NEBRASKA MUNICIPAL CAMPAIGN

Sale of Block of Ground Issue at Hautings.

HASTINGS, Neb., March 19.-(Special)-The sale of a square block of ground belonging to the Hastings school district, near the business section of the city, promlacs to become an issue in the forthcoming spring campaign. The school board recently contracted for the sale of the ground to two persons but injunction proceedings were started to prevent a consummation of the deal. A movement is now under way to have the school district convey the property to the city to be maintained as a park. As opinion is divided as to what is best to do with the property the question will be submitted to the voters. The square block in question has for several years been used as a base ball park. The school board some months ago declined to allow the further use of the property for that purpose.
