FOREST RESERVE PERMITS

No Applications for Sheep or Goats in Nebraska or South Dakota.

CHIEF PINCHOT ISSUES SOME FIGURES

Over Six Million Head of Grown Stock to Be Allowed to Graze on the National Forest Reserves During Coming Season.

(From a Staff Correspondent.)

WASHINGTON, D. C., March 27.—(Special Telegram.)—Forester Pinchot today gave out a statement regarding the total number of grown stock which will be allowed to graze upon the national forest reserves during the season of 1907. The number of horses and cattle which will be permitted to graze in the forest reserves of the fourteen largest "grazing States" is 1,388,500; sheep and goats, 4,886,000.

In Nebraska permits have been granted to graze 45,000 head of cattle and horses, but no sheepmen or goat herdsmen seem to have applied for permits.

In South Dakota permits to graze 25,000 head of cattle and horses have been issued, but, like Nebraska, no sheep or goats. In Wyoming, however, there are permits out to graze 345,000 head of sheep and goats, as against 77,000 head of cattle and horses.

W. J. Bryan, Junior.

A fine looking young man of modest and becoming ways, yet manly and looking considerably like his father, albeit an inch taller, is William J. Bryan, jr., son of the famed chieftain of democracy. Young Bryan, who is at the Dewey hotel, is visiting Washington in company with some western friends purely for pleasure. At 18 he does not feel competent to discuss national politics and smilingly asks to be excused from expressing any opinion on such topics or on the subject of his father's future.

Pensions for Pawnee People.

Senator Burkett was advised today by the pension bureau that the following residents of Pawnee have been granted pensions: Isaac Biome, $30; Henry Chambers, Eli H. Beebe, John C. Condon, $12 each; James W. Warfield, University Place, $15.

Consolidation Not Contemplated.

Messrs. Silsby, Preston and Branston of Mitchell, S. D., today called upon Commissioner Ballinger of the general land office to protest against a rumored consolidation of the Mitchell land office with that of Bonesteel. Commissioner Ballinger informed his visitors that their fears were groundless, as he had not in contemplation any such change.

New Bank at Evanston.

The Evanston National bank of Evanston, Wyo., has been authorized to begin business with $50,000 capital. F. H. Harrison, president; J. L. Atkinson, W. W. Ritter, vice presidents; J. W. Carse, cashier.

Postmasters and Carriers.

Meusey, resigned; Oto, Woodbury county, Frank L. Giles, vice A. D. Page, removed; Quick, Pottawattamie county, J. G. Quick, vice E. J. Quick, resigned.

Rural carriers appointed: Nebraska, Howell, route 3, Edward E. Kolash, carrier; Alfonzo Bogner, substitute. Jackson, route 1, Eugene T. Kennelly, carrier; John F. Kennelly, substitute. Iowa, Farley, route 2, Henry Streif, carrier; John J. Flahiff, substitute. Fort Dodge, route 2, William Kloth, carrier; Edward G. Pingel, substitute. Grundy Center, route 1, Alexander Campbell, carrier; William Bockes, substitute. Janesville, route 1, Clarence L. Shephard, carrier; Charles Shepard, substitute. Readlyn, route 1, Charles L. Stoffregen, carrier; William Bahe, substitute. South Dakota, Bonesteel, route 1, Henry J. Schemmer, carrier; Fred A. Schemmer, substitute. Fairfax, route 2, Vivian G. Canon, carrier; Orda E. Garmong, substitute. Utica, route 1, Frank J. Petrick, carrier; D. W. Haley, substitute.

Minor Western Matters.

The Postoffice department has advised Senator Burkett that in accordance with the expressed wish of the people of College View, Neb., a postoffice inspector has been detailed to investigate the matter of extending the city delivery service from Lincoln to include Union college at College View.

William H. Maxwell of Deadwood, S. D., was today awarded the contract for the construction of a new public building at Spokane, Wash., at $403,687.

Upon the recommendation of Congressman Baker, Drs. L. B. Burlingreen and J. W. Ellis have been appointed members of the new board of pension examining surgeons established at Elk Point, S. D.

J. W. Barrett of South Omaha has been appointed a bookkeeper at Panama.

H. C. Payszant of Fremont, Virgil L. Horton of Chadron, C. E. Gill of Tekamah and Sidney R. Kent of Lincoln, Neb., have been appointed mail clerks.

H. A. Berger of Lincoln is at the Dewey.

NORTH STAR CATTLE WINS

Pure Bred Shorthorns from St. Cloud Farm Break South Omaha Records.

Yesterday at the stock yards in South Omaha there occurred one of the most notable events in the history of fine stock in the west. It was an auction sale of fifty-four head of pure bred Shorthorn cattle from the farms of C. E. Clarke of St. Cloud, Minn. The consignment sold for $17,005, or an average of a few cents over $325 per head. Prominent cattle breeders were present from Iowa, Illinois, Minnesota, Missouri, Kansas, Colorado, South Dakota and Nebraska. H. C. Duncan of Osborn, Mo., paid the highest price of the sale, $1,000, for a fine two-year-old cow. E. R. Warren of Glenwood, Ia., paid $830 for a cow and calf. E. P. McCartney of Gresham, Neb., paid $825 for Knight Commander, a yearling bull, which was the highest price of the sale for a bull.

Among other prominent buyers were F. O. Lowdon of Oregon, Ill., H. F. Brown, Minneapolis, Minn.; Ed Williams, Corwith, Ia.; J. T. Judge, Carroll, Ia.; C. R. Steele, Ireton, Ia., Dale Bellows, Maryville, Mo.; J. R. Mansfield, Wisner, Neb.; A. C. Shallenberger, Alma, Neb.; S. I. Heall, Pender, Neb.; Thomas Andrews, Cambridge, Neb.; Flynn Farm Co., Des Moines, Ia.; E. F. Bleick, Benson, Neb.; W. T. Rieschick, Falls City, Neb.; M. E. Vandenberg, Sargent, Neb.; A. L. Ullstrom, Memphis, Neb.; T. B. Gross, Gross, Neb.; Charles Rapp, St. Edwards, Neb.; Charles Behler, Wisner, Neb.; J. G. Brenizer, Broken Bow, Neb.; Reizlaff Bros., Walton, Neb.; E. A. McDonald, Wisner, Neb.; Peck & Rethwesch, Ft. Calhoun, Neb.

Only once since public sales of fine stock have been held at South Omaha has there been a sale of cattle of equal quality with these, or where as great an average price was secured. That was in March, 1901, when Westrope & Son of Harlan, Ia., sold 81 head at an average of $464.93 per head.

RHEUMATISM BREAKS DOWN

THE STRONGEST CONSTITUTION

Rheumatism is caused by a sour, acid condition of the blood, brought on by chronic constipation, weak kidneys, poor digestion and a general sluggish condition of the system. Because of these irregularities the refuse and waste matters of the body are not promptly expelled, but are left to sour and ferment, producing irritating acids which are taken up by the blood and distributed to all parts of the system. This acrid matter weakens and diseases the blood so that instead of supplying the body with nourishing, healthful properties it deposits the poison with which it is loaded into the muscles, nerves, bones and joints, and Rheumatism gets complete control of the system. Some suffer almost constantly with the disease, while others have intervals of freedom, during which they live in constant dread of the next attack, when an exposure to cold or dampness or some other irregularity will cause the symptoms to return. If the cause is not removed Rheumatism will progress and reach a point where it becomes incurable, and the strongest constitution will break down. S. S. S. has been curing Rheumatism for more than forty years. It attacks the disease at its head by going down into the blood and removing every particle of the acrid matter and building up the weak, sour blood to a state of purity and richness. S. S. S. is the King of blood purifiers, just what is needed for the cure of Rheumatism. Book on Rheumatism and any medical advice sent free.

KENNISON CASE PROCEEDS

Motions for a Change of Venue and a Continuance Overruled.

WORK OF SECURING A JURY IS DIFFICULT

Intimation That Some Evidence of a Startling Nature Will Be Brought Out During Progress of the Trial.

SCOTTS BLUFF, Neb., March 27.—(Special Telegram.)—The Kennison case, contrary to expectations, will be tried at this term and the work of impaneling the jury is now in progress. The motion for a change of venue was submitted last night and overruled by Judge Grimes. A motion for a continuance was made and overruled this forenoon.

The regular panel of jurors has all been exhausted and as the questioning proceeds talesmen are being summoned and deputies are out over the portions of the county remote from the scene of the killing bringing them in. It is not supposed that a jury can be completed inside of several days.

The defense is making a very strenuous fight, but there is reason to believe that new evidence surrounding the tragedy itself has been held back and will for the first time be presented on the trial, which will prove the original theory to be correct.

The self-defense theory is apparently the one on which the defense will rely, although there is still a rumor of sensational allegations to be made in the defense. There are over fifty witnesses subpoenaed.

Kennison is on trial for the killing of Samuel D. Cox.

PEACH BUDS READY TO BURST

Trouble in Prospect for Nebraska Fruit if January Follows July.

TABLE ROCK, Neb., March 27.—(Special.)—There have been several days of August weather here lately, but it is much cooler today. Spring plowing has already commenced and the ground is in fine condition. Winter wheat never looked better. The peach buds have swelled nearly to bursting, a few being already in bloom. The elms, boxelders and maples have leafed out. Gardening is in full progress.

LINWOOD, Neb., March 27.—(Special.)—The last five days have been unusually warm for March, the thermometer registering from 85 to 90, with a strong south wind for two days. The ground is baked on top. Last evening the wind changed to the north and the mercury had fallen over fifty degrees before morning. The buds on all fruit trees are swelling and a frost will badly damage the fruit. Some farmers are through with their oats planting and are plowing for corn.

HARVARD, Neb., March 27.—(Special.)—The high points to which the mercury has ranged during the last week has started buds and leaves on the trees. On some the green leaves can plainly be seen eighty rods away. This open weather is not taken as promising favorably for a fruit season. Farmers have commenced seeding to small grain, while the plow has become active in the field and potatoes are being planted.

BLUE HILL, Neb., March 27.—(Special.)—On Tuesday the thermometer marked 90 in the shade. Rain is badly needed, as the ground is dry and hard.

CENTRAL CITY, Neb., March 27.—(Special.)—Farmers are busy sowing oats and cutting stalks. The ground is in fine condition.

NORFOLK, Neb., March 27.—A cold wave, causing a drop of twenty-three degrees, struck Norfolk from the northwest in the night. The range of temperature for the day was 55 degrees, and for the week 65 degrees. Tuesday of last week having surpassed all March records with 91 degrees.

COMPLICATION AT NEBRASKA CITY

Ballots May Be Blank as Result of Carelessness.

NEBRASKA CITY, March 27.—(Special.)—Complications exist in regard to the coming city election. The republicans in the First ward made no nomination in opposition to Mike Bauer, who was named by the democrats, but those who wanted an opposing candidate induced Elmer Ingram to circulate a paper and announce his candidacy by petition. This he did and when an investigation was made it was discovered that he had not complied with the law. While this investigation was being made it was discovered that neither the democrats or republicans had conformed to the law in regard to filing certificates of nomination. The republicans filed theirs on March 23d and the democrats beat them by three days. The law requires that all nominations for city officers shall be filed fifteen days prior to the election. It is the opinion of the city attorney that nothing can now be done to remedy the defect but that the city clerk will have to issue a blank election ticket and the people who want to vote will have to write the names of their candidates. Only a member of the council from each of the four wards and three members of the board of education are to be elected.

PROTEST AGAINST CHEAP LABOR

Union Men Want Foreigners Excluded from Paving Jobs.

FREMONT, Neb., March 27.—(Special.)—The labor unions last night petitioned the city council not to allow Chinese, Japanese and Italian labor on the paving contracts which are to be let next week. The delegation present said the union men had voted for the paving bonds with the expectation of having an opportunity to do the work and were strongly opposed to having cheap labor employed. The matter will have to come before the Board of Public Works. Those of the council who spoke were in favor of home laboring men having the first chance. Reports are current that one or more of the bidders, if awarded the job, will bring in cheap labor to do nearly all the work.

Nothing was done about the new water and light plant proposition, the committee evidently not wanting to do anything until after the election next week.

HOME TREATMENT FOR BRINK

Father Suggests That Young Man Be Left in His Care.

PONCA, Neb., March 27.—(Special Telegram.)—Frank Brink, whom the jury on Tuesday acquitted of murder, on the ground of insanity, may not be compelled to go to either of the state insane hospitals at Lincoln or Norfolk. Doctors and attorneys who are interested in the case say that Brink, now that the cause of his mental trouble, infatuation for Bessie Newton, has been removed, will recover his senses within a month under the care of a friendly doctor. Brink's father will propose to the insanity board of Dixon county that he be allowed to keep the young man at home under the care of a private physician. Young Brink is now with his parents.

Bridges Guilty of Incest.

NEBRASKA CITY, March 27.—(Special Telegram.)—The case of John Bridges, charged with incest, which has been on trial for the past three days in the district court, ended tonight. The jury returned a verdict of guilty after being out one hour. Bridges is the father of a family of six children. The mother died last November and the daughter claims the assault was made in January. Bridges deserted his family the last of January, permitting them to care for themselves as best they could. Bridges protested his innocence.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

BURLINGTON ENGINE FIRES BRIDGE

Seven Spans of Structure Near Grand Island Is Burned.

GRAND ISLAND, Neb., March 27.—Only by the hardest work of section men with pumps was the complete destruction of the Burlington bridge across the Platte river prevented last night.

The warm winds of the last few days had made the bridge dry as tinder. A freight train passed over the bridge about 6 o'clock and some time later it was discovered on fire. Seven twenty-foot spans were burned out. The Burlington trains are being sent around by way of Central City. The loss will be about $1,500. The bridge is nearly a mile long.

JOHN BULL'S YANKEE MEAT

Britain's Raising of Ban on Packers Will Restore American Business.

SIR WALTER MAKES FAVORABLE REPORT

Armours and Cudahys Say Release of Embargo Will Mean Material Gains in Sales of Packing Products.

"We are gratified, though not surprised at that news. It was expected, as Sir Walter Foster last fall gave us the intimation that his report would be most favorable. It will mean, no doubt, regaining business lost through the reports that went abroad during the period of agitation against the sanitary conditions in our plants."

This statement was made yesterday by a representative of the Cudahy Packing company and practically repeated by a representative of Armour's relative to the report from London that the British War department had raised the embargo on American packing house products. The news from London came in response to an official inquiry sent from Washington. Britain's reply is signed by R. H. Brade, assistant secretary of the War office, and says:

Referring to the reports of the officer recently sent on inspection duty to America, I am commanded by the army to acquaint you that, although such reports are of a confidential nature and cannot, therefore, be communicated to the public, they have been satisfactory. I am to add that no bias exists on the part of the War department against American meat so long as its manufacture is properly supervised.

Surely is Good News.

When the telegram from London was read to Manager Murphy of the Cudahy plant he said:

"That is surely good news if it is true."

When asked if the ban placed on the canned meat by the army affected sales generally in England, he replied:

"It certainly did, especially on the canned beef. There was a great falling off immediately after the investigations which led to the report, but the sales have been increasing somewhat. The finding of the War department should put the American meat again to the front, for the Britishers should surely be satisfied with the finding of the War department."

Sir Walter Foster was sent to this country to visit all the big packing plants with a view of making the closest sort of inspection and reporting his findings to the British War department. The action was taken as the outcome of the explosions made prior to that by American investigations. Sir Walter visited all the Omaha plants and expressed the greatest sort of satisfaction with results.

"I suppose Sir Walter Foster has just about had time to submit his report and it is upon the basis of this that the ban has been raised," said an attache of the general manager's office at Armour's. "We have not yet been officially advised of this action, but probably will be in due time. When Sir Walter Foster was here he made the most sweeping and careful investigation and to our highest officials expressed very favorable impressions of his research."

SENSATIONAL FALL

In Price at the Great Retiring Sale of the Perfield Piano Co.'s Stock of Fine Pianos.

Big Crowds of Buyers are Taking Advantage of This Wonderful Sale.

Yesterday Was a Banner Day, We Sold Seven Pianos—Omaha People Are Taking Advantage of the Cut-in-Two Prices.

One-Half of This Fine Stock Has Now Been Sold—Remember the Place—Out of the Retail and Into the Wholesale Piano Business.

1611 FARNAM STREET.

For the benefit of those who do not know or realize what we are doing, permit us to say we have decided to go out of the retail and into the wholesale piano business. In order to do this we must dispose of at once of this fine stock of 150 high grade pianos. We are daily selling the best pianos at less than the cost of manufacture, and considerably less than Omaha dealers pay for pianos of the same grade. Thus you can readily see why we are selling so many pianos daily, for the people here took advantage of these prices from the day our great sale opened, and we have been busy waiting on customers and sending out pianos to the homes of Omaha people.

Think of buying a piano that dealers sell regularly for $350 for $87. Not an old, worn out piano, but a new one, guaranteed for five years by the makers. We have "Square Grands" for sale from $10 up, including such well known makes as Steinway, Chickering, Kimball, Haines Bros., Waters, etc. Organs that have been used some at your own price. Several fine pianos that sell for $375 and $300 for $117 and $157. Easy terms given on request.

Kindly remember this sale is only as long as the present stock lasts, and these prices only hold good on the instruments now on hand. Positively no pianos held or sold to dealers. For the benefit of our friends who bought yesterday and who we promised to deliver pianos promptly to, we would say our movers were very busy and had more than they could handle, but after today we will have put another team on and pianos will be delivered as promised.

This is one of those sales that you will have to move up and act quickly if you want to take advantage of these low prices, so call at once, day or evening, at 1611 FARNAM ST.
