### HOSTS OF GOOD PEOPLE

All Over This Blessed Land Rise Up and Praise Dr. Pierce's Family Medicines,

Common Gratitude Prompts This Sentiment in Favor of Dr. Pierce's Medicines.

These people, so ready and anxious to recommend Dr. Pierce's Medicines, have themselves been cured, or some friend or loved one has been cured, by these medicines. Naturally, a sense of gratitude prompts such persons to recommend Dr. Pierce's medicines to other afflicted ones. Notwithstanding that these medicines have been on general sale, in drug and medicine stores, for more than two decades, yet their sale continues to grow as it could not were they not medicines of more than ordinary merit

Although base attacks have sometimes been made upon Dr. Pierce's medicines which temporarily injured their sale, as in the case of the maliciously, false, standardous and libelous article published in 1904 in the Ladies' Home Journal of Whiladelphia, yet their sale is greater to-day than ever. The publishers of the paper were brought to account and judgment obtained against them in consequence of their malicious article concerning Dr. Pierce's Favorite Description.

listed in consequence of their malicious article concerning Dr. Pierce's Favorite Prescription. The falsity of its statements were proven in open court and judgment was obtained found its nublishers for a substantial amount.

Thereupon Dr. Pierce decided to take a bold step and publish to the whole world a full list of the ingredients entering into his medicines, and this completely confounded his malicious traducers and vindicated both the Doctor and his medicines. In consequence, his medicines have enjoyed a popularity and increase in sale of late, amounting almost to a boom, and it is believed that this greatly increased demand is due largely to the fact of Dr. Pierce's open, bonest way of treating his patrons and patients by reposing confidence in those who trust in him and his medicines. He has no secrets to withhold from them. He publishes the composition of his medicines openly and above board, so that all who use them may know exactly what they are taking. Thus they are placed in a class all by themselves and cannot be considered as either secret or patent medicines, for they are in fact neither.

The climax of a tragedy in the life of a 10-year-old girl wa: enacted in police court Thursday morning, when Joseph Nachtneber was dismissed on a charge of stealing chickens from Michael Stepanek, a neighbor, and his little daughter, clasping a small package containing a lunch for her papa, rushed through the gate to meet him, her face wreathed in one big smile that made the tears come into her eyes and rendered it impossible for her to utter a word of greeting. Library Burglary Alarm. OMAHA, March 14.- To the Editor of The Bee: In the most prominent part of the front page of last evening's Bee appears a sensational article headed "Alarm System Mere Joke," in which City Electrician Michaelsen is quoted as giving notice to final order without notice to the defendants. the burglar fraternity of the country that they have nothing to fear in attempting to rob the city of its collection of coins and in which Mr. Michaelsen holds up the Library board for censure for neglecting to properly safeguard this valuable collection. The facts of the case are, several years ago the Wolfe Electrical company, under brass buttons on their blue coats, their the direction of City Electrician Schurig. equipped the Byron Reed room and cases with the latest up-to-date' electrical burglar slarm protection. It was pronounce by Mr. Schurig to be the very best, and on and she could have died in her terror and his approval of the same the Library board installed it at a large expense. This slarm system has never falled and has proven its efficacy on every occasion. There have been three attempts to rob the Byron Reed coin collection and the alarm has responded each time promptly and in the most satisfactory manner, in one case resulting in the arrest and conviction of the burglar. On the occasion of the recent burglary of the Byron Reed collection thei alarm worked promptly and perfectly, and had it not been for the negligence of the Telephone company in reporting the burglar slarm only to their lineman instead of immediately reporting it also to police headquarters; and had it not been for the inexcusable carelessness and delay of the police department in falling to respond promptly when the alarm was given, the burglar would have undoubtedly been apprehended.

One night watchman, who knew that the burglar alarm had gone off promptly, after waiting an interminable time and despairing of any response from the police, tumped out of the second story window and with a which had been hers showed in her every broken leg dragged his way to the fire engine house across the street and gave the alarm. ### FEE OF RECEIVER IS DENIED

Twenty Thousand Dollars to H. T. Clarke Knecked Out by Mungen

ORDER OF YEARS AGO IS ANNULLED

Such is the Import of an Opinion from Federal Bench in Old Union Trust Company Case.

Judge W. H. Munger handed down a memorandum epinion Thursday morning bearing upon the failure of the Union Trust company of Omaha eight or ten years ago, particularly as pertains to the compensation allowed the receiver, Henry T. Clarke, \$20,000 to the date of closing up the affairs of the company, and for the allowance of the claims of other parties. This order was granted and entered in the United States circuit court June 20, 1899. and is now set aside, and certain other

The case is that of Henry Fielding, one of the stockholders of the company, against the Union Trust company, and was submitted on an application to vacate the order allowing the receiver (H. T. Clarke) \$20,000 as compensation to the date of June 30, 1989, and for the allowance of claims of certain other parties. The basis of the application to vacate the order was that it could not have the force and effect of a

No Record of Such Notice. It does not appear in the record that such legal notice was ever given the trust company. The receiver thus appointed was the president of the trust company, the claims was his own, was presented for his services, and he was a party adverse to the trust company. J. B. Piper, another of the claimants, was a director of the company, was present and had knowledge of the hearing. Piper had acted as manager of the company before the receivership, and all parties represented, it is brought out, were interested in having a large compensation awarded the receiver, sufficient to cover any possible liability assessment on their stock.

In his opinion Judge Munger says:

I am of the opinion the compensation allowed the receiver was excessive. At the time of his appointment the company was liable to the approximate amount of \$506,000 upon mortgages which it had negotiated and guaranteed, also upon debenture bonds approximating \$60,000, to secure which collateral in the shape of real estate mortgages had been deposited with a trustee. No new business has been transacted since the receivership, the business as conducted being in arranging with parties representing the holders of the mortgages guaranteed to take the mortgaged property and their mortgages in liquidation of the obligatins of the company as guaranteed, and their mortgages in liquidation of the obligatins of the company as guaranteed, and their mortgages in liquidation of the foregoing reasons the order allowing the receivership will be vacated and set aside.

The question now under consideration was, Did the receiver before his appointment induce members of the board of directors to recommend his appointment induce members of the board of directors to recommend his appointment induce members of the board of directors to recommend his appointment induce members of the board of directors to recommend his appointment induce members of the board of directors to recommend his appointment and given it the conclusion is tregstibly reached that the conclusion is tregstibly reached that the conclusion is tregstibly reached that the conclusion is preparentations made by him to induce them to believe, and they did believe if he was appointed that he void them so, but this the receiver denies. It follows from these conclusions that no compensation will be awarded Mr. Clark as receiver.

Some Claims Allowed. In his opinion Judge Munger says:

Some Claims Allowed. The decision allows the claims of the ommercial National bank of \$250, W. G. Maul for \$250, George Barker for \$850 and Brandels Sixteenth street windows, where police headquarters, and if the fault lies Erastus A. Benson for \$100; also the claims with the telephone company, as it appears, of W. G. Maul, E. A. Benson and George Barker on certain debenture bonds bought by them in December, 1900, and September, 1901, subsequent to the receivership, for 15 trician Michaelsen, whose business it is to cents on the dollar, for their full face value, look after and inspect electric alarm synt. The claim of J. W. Carr as attorney for The claim of J. W. Carr as attorney for \$1,000 and of Joseph B. Piper for services Until certain securities belonging to the

Harriman Line Begins Four-Track Line Between the Two Omahas.

NEEDED TO CARE FOR IMMENSE TRAFFIC

Company is Busily Engaged in Con atruction of Double-Trackage on the Main Line Through

Different States.

The Union Pacific has begun the construction of a four-track line between Omaha and South Omaha, to handle the nmense business which that road does between there stations. By this fall the company expects to have completed between Omaha and Green River 360 miles of double track out of 780 miles. A considerable stretch of the track between Omaha and Green River probably never will be double-tracked, the company says, that is, between Julesburg and Cheyenne, because the business is not so heavy between these two points. Considerable of the business. from the west is diverted to Denver at Cheyenne and considerable of the business from the east is diverted to Denver at Juleaburg.

The Union Pacific will build, or is now building, forty-nine miles of second track between Valley and Benton, eighteen miles between Columbus and Silver Creek, thirtyeight miles between Silver Creek and Looked, thirty miles between Alva and Buda and forty-two miles between Rawlins and ing between \$50,000 and \$75,000 will be Wamsutter. Tie road already has constructed thirtysix miles from Archer to Buford, nineteen miles from Harmosa to Laramie, fifty miles from Lookout to Hanna and twentyfive miles from Point of Rocks to Rock Springs. This in addition to several long stretches of automatic block signals.

While at the meeting of the Wyoming Wool Growers' convention Mr. Mohler was asked what the prospects were of getting the live stock trains through on faster no encouragement until after such time as the double-tracking was completed.

New Law Makes New Business. One noticeable effect of the 2-cent passenger rate iaw is the large number of passengers from the east who get off the through trains and buy their tickets at the Omaha stations. The railroads had not prepared their tariffs on interstate business as yet, so passengers from points east can save money by buying to Omaha and then rebuying at the 2-cent rate. This makes a busy scene at the station when some of the long trains from the east arrive and are scheduled to leave in a short time.

#### NEW BOGUS BILL AFLOAT Ten-Dollar Note of the Buffalo Treasury Series Gets Into Circulation.

A bad \$10 bill of the Buffalo treasury note series of 1901 has put in its appearance in Omaha. Thus far but one of the bills has been discovered, but there is an impression that others may have been put into circulation in this part of the country recently. The note in question was deposited in one of the Omaha banks, and aside from the Lewis and Clark portrait on its face, is a rather dangerous counterfeit. This note bear the check letter "C" and is numbered 17901280. These notes first appeared in No-

vember, 1905, and quite a number of them were circulated in this vicinity. The stipple and figure work is very good, but the fraudulent character of the note can best be distinguished by the Lewis and Clark portraits on the face, which are very crude

EAGLES PREPARING TO BUILD Committee Ordered to Close Benl for Property at Eighteenth and

Capitol Avenue.

Omaha serie No. 38 of the Elagles' lodge met last night at its hall and the special order of business was the consideration of site for the building of a new home and of plans for the erection of the building. The committee previously appointed to select a site reported that it had taken a thirty days' option on the lot on the southwest corner of Eighteenth and Capitol avenue for \$200, the purchase price to be \$12,000. The action of the committee was approved and a committee of fifty was appointed to raise the money. This will be done by the members taking out life memberships and paying their dues in advance. At the meeting last night forty members signified their intention of taking out life

memberships. It was decided that the Aerie would incorporate in order to hold title to the property, and that when the lot is paid for, a loan will be made on it in the shape of bonds, which will be sold only to members, for the purpose of raising money with which to erect a building. The cost of the building has not been decided on definitely, but the consensus of opinion among the members seems to be that a building cost-

COUNTY SHY ON EVIDENCE Magney Finds No One Yet with Basis

> of Action in Graveyard Case.

Deputy County Attorney Magney is investigating the alleged ghoulish operations time, but Mr. Mohler's reply gave the men said to be going on in Prospect Hill cemstery. Reports are meager and no person has been found yet who could awear to anything sufficiently definite to make a prosecution possible.

"My investigations, so far as they have gone, reveal suspicious circumstances," said Mr. Magney.

Secretary J. H. Ringwalt of the Prospect Hill Cemetery association was at the county attorney's office most of Thursday morning in consultation with Mr. Magney, Secretary Ringwalt has offered the county attorney the free inspection of the books of the cemetery association. He says he can prove by these that no lot or single grave was ever sold to more than one person. If the preliminary investigations warrant

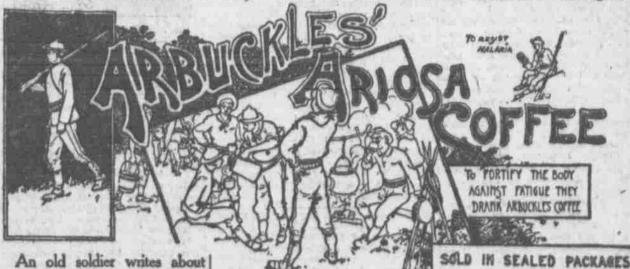

it the county attorney may order some of

the graves in which it is alleged more

than one body was buried opened. This will not be done, however, unless more and stronger evidence is secured.
