Close Irregular and Excited.

Several times during the day the market showed signs of steadying, but as soon as prices had rallied a point or two another flood of selling orders appeared and the ticker resumed its record of crumbling quotations. Toward the close of the day a buying demand apparently to close out short contracts appeared and gave prices a rolly. At the last the market was excited and irregular with quotations better along the whole range of stocks. Amerithan the lowest, but showing wide declines from Saturday's prices. Metal declines of the day as shown by the closing quotations were: Amalgamated Copper, 5%; American Smelting, 8%; Anaconda, 2%; Atchison, 2%: Baltimore & Ohio, 4; St. Paul, 5: General Electric, 6; Great Northern, 514; Great Northern ore certificates, 8; Missourt Pacific, 24; New York Air Brake, 15; New York Central, 34; Northern Pacific, 3%; Reading, 5%; Rock Island, 1%; Southern cific, 3; Union Pacific, 5%; United States Rubber, 5%; United States Steel, 2%, and United States Steel preferred 44. The total males for the day were 1,702,052 shares.

Violent Break in Copper.

BOSTON, March 25 .- With practically no support prices broke violently in the Hoston stock market today, extreme losses in leading copper stocks running from 4 to 12 points. There were some slight recoveries in the late dealings, but the close was very weak. North Butte, after opening at EL a decline of 616 from Saturday's close, fell to Trin, closing at 80%. Osceola dropped to 123%, a loss of 12%.

Today's break carried many copper shares below the level reached in the demoralized market of March 14. Tamarack, the low price of which on March 14 was 110, today want to 108, Quincy 116 to 108. Isle Royal from 19 to 175; Franklin from 18 to 16% and Butte Coalition from 34 to 21. Granby lost 2 points,

Advices from London regarding the break In the prices of copper were believed to be largely responsible for today's declines.
