Mearaguans Would Fight.

NEW YORK, March 23.—A committee of young Nicaraguans representing about 100, who are college students here and in Philadelphia waited upon Pio Bolanos, the Nicaraguan consul general here yesterday and volunteeres to fight against Honduras and Salvader in the war how going on. This action followed a meeting of the young Nicaraguans Thursday night, when patriotic speeches were made and a letter to Minister Corea at Washington was drafted, placing themselves at their disposal. The Nicaraguans include members of some of the best families in the republic.

Seventy-five Thousand pairs now in actual less.

DESORYTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared labric on the tread. That "Holding lack" sensation commonly felt when riding on asphalit or soft roads is overcome by the patent "lasket weave" tread which prevents all sir from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is its oper pair, but for advertising purposes we are making a special factory price to the rider of only 14.50 per pair. All orders shipped same day letter is received. We ship C.O.D. on approved. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.50 per pair) if you send PULL CASH WITH ORDEE and enclose this advertisement. We will also send one mickel plated brass hand pump and two Sampson metal puncture closers on full pad orders (these metal puncture closers to be used in case of intentional kinife cuts or heavy gashes). Three to be returned at OUR expense of for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is us asfe as in a bank. Ask your Postmaster, Banker, Repress or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We know that you will see as m
