, sheep come next with \$10,000,000 and corn next at \$28,000,000. The report shows 17,728,438 bushels of wheat were shipped in Nebraska in 1906.

Drunk Supply Found on Tap in Private Quarters on the Sabbath Day.

Charles H. Stiller, proprietor of the saloon at Thirtieth and Howard streets, was arrested at Thirtieth and Howard streets, where he sold him a building on Jones street, just west of Thirtieth, for \$25,000, and failed to tell him of a long-term lease held by the E. Herschel company on the property at a rental of \$175. This lease expires October 1, 1908. The plaintiff is receiving \$100 monthly from the tenant, but contends that the rent is \$250. He sues for the difference of \$150 a month for thirty-six months.

Covets Her Neighbor's Hat—A white hat, with gay pink roses running around the top and underneath, and a wide, limp brim, which rose and fell with each step, was coveted so strongly by Leona Harris, 308 North Twelfth street, that she set up a claim of ownership against the efforts of Leona Harris to secure the wonderful creation. Miss Harris did not deny she borrowed the headgear from Miss Banks, but possession being nine points in law, she made up her mind to hang on to it, even without a bill of sale. Wherefore she now languishes in jail on complaint of her contestant charging her with petit larceny.

Creditors Ask Bankruptcy—The creditors of the Wilson Springs company of Omaha have filed a petition in the United States district court asking that the firm be declared bankrupt. The petition alleges that the company has permitted certain preferred creditors, through legal proceedings, to obtain preference over other creditors, particularly over the claims of the petitioners, and that the firm has converted part of its property to other preferred creditors. The petitioning creditors are: Berry Bros., Diamond Fabric company, R. G. Dun & Co., Sunderland Roofing and Supply company, Omaha Electric Light and Power company, American Transfer company, W. A. and C. C. Redick, Nebraska Telephone company, Baum Iron company, E. F. Shuring & Co., Coal Hill Coal company, Omaha Water company, James Morton & Sons Co., and the Douglas Printing company, whose claims aggregate about \$100.

Engagers from Grip. An attack of grip seldom results fatally, but it is the indirect cause of many deaths. If it does not result in pneumonia, which is frequently the case, it leaves its victim with a cough which lingers on long after every other symptom of the disease has vanished. The system thus left in a weakened condition, and is susceptible to almost every other disease. The grip can be greatly lessened in its severity if Chamberlain's Cough Remedy is used, and any tendency toward pneumonia is promptly checked. There is no medicine which has met with greater success in the treatment of this disease. It cures the cough and leaves the system in a natural and healthy condition.

South Dakota and Its Opportunities. SOUTH DAKOTA, with its rich soil and favorable climate, offers openings in farming, cattle raising and in every line of mercantile work. Low rate homeseekers' tickets offer an inexpensive inspection trip. New railway lines under construction from Glenham, Walworth county, to Butte. Most are opening up a promising country. INVESTIGATE NOW. Descriptive leaflets and complete information free on request. F. A. Nash, General Western Agent, 1224 Farnam St., Omaha.

MOTHER PINES FOR HER BOY

Aged Woman Pleads for Earing Son for Whom She is Willing to Care.

"Tell him his dear old mother lies ill in bed waiting for her only boy to come back. Tell him we will give him a good home if he will only come."

This is the prevailing note of patient yearning which runs through a letter received by the Omaha police a few days ago, containing the saddest appeal that search has been made for Henry Markley, who, it states, has sent no word of himself back home for five years. The letter comes from the man's sister at Lyons, Ia., and reads in part:

"There is a dear old mother here, 65 years old, ill in bed waiting for her only boy, and I would like to have him know it. If you know of him give him this letter. If you do not, please tell him to write to his home, and if he will come I will warrant him good employment. If he is able to work, and if not, I will take care of him."

Though Henry Markley is a tall man, now well into middle age, he still remains "my boy" to the dying mother, and though she knows he is not the kind of man that makes a still longer for the sight and presence of him as she did before he drifted away. The letter intimates the folks at home know he is not the best kind of a son and brother, and the information gained by the police can, unfortunately, give them no cheer.

After several days of search the police are nearly ready to give up the hunt for Markley. Traces of him have been found in instances where he is remembered as a tenant who was thrown out of the house for nonpayment of board and room. The trail was blurred suddenly and lost, but it was not until the police were favored with light on the missing son. The police will reply to the letter when nothing further can be done, but it is not likely the report regarding the man's character will cause even a touch of the disappointment which will result from the news that the search for him has failed.

NE SPECIALISTS, RUSSELL OPTICAL CO. ANTI-SUICIDE CLUB SURE

Organization Will Be Formed by the Salvation Army Officers in Omaha.

The proposed organization of an anti-suicide club under the auspices and within the Salvation Army will be done in the matter until the return of Staff Captain Storey from a two weeks' visit to South Dakota. A member of the Salvation Army said:

"I do not know just what the plans are to be. However, such a club is to be organized as soon as Captain Storey returns. Such clubs have been organized in Philadelphia, New York, London and Boston, and they have accomplished great good among the dependent. My understanding of the plan is to get in immediate touch with the dependent and such as may have thought of suicide, and seek to cheer them up and divert their minds from the thought of suicide. It is not the intention to cram a lot of religious ideas into them, for that might have just the reverse effect of what we desire. If the despondency is through drink, we will try to work with them on temperance lines of the most practical character, but not by preaching to them. The aim will be to show that the world is not half so bad as it seems to be and that there is no trouble or grief but has its solace. If they are starving we will feed them. If they are sick we will doctor them. If they are destitute we will provide for them. If they are in mental trouble or in great financial distress we will try to show them the way out, and then, after we have got their minds off the suicidal mania, we will, of course, try to improve their moral and religious character. The sole purpose, as I understand it to be, is to help the despondent and to show them that there is a panacea for every ill and sorrow and that it can be relieved by human sympathy and friendship."

Major General Commanding. In the case of Lieutenant Clark, General Greely has modified the sentence of confinement to the garrison for six months to three months in order that he may be released from arrest in time to join his command for duty on his departure in July for the Philippines. Otherwise the sentence is approved and ordered carried into effect.

KNIGHT OF EAST AND WEST Degree Which Starts Off Second Day of Scottish Rite Proceedings at Temple.

Semper Fideles chapter, Knights of Rose Croix No. 1, assembled in executive session Tuesday morning at 9 o'clock to confer the seventeenth degree, which occupied most of the forenoon. This degree is known as the Knight of the East and West. During the afternoon the eighteenth degree, or that of Knight of the Eagle and Pelican, or Prince of Rose Croix, was bestowed.

The impressive fifteenth and sixteenth degrees, Knight of the East, the Sword and the Eagle, and that of the Prince of Jerusalem was conferred Tuesday evening with solemn and impressive ceremonies. These ceremonies are among the most elaborate of the entire Scottish Rite and are replete with ritualistic splendor.

All of the sessions are necessarily secret. This is also true of the remainder of the session.

Wednesday St. Andrew's council No. 1, Knights of Kadoch, will rendezvous in executive council for the bestowal of nineteenth to the thirtieth degrees, inclusive.

The reunion will close its formal work Thursday evening by conferring with very elaborate ceremonies the much coveted thirty-third degree, or that of Master of the Royal Secret.

Friday evening a banquet will be given in honor of the class at Masonic temple. At this banquet Latin and English papers, together with moral and dogma, will be furnished the candidates.

Among the thirty-third degree Masons, the highest rank to which one can attain in the fraternity, are: Gustave Anderson, Inspector general; Henry C. Akin, John J. Mercer, Claude L. Talbot, deputy inspector general; M. P. Finkhouser, Charles H. Finch, Victor White and Charles S. Huntington.

SEASONABLE FASHIONS. Many Eat as Though They Were Blind and Their Tongues Cut Out.

Dyspepsia is built on confidence—too much confidence in the ability of your stomach to digest anything and everything you put into it.

In this age we have developed speed in every line of action, and we have also developed speed in eating. We don't take time to eat right, and sometimes we do not eat the right kind of food. Sometimes we carry our business to our meals and as a result eat mechanically. We eat as though we were blind and our tongues cut out.

The result is that the food we eat is half chewed, and lies like a lump of lead on the stomach.

You may deny to yourself that you abuse your stomach, but when you get a bloaty feeling, you can't deny you've got it.

When you get bristling, cructations, burning sensations, bloating, aversion to food, loss of appetite, belching and other kindred ailments, there is not much use asking yourself, for the time being, why you suffer. The fact is you've got these ailments and the question of the hour is how to get rid of them at once, so that at your next meal you may be able to sit down and look at your meal straight in the face—with a keen appetite and a smile, and enjoy thoroughly everything you eat.

Just one of Stuart's Dyspepsia Tablets will digest an ordinary meal, without the help of the stomach. One ingredient of Stuart's Dyspepsia Tablets will digest 3,000 grains of food. The strongest stomach couldn't do the work as well as one of these wonderful little Tablets can do it.

Each tablet contains the strongest digestive agents it is possible to obtain.

Stuart's Dyspepsia Tablets are not a patent medicine. We come out and say just what is in them—hydrates, sodium bicarbonate and aseptic pepsin. They are recommended by 40,000 licensed physicians in the United States and Canada.

And they are recommended by everyone who uses them—they can't help it for they immediately invigorate the stomach by letting it take a rest; they strengthen the gastric juice and cause the appetite to become keen and regular.

Stuart's Dyspepsia Tablets will surely destroy dyspepsia, bristling, belching, "hump of lead" feeling, burning sensations, indigestion, loss of appetite, and aversion to food.

Have Stuart's Dyspepsia Tablets handy where you can take one or two after each meal. Then you will know that you are to have a good appetite and to get all the good possible out of everything you eat. You'll feel rosy and sweet. Stuart's Dyspepsia Tablets at any drug store on earth.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 25 Stuart Bldg., Marshall, Mich.

For the accommodation of The Omaha Bee readers these patterns, which usually retail at from 25 to 50 cents, will be furnished at a nominal price of 10 cents, which covers all expenses. In order to get a pattern enclose 10 cents, giving number and name of pattern wanted and best measure. As the patterns are mailed direct from the publishers at New York, it will require about a week's time to fill the order. Ad-Omaha, Neb.

NO. 6773-A PRACTICAL SHIRT WAIST FOR HOME MAKING.

Every woman and girl enjoys the privilege of some time of making her shirt waists and a style which is both simple and smart is sketched. The front closes under the box pleat and the fullness is provided for the front by two tucks stitched to yoke depth. A seam appears at the center of the back which creates the most attractive effect when the material used is striped and cut on the bias. The sleeves may be short and finished with the jaunty turnback cuffs provided for in the pattern. The tab collar which completes the neck may be embroidered or made of another fabric to suggest adornment. The amateur sewer will find the waist most satisfactory for her making and practical for any seasonable material. The medium size calls for 3 yards of 36-inch material.

Six sizes, 28 to 42 inches, bust measure. The price of this pattern is 10 cents.

BUYS DRESSMAKING STOCKS

Brandels Secures Entire Bankrupt Stock of Holland, Tex Co. of Omaha at a Fraction of Its Value.

FINE DRESS GOODS AND SILKS

Also Entire Stock of N. M. S. Switzer, 12 E. 33rd St., New York. Retired from Business—Sale in Monday, March 19.

Brandels bought, through referee in bankruptcy, the entire dressmaking stock of the Holland-Fox Co. of Omaha. We also bought all the elegant stock of Mme. S. Switzer, one of New York's most fashionable dressmakers, on her retiring from business.

Both these stocks were bought at a fraction of their value. We are going to sell them at the most extraordinary bargains ever known in the west.

The most beautiful silks, velvets, dress goods, laces, boleros, embroidered linen dresses and waists, ribbons, trimmings, etc., will go at gigantic bargains next Monday. A chance of a lifetime to buy up-to-date beautiful goods at a fraction of their value.

Watch for further particulars. J. L. BRANDEIS & SONS.

TWO SOLDIERS ARE PUNISHED

Stogsdall Reprimanded for Intoxication and Allen Fined for Neglect of Duty.

General A. W. Greely Tuesday afternoon approved the findings of the general court-martial in the case of Captain Ralph R. Stogsdall, quartermaster of the Thirtieth infantry, held at Fort Crook March 4, and to which charge of drunkenness Captain Stogsdall pleaded guilty, and also in the case of Second Lieutenant Albin L. Clark of the same regiment where he pleaded guilty to the charge of neglect of duty while officer of the day.

The sentence in the case of Captain Stogsdall was that he be reprimanded by the reviewing authority and that Lieutenant Clark be confined to the limits of the post where he may be serving for six months and to suffer a fine of \$100.

Following is the formal reprimand of Captain Stogsdall by General Greely: Headquarters Department of the Missouri, Omaha, Neb., March 12, 1907.—In his findings in the case of Captain Ralph Stogsdall, quartermaster of the Thirtieth infantry, the court is believed to have been unduly lenient in the award of punishment for the offense of drunkenness, so harmful to the service in general as well as to the officer in particular. Persistent attempts are being made to conserve among officers of the army high standards of efficiency and character, which cannot exist without corresponding high standards of habits and conduct. The reviewing authority need not emphasize his disapproval of Captain Stogsdall's conduct further than to state that while worthy of any officer, it is especially so of one selected as a representative of the army in the field.

Orders have been promptly issued releasing Captain Stogsdall from confinement and restoring him to duty.

Major General Commanding. In the case of Lieutenant Clark, General Greely has modified the sentence of confinement to the garrison for six months to three months in order that he may be released from arrest in time to join his command for duty on his departure in July for the Philippines. Otherwise the sentence is approved and ordered carried into effect.
