IMPORTANT RAILROAD BILLS PASSED

Senate by a Decisive Vote Kills the State Marshal Bill Which Has Been Before Every Session of Recent Years.

(From a Staff Correspondent.)

DES MOINES, March 20 .- (Special Telegram.)-The house this afternoon went on scord as opposed to the creation of a department of insurance separate from the state auditor's office by voting to change the banking department to the state treasurer's office and the municipal accounts department to the secretary of state. Bills increase the salaries of county recorders and their deputies were killed and one to change the salaries of county assessors was passed. A bill appropriating \$75,000 for a swine pavilion at the state fair grounds was passed. The house broke all records today by disposing of twentyfour bills, all of which were house measures

State Marshal Bill Dead. By a vote of 18 to 39 the senate killed the state marshals' bill this afternoon Those for the bill were Allen, Bleakley, Burgess, Clark, Dunham, Ericson, Gales Gillilland, Jamieson of Page, Kimmell, Kinne, McKlyeen, Nichols, Peterson, Seeley, Stuckslager, Turner and Whiting.

Veto Cuts Off Wilson. Governor Cummins today vetoed the bill making the offices of document librarian under the secretary of state a statutory office with a salary of \$1,200. One of the main reasons for vetoing the bill is that it would have given the present incumbent James Wilson of Adair county, the position for life. Wilson has been the manager for John Herriott, former lleutenant governor, in his many campaigns and has always been his private secretary when he was presiding over the senate. There are also some other reasons for vetoing the bill, as it would have conflicted with other

If that is the intent of the report I declare it to be false in that respect. And that the mem-bers of that committee should deliberately charge me with withholding from the county costs which were paid to the deputy in charge, ten, twelve or fitteen years ago, and which could not under any clicum-stances come into my possession. Is as-tounding. Yet this is what they do in their report. Receipts for the payment of costs generally appear upon the face of the appearance and fee docket, and are, or should be, dated. They are in the instances cited by the committee. I leave it with the board to determine the motive underlying and actuating the committee's report.
