JAMES ANDERSON MURDERED

Custodian of Masonio Temple Found Dead on Stair Landing.

NO CLUE TO THE PERPETRATOR OF CRIME

Only Wound On the Body Was Cut on Neck Apparently Made by a Sharp Knife-No Signs of Struggle.

James Anderson, custodian of the Masonic temple, was found dead at 11 o'clock last night on the landing at the head of the stairs. All the circumstances surrounding the affair point to murder, but the police have been unable to obtain any clue to the perpetrator. It is certain the crime was committed not to exceed half an hour before the body was found. Chambers' dancing class uses the large room on the upper floor and this was not dismissed until 10:30 and the body could not have been where it was found at that time, as all who came from the hall were compelled to pass directly over where it lay.

The last seen of Anderson alive, so far as can be ascertained, was about 10 o'clock. At that hour he parted from Eywind Lang. a traveling man from Chicago, a friend of the deceased, with whom he had been spending some time during the evening Anderson had been telling his friend of his plans for visiting his former home in the old country during the coming summe An examination of Anderson's bed in room in the temple building showed he had gone to the room and laid down, as the imprint of his body was distinctly visible on the bed. The only plausible theory the officers can advance is that Anderson heard someone in the building, started out to nvestigate and met his death.

The body was found by a young man be onging to the dancing class, who came to the building as ascertain if it had been dismissed, and stumbled over the prostrate form. Anderson was lying on his back, his feet toward his room and his head toward the stairs. Blood was oozing from his ears and mouth and there was a cut with a sharp knife. There were a few spots signs of a struggle were observed.

No Clue to Perpetrator. So far as the police have been able to iscover no one was seen about the buildng or coming from it between the time the unils of the dancing class left until the ody was found, and the officers are completel yin the dark so far as any clue to he perpetrator of the crime is concerned. Anderson was single, 55 years of age and the only relative in this country, so far as known, is a brother in Salt Lake City, who formerly resided in this city. He was prominent in Masonic circles, being tyler of the Masonic lodge, and in addition to being custodian of the Temple building had the care of the paraphernalia of all the Masonic bodies which met in the temple. He was a Knight Templar and a member of the Shrine ..

THOMAS PEACOCK BECOMES INSANE

Overwork on a New Invention the Cause.

Thomas Peacock, a machinist employed by the Union Pacific and reciding at 714 Perrin avenue, became mentally deranged yesterday morning and, after a hearing before the commissioners of insanity, was orfered committed to the state asylum at in care of Deputy Sheriffs Woolman and McCaffery. Mr. Peacock is 42 years of age. married and has a family of several chil-

Mr. Peacock's condition is attributed to verwork on a machinist's tool, which he secently invented and which those in a position to know say will ultimately be used in all railroad machine shops.

Yesterday morning Mr. Pencock went to he livery barn on East Broadway where he keeps his horse and from there rode to the police station on Bryant street. At police headquarters he inquired from Patrol Driver Lorenzen how many dogs had been shot by the police, but rode away again without waiting for an answer. Shortly after word was sent to the police that a man on horseback was riding amuck on Broadway near the Methodist church. Captain O'Neill went to the scene and found Peacock riding up and down the sidewalk chasing a dog. A number of children and under his right jaw, evidently inflicted other pedestrians narrowly escaped being ridden over by the demented man. When of blood near where the body lay, but no Captain O'Nelli appeared Peacock disnounted and, handing the peins to the offiper, told the latter to get up and take a ride, and at the same time Peacock started south on First street on a run. The officer called to him to halt, otherwise he would shoot. This had the desired effect and Peacock retraced his steps. As he reached the officer he struck him over the limbs with a ane, and when Captain O'Neill attempted to take hold of him struck him a swinging blow in the mouth, badly cutting his lips. After a short but decisive struggle, which attracted a big crowd, Peacock was subdued and taken to police headquarters From there he was taken to the sheriff's office in the court house and later before the commissioners on insanity. Sheriff Canning is a personal friend of the demented man and Mrs. Peacock, fearing when her husband left the house that he was not in his right mind, notified Mr. Canning to be

\$38,000 This will leave \$7,000 which the city will ave to raise by other means. Councilman Maloney of the special committee having this matter in charge is sanguine that this mount can be raised. The transfer companies doing hauling between Council Bluffs and Omaha have signified their willingness contribute and one yesterday notified Mr. Maloney that it would subscribe \$200 and more. The brewing companies in maha, which haul heavy loads between the two cities, it is expected, will be glad to assist, as the paving of Broadway will mean much to them. A liberal subscription is also looked for from the street railway company, as the improvement of the main empany, as the improvement of the main horoughfare between the two cities unfoubtedly would materially increase the bridge tolls. In the event of the city council passing and enforcing a wide tire ordinance, there is little doubt but that the Board of Supervisors would make a generous appropriation out of the county road fund towards the paving of this thoroughfare, or within the city.

Move to Reconsider Bill Taxing Them Only on Iowa Receipts.

EMPLOYERS LIABILITY BILL PASSES HOUS

Senate Passes Measure Requiring Branding of Drugs, Which is Along the Lines of the National Pure Food Law.

(From a Staff Correspondent.) DES MOINES, March 22 - (Special Teleram.)-Teter of Marion and Marston of Cerro Gordo have filed a motion to reco sider the vote by which S. F. 10, by Frudden, was passed. This is the bill that would tax insurance companies only on their business done in Iowa. The bill has passed both houses. If the house votes to econsider a fight will be made against he passage of the bill.

The house this afternoon passed the employers liability act, a bill providing that workman does not assume the risk if he remains at work after notifying the employer that the place where he works the machinery is dangerous. The passage of the bill is the result of a compromise between the union labor mon and manufacurers, and it will also pass the senate. The senate passed the bill to require the randing of drugs to show the potsonous r deleterious contents, substantially the national law.
