At the conclusion of the discussion a rising expression was asked to express theirs, but only a few cared to express theirs, order a plano number by Miss Marie ascaned. tendance in high schools in other cities selves. A plano number by Miss Marle escaped,

The cause of Rheumatism is an excess of uric acid in the blood, brought on by indigestion, chronic constipation, weak kidneys and a general sluggish condition of the entire system. The refuse and waste matter of the body is not carried out as nature intends, but is left to ferment and sour and generate uric acid, which is absorbed into the blood. The first evidence of Rheumatism is usually little wandering pains in the muscles and joints, or a tender, sensitive place on the fiesh. These are often so slight that nothing is thought of them and they pass away; but with each recurrence the trouble becomes more severe, and from slight wandering pains and excited nerves, Rheumatism grows to be a painful and almost constant trouble. The longer the poison remains in the blood the firmer hold the trouble gets on the system. Each day the acid deposit is increasing and the disease grows worse from year to year. After awhile the joints become coated with a corrosive substance which seriously interferes with their working and movements and sometimes they become permanently stiff and useless. S. S. S.

cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and irritating deposits, making the blood stream pure, fresh and healthy. S.S.S is made entirely of roots, herbs and barks, and is therefore a safe remedy. When the blood has been purified by S. S. S., the pains and aches pass away, and the cure is permanent. Book on Rheumatism, and

present branches inught, their unessential DOUBLE SHIFT JULY FIRST

Carries No Emergency

### Clause.

It is understood the Leeder double-shift firemen bill will be signed by the governor today and become operative July 1, there being no emergency clause with the measure. The main consideration in the carrying into effect of the provisions of this bill of this difficulty it has been suggested that the charter be amended to permit the city of Omaha to draw from the sinking fund 250to make up the necessary added expense of the double-shift for the second six 1 months of 1967, while a month ago Mayor

500 Dahlman suggested the city (same \$50,00) bonds for current exponses Until it has been determined just how the added expense is to be obtained the

600 shift bill will not be seriously considered.
