

## BRIEF CITY NEWS.

**New County Hospital**—The new county hospital ambulance is to make its first public appearance next Saturday. It is being built at a local carriage shop and will be up to date in every particular.

**Crusalty and Non-support**—On charges of cruelty and non-support, Maude Andrews was granted a divorce from Frank Andrews in the district court Tuesday. They were married in Aberdeen, S. D., 1905. Her maiden name, Maude Smith, was restored.

**Sollicitor Dennis Forney**—Oscar J. Walker, formerly a solicitor for an eastern magazine, was arraigned for an eastern court Tuesday morning and pleaded not guilty. He is accused of forging a customer's draft. He was arrested in Fort Dodge, Ia.

**Now for Your Dog Tags**—City Clerk Butler has received 3,500 dog tags for 1907. These tags are stamped and will be sold beginning April 1. Ben Stone has asked for tag No. 1. In view of a pending ordinance making the license fee of 25 on female dogs it is thought another set of tags may have to be ordered for the female dogs.

**Dead Settles One Claim**—The Union Pacific Railroad company paid to Mrs. Ella E. Johnston \$5,000 Tuesday in the district court in settlement of her suit against the company for \$5,000 for the death of her husband, Thomas M. Johnston, who was fatally burned September 2, 1906, in the explosion of the Union Pacific weed burner near Elba, Neb.

**Spring Improvement Work**—A meeting of the Omaha Improvement club will be held in the Creighton institute Thursday at 4 p. m., when plans will be considered and discussed for the spring campaign of the club. Play grounds, central and neighborhood, the juvenile city, clean streets, alleys, yards and vacant lots, tree planting, weed destroying, curb signs, bill boards, back yard ashes and tin cans, better streets and sidewalks, crowded streets, flower planting, prizes for improvement work and Omaha clean-up day will be some of the things considered.

## ORDINANCE ON GRAVE CASE

**Measure is Drawn to Regulate Location and Depth of Burial Places.**

Assistant City Attorney Rine has prepared the following ordinance for introduction at Tuesday evening's meeting of the city council:

An ordinance providing that no more lots be sold in any cemetery within three miles from the city hall and that the next and undertaker be held responsible for the depth of any particular grave, the present law requiring a depth of six feet. This ordinance was prepared on request of Councilman Bedford and is in connection with the Prospect Hill cemetery investigation.

An ordinance requiring the market master to inspect fruits, vegetables and food products under the direction of the city health department and make weekly reports to Health Commissioner Connell.

Dr. Connell proposed this ordinance as part of his plan to conserve the public health this season.

Councilman McGovern will introduce an ordinance to require all persons having signs of three feet or more in length to secure a permit from the building inspector and to protect the city from liability by furnishing a bond. This will apply to those now having signs which will be allowed to remain and those who may hereafter place signs.

## D. BURR JONES BACK HOME

**Returns from Philippines Because of Health and Will Re-Enter Y. M. C. A. Work.**

D. Burr Jones, formerly identified in the Omaha Young Men's Christian association as director of the boys' department, has returned from the Philippine islands, where for three years he was engaged in the army and navy association work, with headquarters in Manila, Panay. Mr. Jones returned on account of ill health. With him are his wife and baby. Mr. Jones returned to Omaha nearly two years ago and married Miss Tichenor of the Young Woman's Christian association. He returned to the Philippines with his wife. Mr. Jones will continue in association work after he has had a rest. He has not yet been assigned a location.

## South Dakota and Its Opportunities.

**SOUTH DAKOTA**, with its rich soil and favorable climate, offers openings in farming, cattle raising and in every line of mercantile work. Low rate homeseekers' tickets offer an inexpensive inspection trip. New railway lines under construction from Glenham, Walworth county, to Belle, Mont., are opening up a promising country. ## LOBSTER CAUSES TWO DEATHS

**Kills Woman and Child and Gives A. J. and Charles Beaton Narrow Call.**

Two Omaha business men, A. J. Beaton of the Miller, Stewart & Beaton Co. and Charles Beaton of the Beaton Drug company, had a narrow escape from death by ptomaine poison at Hot Springs, Ark., last week. The Beaton brothers have been spending several weeks at Hot Springs and Friday morning lobster is one of the dishes they were taken violently ill immediately and until the following Monday

their condition was critical. Two other parties who partook of the lobster, a mother and son, died the following day.

Unwilling to alarm their relatives in Omaha until the danger was all over, the men have only recently written the facts. Both men have recovered and will return home Friday.

## LITTLE CHILD TORN BY CAR

**Seven-Year-Old Girl Severely Maimed by Motor on Dodge Street.**

During its run into the tracks in an attempt to cross in front of a fast moving Dodge car to get a ball of milk, little Nellie Nelson, aged 7 years, was struck and dangerously injured at Thirtieth and Maple streets, about 1 o'clock Monday evening and now lies at the Swedish hospital in a critical condition. The little one sustained a number of bad scalp wounds, one side of her face was peeled, one shoulder broken, a long cut was inflicted in the throat and four teeth were knocked out, others being loosened so they had to be wired by the physician.

To the alertness and presence of mind of Motorman J. W. Keppeler is due the fact that the child was not ground under the wheels of the car. He dropped the fence almost instantly upon sign of danger and stopped his car within a few feet, regardless of the comfort of his passengers, but Nellie was knocked against the end of the car and her limp body then tossed to one side into the street.

Griffin was called and immediately had the girl removed to the Swedish hospital. Twenty-fourth and Pratt streets. Nellie is the daughter of Mr. and Mrs. Peter Nelson, 323 Maple street, her father being a laborer. With her when she was struck was Edna Rinehart, aged 12, 323 Maple street, and she was on her way to the home of Abraham Blaufuss, 333 North Thirtieth street, to get milk for the evening meal.

Both Motorman Keppeler and Conductor O. Leistner, who were in charge of the car, are old and trained employees and little blame is attached to them for any responsibility for the accident. The victim was said to be doing very well early Tuesday afternoon at the hospital. She is not believed to have very many chances for recovery.

## TOM LEE KILLED BY TRAIN

**Sewer Inspector Run Over by Freight Cars at Eighth and Jones.**

Thomas Lee, a sewer inspector in the city engineer's office, was run over and killed by freight cars in the yards near Eighth and Jones streets Monday afternoon. The abdominal portion of the body was badly mangled.

No one was near to witness the accident, nor did anyone hear any cries. From the position of the body it is believed Lee had stepped between two cars when a train was pushed down and, running suddenly into the string where he was standing, knocked him down. Lee was about 65 years old and may have been somewhat hard of hearing or was not sufficiently agile to avoid being run over. The body was found about a short distance and was seen a short time afterward by men working on the sewer paralleling the track.

Lee had evidently been inspecting the work on the Jones street sewer, which runs through the railroad yards. Near while he had gone near the string of freight cars standing on the nearest track, but just how he came to be between the cars or be run over will not be known. As soon as the accident occurred, the city engineer's office City Engineer Rosewater and Mr. Robinson hastened to the scene. The coroner was also notified and the body taken to the morgue. Lee lived at 1507 Corby street with his wife.

## ELIAS GISH IS LAID AWAY

**Veteran Undertaker Buried at Forest Lawn, Where He Has Placed So Many.**

Elias Gish, the veteran undertaker of Omaha, was buried at Forest Lawn cemetery Tuesday afternoon, services being held at the undertaking parlors of Harry B. Davis, 709 South Sixteenth street, at 2 o'clock. The members of the trade were well represented at the obsequies, both those in business in Omaha and those in nearby towns.

The funeral service was delivered by Rev. Luther Kuhn, and N. P. Swanson, president of the Nebraska Funeral Directors' association, had charge of the funeral. The pallbearers were: H. K. Burkett, P. C. Healey and L. A. Hoffman, Omaha undertakers, and C. H. Riepen, J. C. Snyder and P. C. Elvaser, all of whom were members of the Modern Woodmen of America.

No relatives of the deceased were present, but they had sent word, giving instructions regarding the funeral.

## PLAN OF TRAINS TO COAST

**Conference of Officials to Arrange Best Means Meeting New Conditions.**

A conference of railroad officials will be held in Chicago this week to consider the plan of trains to the coast and the Pacific coast. Just what will be done is not known, but a change in schedules is quite probable. It is thought some of the faster trains will be made slower and longer to accommodate more of the local business which is increasing. Reports from the state indicate the travel is heavier since the 5-cent law went into effect, but railroad men claim there are but few more people traveling. There seems to be more about the old around the coast window for train time, but that is accounted for by the fact that traveling men are now buying tickets instead of using their mileage books.

## PAPERS SERVED ON CALLAHAN

**Charge Prospect Hill Cemetery Superintendent with Desecration of Graves.**

Daniel C. Callahan, superintendent of Prospect Hill cemetery, was served with papers Tuesday morning charging him with removing the remains of human bodies from graves without authority and he will give a hearing next Tuesday. This is the first official action taken in the odious scandal which has been raked up regarding alleged desecration of graves at this burial ground. Callahan furnished bond of \$200.

## DENTISTRY

**TOOTHE TALK NO. 111**

Just a word about my method of removing the pulp ("nerves") of teeth. I take from 10 to 20 minutes and the patient experiences absolutely no pain. The old method takes from 30 to 40 days, and is very painful.

## MANAGERS TO MEET AGAIN

**Railroad Officials Plan Another Conference With Disaffected Trainmen.**

## FORMER ADVOCATE ARBITRATION PLAN

**Employees Will Have Their Vote on Strike Proposition Completed by Thursday, Ready to Announce.**

The general managers' committee representing the forty-two railroad lines in the west, which has been in conference with the trainmen in reference to an increase in wages, will reconvene in Chicago next week to consider the situation. The railroad managers have their answer to the trainmen's offer of certain raises, but not what the men had demanded and the matter is being put to a vote of the trainmen of the different roads.

The matter probably will be submitted to arbitration, said General Manager Motter Tuesday morning. "The Bee hit the keynote to the situation in its editorial Tuesday morning advocating arbitration, for that was just what was outlined in communications which passed between the committee of general managers and the representatives of the men."

February 27 the general managers' committee wrote to Messrs. Garretson and Morrissey, representing the trainmen, as follows: "In the event of a decision unfavorable to the acceptance of the proposals submitted by the managers' committee it is suggested that the entire question be submitted to arbitration on a basis to be determined by our respective committees."

Messrs. Garretson and Morrissey replied on same date. "Committee received this afternoon about 2 o'clock your communication of even date. The committee will adjourn tomorrow to take the vote of membership on the lines interested. We will notify you sufficiently in advance of the date they reassemble to permit of necessary arrangements for the meeting in this city of the managers' committee."

The referendum vote now being taken by the trainmen, conductors and brakemen, is whether to strike or not and the result is to be canvassed in Chicago Thursday and announced at once. A local representative of the trainmen is authority for the statement that the overwhelming sentiment of the men is favorable to a strike as a last recourse, since they have been unable to get from the general managers what they asked—an advance of 15 per cent in their pay and an eight-hour system.

## COURT UNMOVED BY ORATORY

**Judge Troup Gives Eloquent Colored Man Three and One-Half Years.**

The oration which Frank Smith, colored, had prepared and which he delivered before Judge Troup in the criminal court Tuesday morning had but little effect and he was sentenced to three and one-half years in the penitentiary.

Smith is a very black negro of very small stature. The charge against him was breaking and entering the store of John Gooden, 1214 North Twenty-first street, and stealing therefrom several yards of Scotch suitings and some fancy clay wares.

"Ah ain't never been arrested before," said Smith with an impressive gesture. "Ah's a law 'bidin' citizen of this glorious republic. Ah come to your beautiful city 'es' a few weeks before Ah was tempted by the devil an' fell. Ah was a stranger in a strange land. Judge, Ah knows Ah's done wrong an' Ah asks leniency from the court."

Mr. Smith, having delivered himself of this, and having his finger cap in expectancy. An examination of the papers showed he had taken just about enough of a gaudily checkered pattern of words to make himself a swell suit and enough clay wares of a bright green hue to make a fancy vest to go with the suit. Who knows but that he may have a presentable appearance before seeking employment in a community? Will business men engage the services of a man in rags? All this Mr. Smith pointed out to the court and answered the questions with a scornful "no."

The court pronounced a sentence of three and one-half years, which is just half of the maximum if a man is found guilty. "Mah particular style of declamatory didn't seem to please the judge," said Smith.

## F. W. FITCH GAINS A POINT

**Lawyer's Case Goes to County Attorney, Which is Considered Victory for Him.**

Judge Sears of the district court Friday morning placed the charges against Attorney F. W. Fitch in the hands of County Attorney English, who will file charges against him in the criminal court. Fitch is accused of tampering with the records in the trial of his suit against Euclid Martin for \$5,000 attorney's fees. Judge Sears dismissed the jury in the case when the alleged tampering was called to his attention. He at once appointed a committee of three attorneys to investigate Fitch's conduct. The investigation was held behind closed doors. The committee found against Fitch and recommended proceedings for disbarment.

Last Saturday argument was made by attorneys for Fitch to show why the findings of the committee should not be made a part of the record and spread upon the record. The decision of the court Tuesday is a victory for Fitch, inasmuch as the findings of the committee are held purely formal and unofficial, and the court admits it has no jurisdiction in the case.

A formal order will be made by Judge Sears directing the county attorney to proceed against Fitch to prove contempt of court or interference with the administration of justice. Disbarment proceedings may follow.

## MASTER PLUMBER SEES END

**Thanks Dispute with Journeymen Will Be Settled Within Another Week.**

One of the master plumbers of Omaha Tuesday morning predicted that the present trouble between journeymen plumbers and their bosses would have been ended within the week. It is known that W. T. Daly, Hollis Johnson and Henry H. Kruger of the Master Plumbers' association have been selected as a committee to draw up a resolution setting forth the position of the employers and present that resolution at the meeting of the masters, who meet on the fifth floor of the Bee building every Tuesday evening. The text of that resolution is being carefully guarded.

Henry Kruger of the press committee of the masters said his association had between twenty and thirty "imported plumbers" at work, but representatives of the other side claim the masters have not more than five outsiders at work.

Advertisements of the Master Plumbers' association are being run in newspapers throughout the country.

The whole trouble hinges on the refusal of the journeymen to give the masters a signed agreement that they will not engage in sympathetic strikes during 1907. The

## FIGHT FOR CUSTODY OF GIRL

**Mother and Grandmother Are Having It Out in the Courts.**

The question of whether the 16-year-old daughter of Mrs. William Jeffries of Harrison, Neb., shall go home with her mother or remain in Council Bluffs under the care of her grandmother, Mrs. Royal O. Amy, probably will be decided by the courts. The court fight, which is being made in the Council Bluffs court before Justice Green, takes a dual form. Habeas corpus proceedings are being heard today and a charge of kidnapping will be heard later.

Yesterday Mrs. Jeffries attempted to force the girl to accompany her across the river and created quite a scene. Officer Gillespie made Mrs. Jeffries and her daughter enter the carriage which the former had secured and accompany him to police headquarters. Chief of Police Richmond declined to interfere, and Mrs. Jeffries and her daughter drove to Omaha, but were intercepted and arrested on a telephone message from Council Bluffs, charging Mrs. Jeffries with kidnapping her daughter. Later in the day Mrs. Jeffries and her daughter returned to Council Bluffs, accompanied by Detective Richardson, and went to the home of a relative pending a settlement of the question of the girl's custody.

Mrs. Jeffries claimed that her daughter came to Council Bluffs just before Christmas last to see her grandfather, who was not expected to live at that time, but not with the intention of permanently remaining here. On the other side, it is contended that the girl came with the consent of her parents, in order that she might go to school. The girl objects to going back to the farm, alleging that she is made to do overalls like a boy and do objectionable chores, such as cleaning hog pens and other dirty work.

## MORE ST. LOUIS BRICK FLATS

**Building Will Be Erected at Twenty-Sixth and California by John F. Moore.**

John F. Moore has let to P. J. Creedon & Sons the contract for erecting a two-story St. Louis brick flat on his lot near Twenty-sixth and California streets, to cost \$7,000. The building will contain two apartments of six rooms each and will be finished in hard oak, with all modern improvements.

Specifications are being drawn by P. J. Creedon & Sons for a two-story frame residence for Harry Husate on his lot at Thirty-sixth street and Lafayette avenue. The cost of the home will be about \$2,500. Plans are also being drawn for an eight-room modern home for C. H. Norton of Benson at the end of the car line. Mr. Norton contemplates the expenditure of over \$4,500 for the residence, as it is necessary to install a private system of water works at considerable cost.

## ALBION FLATS CHANGE HANDS

**These, with Residence of Late C. B. Horton, Are Sold to New Owners.**

The Albion flats on Tenth street near Pierce street have been sold for the owner, H. G. A. Brunner, a wealthy miner of Grass Valley, Cal., through the D. V. Shoes company, to Isabella and Grace Reichenberg. The property was bought for investment for the reported price of \$16,000. The D. V. Shoes company has also sold the residence of the late C. B. Horton, former manager of the Western Union Telegraph company, near Thirty-ninth and Davenport streets, for \$7,000 to a citizen in the western part of the state who expects to remove to Omaha and will reside in the residence. The house is a two-story frame structure containing eight rooms and is situated on a lot 50x135 feet.

## FUNDS FOR FAMINE VICTIMS

**Money Is Being Collected for Chinese Sufferers by Rev. C. W. Savidge.**

Rev. Charles W. Savidge, pastor of the People's church, has succeeded in raising \$20 of an objective \$100 for the famine sufferers of China. It is Rev. Mr. Savidge's purpose to raise this \$100 in two days and he is anxious to interest charitable people. On Sunday he preached a sermon on the graph, and was given \$12 in cash. His additional money pledged. He will forward the \$100 as soon as raised to the Christian Herald of New York, which will cable free the amount subscribed. There are 15,000,000 famine sufferers in China and their condition is said to be of a most pitiable nature.

## THREE UP FOR RUIN OF GIRL

**Two Women and One Man Charged with Causing Degradation of a Child.**

Probation Officer Bernstein filed complaints in the district court Tuesday against Mrs. Montgomery, Annie McGee and Joe Badger, charging them with aiding and abetting and bringing about the ruin of Mary Novak, a young girl who was before the juvenile court Monday. Mrs. Montgomery lives at 1214 Capitol avenue and is said to run a place of unsavory reputation. Badger works in one of the packing houses. The McGee girl was before Judge Troup in the morning and was released under \$200 bond.

Excavating is well under way by a large force of workmen for the new Cohn building at Sixteenth street and Capitol avenue. The old buildings have all been removed from the building site and a deep cellar will be excavated for the construction of extremely heavy foundations of sufficient strength to support the large and costly structure.

The contract for the erection of the building has not been let by Architect John Latenser, but it is expected the successful bidder will be announced in about ten days, when the excavations will be completed.

## S. E. HOWELL GOES TO JAIL

**President of Coal Exchange Will be Turned Over to Sheriff.**

IMPRISONMENT FOR BUT A FEW HOURS

All Plans Cooked and Primed for Supersedeas Bond from the Supreme Court at Lincoln.

Samuel E. Howell, president of the Omaha Coal exchange, will be in jail Wednesday. His incarceration probably will last only for a few hours, however, just long enough for Attorney W. J. Connell to dispatch a man by the earliest train to Lincoln to file a supersedeas bond in the supreme court. Mr. Connell holds that Howell should not be imprisoned at all, even for the few hours pending the filing of this bond in the supreme court. But Judge Sutton takes a different view.

"I shall not insist on his being actually within the walls of the county jail," said Judge Sutton. "I will pronounce sentence and he will be placed in the custody of the sheriff who may do what he likes with him."

Counsel for Mr. Howell has done everything possible to keep his client out of jail and everything will be done to keep him from setting foot inside the county strong house. Judge Sutton will sentence Howell late in the morning and sign the bill of exceptions. Howell will be placed in the sheriff's custody and Attorney W. J. Thomas of Mr. Connell's office will leave at 2 o'clock for Lincoln. Arrangements will be made beforehand to have one of the judges of the supreme court remain for a few hours late and the court should be closed Mr. Howell might be compelled to spend the night behind prison bars.

The moment the supersedeas bond is filed in the supreme court, the fact will be telegraphed to Omaha and Mr. Howell will be released.

## DRINKING POOL FOR ANIMALS

**Fountain Tendered Omaha by the National Humane Alliance of New York.**

The National Humane Alliance of New York City has tendered the city of Omaha a drinking fountain for animals, this fountain being one of many located throughout the United States in
