Business among dry goods merchants has been subject to a marked increase during the last week. Cotton goods are firmer and are advancing in price. Advance business is very satisfactory, as merchants apparently believe prices will advance by fall and full lines of stocks are being secured in anticipation. There has been another advance in bleached cottons with prospects of still higher prices. There is marked scarcity in the market of leading lines of staple goods of a descriptions.

Wash goods and light fabrics have been in unsual demand during the last week on account of the warm weather, and there has been a noticeable increase in reordering of thin wash goods, which is rather unusual at this time of the year for broken stocks. This situation is believed to be indicative of an unprecedented business in

Rushing in Hardware.

Collections have been good among hardware jobbers and business has been rushing. No increase in prices is reported, but there is great scarcity in the supply of wire cloth, screens and screen doors and poultry fencing. The supply of these articles is estimated as about 50 per cent less than the demand and prices are bound to soar within a short time. Shortage of a like amount in small farming tools is also reported and there is apparently little hope for relief from manufacturers, who are months behind in their orders. Wire nails are also becoming very scarce and are months behind in their orders. Wire nails are also becoming very scarce and factories are thirty days behind in shipments, with little prospect for immediate improvement in this respect.

Sporting goods are in increased demand and base ball goods are beginning to be shipped in great quantities. It augurs for record trade this year in base ball and good in the shipped in great quantities of the shipped in great quantities.

DOCTORS FOR MEN

THE RELIABLE SPECIALISTS FIRST WARNING OF DANGER

When you are first aware of any disease, then it is that you should decide an important question, one that means much to your future health and happiness. If you procure the proper medical advice and treatment without delay you will secure to yourself that health, success and enjoyment of life which is every man's lot, whose bright and steady eyes, clear and healthy skin, act ye brain, congenial makeup and physical development show that no special diseases are devastating his system, that no mental, moral or physical weaknesses are depleting his manhoed and making his life a miserable failure.

Otherwise, if you delay too long or experiment with uncertain and improper treatment, or allow yourself to be deceived by misleading statements of incompatent doctors or specialists, then you will be one of the many unfortunates who have long regretted that they held their first little ailment too cheaply; who, after years of suffering and dosing with cheap proparations, free treatments and quick cure fallicies, come to the specialists of the State Medical Institute to be cured. They fully realize the great mistake that they have made in not consulting the best specialists first. Will you make the same mistake or will you get the best first? Do not be satisfied until you have been examined by the specialists of the State Medical Institute, the best in the country. Call and be examined free. You may be sent away happy without any treatment, but with advice that will not only save you much time and money, but will save you mental and physical suffering. If your condition requires treatment you will be treated honestly and skillfully and be restored to health in the shortest time possible and at the lowest cost for honest, skillful and successful treatment.

est, skiliful and successful treatment.

We do not quote misleading prices in our announcements. We make no misleading statements or deceptive, unbusinesslike propositions. We cure men at the lowest charges possible for skiliful and successful services. We believe in fair dealings and houset methods.

We treat men only, and cure promptly, safely and thoroughly NERVOUS DEBILITY, BLOOD POISON, SKIN DISEASES, KIDNEY and BLADDER DISEASES and all SPECIAL diseases and their complications.

Washington and the Episcopalians of that diocese are preparing to give him the same royal welcome his grace the lord archbishop of Canterbury received when he visited this country in 1994 and spent several days in Washington. The bishop is visiting this country in response to an invitation from the general convention of the Episcopal church to be held in Richmond, Va... October 5 pext.

It is stated by the Boston Pliot that while Arichbishop Montgemery, coadjutor of the Roman Catholic diocese of San Francisco, was reckoned rich and likely to leave "an immense private fortune, which would in all probability go to the church," his will when filed for probate showed only a personal property valued at 125,000, and this was chiefly his library, which he left to Archbishop Riordan. Montgmery had not even saved from his salary He had expended his money, such as he had, in private and concealed benevolence. Such is the record of many a faithful minister the world over. Delicate cut glass such as Favrile or the Bohemian ware should receive special treatment when being washed. In an agate ware pan fold a wide, clean towel in four, laying in the bottom of the pan. Then pour in water, hot and cold, half a galion of boiling water to three quarts of cold, allowing a teaspoonful of ammonia to the gallon. Add a very little white soap, but yellow soap should never touch cut glales.

Any neglected or blackened silver should be treated in this way: Dissolve one pound of hyposulphate of soda in just as much water as it will absorb and moisten the discolored purts with this, leaving it on for a few minutes. Next wash it in warm soap and water, rinse it in clear hot water and dry it. Finally clean it with whiting in the ordinary way. Produce Exchange to Expand.
