Two matches resulted in draws. The American end of the play is being conducted at the rooms of the Rice Chess club in the Cafe boulevard. The English play is in the Inns of Court hotel, London.

MONEY HAS BEEN PAID FOR TOPEKA Players Being Secured for the Team

at that Pince.

LINCOLN, March 23.—In a letter to Manager "Ducky" Holmes of the Lincoln club President O'Neill of the Western Base Ball league says the transfer of Topeka to the league has been made, the draft money paid and he can see no prospect of a further hitch. President O'Neill says, further, that the league is securing players for a team in St. Joseph, Mo., to complete the eight-club circuit.

Base Ball at Bellevue.

opponents courteously and not to coach, nor yell, or otherwise rattle their oppo-nents. He said such practices were due to professional ball and did not belong to am-ateur ball.

South Omaha High School Wins. The South Omaha High school team won a game of basket ball in Nebraska City last a game of basic ball in Neoraska City has night by a score of 34 to 25. The game was played on a small floor, but was a fast one throughout. The South Omaha boys were in the lead during the entire game and at no time very seriously threatened. The features of the game were the goals by Cohn, the captain of the South Omaha team. This is one of the best records for the year from any individual player. Gilmore of the Nebraska City team was the star, and if the others had been equal to him the South Omaha boys would have had their hands full. Barclay and Kiddoo each played one-half allowing Obon to play the entire game. half, allowing Obon to play the entire game.

## RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external spplication, in an effort to get relief from the disease, by producing counterirritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep-it is rooted and grounded in the blood and can only be reached by constitutional treatment-IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of waste matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid, which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so

that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently PURELY VEGETABLE. cures Rheumatism. S. S. S. is composed of purifying and tonic properties—just what is needed in every case of Rheumatism.

It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physician will give you any information or advice desired free of charge, and will send our special treatise on Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## SCORES IN BOWLING CONTEST Schneider, St. Louis Sporting COSSIP OF WEEK

Doe Shiveley Headed for Place with the Down and Cut Club.

WESTERN LEAGUE TEAMS IN GOOD SHAPE

All Around the Circuit Good Feeling Prevails and Prospects for a Lively and Prosperous Season Are Fine.

Down and out. "Doc" Shiveley is headed for the back ow just now, and if he doesn't land there it will not be his fault. He was getting along very well, and might have stuck higher up if he had not been so dead set to make trouble for George Tebeau. Tebeau isn't the whole thing in base ball, but Shiveley couldn't see it otherwise, and was willing to sacrifice the interests of his own league and everything else he could control if he could only make matters inconvenient for the man he disliked The injustice of preventing Topeka's advance never occurred to him; It is as wrong to hold back a town as it is to hold back a player, but this was not to the suiting of the man who has made himself ridicu lous. Then, too, he had bad advice, espe cially from the yellow end of the St. Louis Sporting News, who hates Tebeau and is willing also to macrifice anything or any body to get back at Cousin George, Now The Bee has no especial admiration for Tebeau, and has criticised him and his methods quite as severely as any paper in the land, but it doesn't propose to cut off its nose to spite its face. Tebeau is an custody of Oxford and Cambridge, who won the last decisive match. The contest last year resulted in a draw.

Today's match was made up as follows:
First Board—Jose R. Capablanca, Columbia: H. J. Rose. Balliol, Oxford. Second board—Q. A. Brackett, Harvard; W. R. Greenhalge, Pembroke, Oxford. Third board—L. J. Wolff, Columbia; L. Illingworth, Trinity, Cambridge. Fourth board—L. J. Wolff, Columbia; L. Illingworth, Trinity, Cambridge. Fourth board—College, Oxford. Fifth board—E. B. Burgess, Yale, J. R. Hanning, New College, Oxford. Sixth board—H. Blumberg, Columbia; W. H. Humpbreys, Christ, Cambridge.

W. H. Humpbreys, Christ, Cambridge.

Princeton is not represented this year because of the illness of its representative, sonance with the letter and the spirit of the constitution, and is assured protection, just as the Western association will be if it behaves itself. President O'Neil can secure this protection, and it will be but justice to organized ball if he does push his case against Shiveley, who is as bad as Griffith ever was.

Western League Teams Nearly Ready. All around the Western league circuit matters are in fine condition. Even in Denver the bug is working, and the fans of that town are clamoring for the opening games. They will not get any until some time in May, as the Grizzlies will start in the valley and play all around the river towns before going back to the mountains. Dick Cooley is getting a bunch together at Topeka on which he pins his hopes, and expects to make a showing in the race. St. Joseph is still a mystery, but Tip O Nell has said that when the time comes the

that the meeting of the committee will be called during the week and the schedule ancouncement will be made. It will be for 154 games, but beyond this nothing is known. At the same time, the St. Joseph management and team will be given out, and the public will then be in full possession of all the facts. President O'Neil has one more umpire to employ, and maybe two, if the original plan of having two men for the important games is adhered to This latter plan is one that will give a much greater feeling of confidence on the All in all, the promise of the season for

Preparations at Creighton. The enthusiasm has been so universal that he had his Grotte, but Grotte balked, t has been necessary to drive whole squads of players out of the way to make

Stors Team Well Fixed.

The Stors base ball team is preparing for outdoor base ball practice and the captain hopes to have his team in top condition by the time the season opens. The new Stors park will be located at Twentleth and Population and Morganes, Temperature of the best appointed amateur parks in the west. The new eight-foot fence has been ompleted and a large force of graders was busy last week smoothing out the rough places. The grounds will be given a good slope to permit of quick drainage so the diamond will dry quickly after a rain. The grandstand is to be 100 feet long and arranged to seat 600 people. The work on this will be started at once and hustled along to completion in time for the opening of the season. Target of the season. Target are to complete and a complete and the captain hopes to have his team in top condition by the first of the season opens. The new Stors park will be located at Twentleth and Population and Morganes are to be had Vancouver can feel assured that managers like on the flast and attempting information.
