a., cured of consumptive cough by Dr. Bull's Cough Syrup. "I have used Dr. Bull's Cough Syrup

for over 20 years and have always found it a successful cure. This winter I had the worst cough that I ever had in my life, and I took Dr. Buil's Cough Syrup. It did me a lot of good. Every one thought that I was going into consumption, but I am all right now. I have told many of my friends about this remedy." Mrs. A. Whittington, 240-17th Ave., Homestead, Pa.

Coughs, colds and grippe are pre-vailing generally, and few people realize how dangerous they are. No man, woman or child ever escapes them, and what is first considered only a trifling cold or cough, frequently de-velops consumption, and causes death. When you have a cold; when you cough much; when you expectorate of-ten; when there is shortness of breath,

hoarseness, rattling and wheezing sensations in the throat and lungs, it tells the approach of consumption. For this very dangerous condition

is the very best cure. It has given hope and restored health to thousands of sufferers who might have gone to an early grave, and it will do the same for you. Consumption can be pre-vented by taking Dr. Buil's Cough Syrup in time. Every testimonial published is absolutely genuine,
