Nicholson Case Reversed. The United States circuit court of appeals has reversed the verdict of the United States court in the suit of Charles Nicholson, former chief of the fire department of this city, against the Citizens Gas and Electric company, in which Nicholson was awarded \$500 damages, and has remanded the case for a new trial. The suit was tried at the March term of federal court in 1906. Nicholson, with his driver, J. Stevens, was thrown from his buggy by striking a mound of dirt left by the gas company on South First street, as it was alleged without any danger signal light, while responding to a fire alarm at night. Nicholson sued for \$10,000 for personal injuries alleged to have been received as a result of the accident.

Driver Stevens, also sued for damages for alleged personal injuries, but his case was tried in the district court, where a verdict for \$1,800 was rendered in his favor. The gas company appealed the case to the supreme court, where it was reversed and remanded on alleged errors in the instructions of the presiding judge. It is not known here on what grounds the United States circuit court of appeals reversed and remanded the Nicholson suit. Stevens' suit is assigned for retrial at the present term of district court.

Two Estates Appraised. The collateral inheritance tax appraisers filed yesterday with H. V. Bettey their appraisal of the estates of the late Henry White and Daniel J. Fogarty. They placed a valuation of \$4,640 on the estate of White, which was recently the subject of litigation by the widow, who had separated from White and commenced proceedings for a divorce, but the suit had

not come to trial before his death. Her claim was settled out of court. Yesterday Judge Wheeler in district court heard the evidence in the suit brought by J. E. Goodenough and wife to recover from the White estate \$400 for services in nursing White prior to his death and after his wife had separated from him.

The value of the Fogarty estate was placed by the appraisers at \$4,250. The value of the real property was \$1,100, while the balance was made up of money in bank, credits and other personal property. Fogarty was in the nursery business and a few months ago died shortly after being placed in St. Bernard's hospital owing to his mental condition.

SCHOOL CHILDREN ARE PUNCTUAL Reports of Teachers Show a Most Satisfactory Condition. The prompt attendance of pupils of the public schools of this city is most gratifying to Superintendent Clifford and the teachers. Several of the rooms in the different schools are able to report not a single case of tardiness for a whole month, and the general average of the rooms in this respect is far above the average as compared with last year.

The efforts on the part of the management of the schools to induce the pupils to not only be regular in attendance, but on time at the opening of school each morning, have met with unequalled success, as is shown by the following report prepared by Superintendent Clifford yesterday: Rooms having 97 per cent or above in their attendance for the month ending March 22, 1907: Washington Avenue School—Miss Green, 96.07 per cent, with 7 cases of tardiness; Miss Lyon, 95.98 per cent, with 1 case of tardiness; Miss Dege, 95.95 per cent, with 1 case of tardiness; Miss Crow, 95.84 per cent, with 3 cases of tardiness; Howard, 95.72 per cent, with 4 cases of tardiness.

Law to Reach Careless Hunters. The narrow escape of Motor Conductor Sims Tuesday evening from being shot by an accidental discharge of a gun in the hands of a careless hunter on his way to Lake Manawa will result, it was stated yesterday, in the passage of an ordinance by the city council prohibiting the having or carrying of loaded weapons in street cars or public places. The only ordinance regulating firearms and those prohibiting the carrying of concealed weapons, discharging of rifles, shotguns and other weapons within the city limits.

It was stated yesterday that officials of the motor company had succeeded in establishing the identity of the man whose carelessness in carrying a loaded shotgun on a street car, nearly resulted in a fatality. One result of Tuesday evening's incident, it was stated yesterday by an employee of the street railway company, will be that conductors hereafter when a man boards a car with a shotgun or other firearm will take the precaution to ascertain whether the weapon is loaded or not.

ANAMOSA A REFORMATORY

House Passes the Senate Indeterminate Sentence Law with Few Amendments.

Conference Committees of the Two Houses Agree on the Primary Bill and Final Action is Expected in a Few Days.

(From a Staff Correspondent.)

DES MOINES, March 27.—(Special.)—The house today passed the senate indeterminate sentence and reformatory bill with some amendments which were a victory for the people at Anamosa. There was but one vote against the bill and that was by Retz of Lee county in which is located the penitentiary at Fort Madison. Besides providing for an indeterminate sentence the bill provides that the penitentiary at Anamosa shall be a reformatory for all criminals from the age of 16 to 25, and provide for a board of parole and takes from the legislature the power of pardoning life criminals for first degree murder.

As the bill came before the house it provided for certain exceptions, providing that persons guilty of certain offenses, such as breaking and entering in the night, should all go to the penitentiary at Fort Madison. On the motion of Paul of Anamosa this was amended so as to give the board discretion in the matter.

The bill provides that the bill was that only if the penitentiary at Fort Madison became overcrowded could the board of control transfer the better criminals to Anamosa. The claim was made that the penitentiary at Fort Madison would hold 30 or more than half of the criminals of the state, and that, without such evidence, the bill the board of control could never, practically, transfer the better criminals to Anamosa, so the overcrowded provision was cut out. It is believed the amendments will be concurred in by the senate.

REFORMS FOR ROMANIA

King Meets Demands of Insurgents with Promise of Better Land Laws.

BUCHARST, March 27.—Measures proposed by the government to meet the demands of the revolted peasantry and end the civil war which is devastating Moldavia and Wallachia were announced in today's issue of the Official Gazette in the shape of a proclamation issued in the name of King Charles. The royal proclamation appeals for the patriotic co-operation of the people to secure the re-establishment of tranquillity and that the work of legislation has agreed to the immediate suppression of some of the heavy taxes, while hereafter the farm lands will be cultivated by the state or leased direct to the peasants. None of the larger syndicates hitherto engaged in farming vast tracts of land will be allowed to hold more than 5,000 acres.

The document also gives notice of the introduction of laws to ameliorate the condition of the peasantry, facilitating the raising of money to pay rents, reforming the taxation of small holdings and revising the terms of the agricultural agreements which at present practically enslave the peasantry.

Disorder to be Suppressed. "These reforms," the proclamation concludes, "being the desire of the sovereign and the government, all Romanians are urged to give all possible assistance to the government, which will scrupulously safeguard the laws and avoiding the injustice, will at the same time, vigorously suppress all disorders and severely punish all who seek to profit by robbery."

The minister of the interior announced today that the condition in Moldavia had improved, and that, without much evidence in support of the statement in the reports of disorders coming in from numerous points. From the districts of Vlaschia, Dambovitza, Teceu, Buzen, Dolj, Olt and Teleorman come the now familiar stories of incendiarism, pillage and excesses of all kinds. The consular is strict, so details of the occurrences are lacking.

The workmen in the petroleum districts are also in a state of excitement, but the authorities believe that the measures taken will prevent any disorder among them. Troops have been concentrated here to protect the capital and reinforcements are being distributed in the disturbed sections of the country as speedily as possible.

The new cabinet ministers propose to make a tour of the country and personally superintend measures taken to end the agitation.

Fighting at Other Places. Forty peasants were killed March 25 in a hard fight with troops in the Mozaid district. The insurgents in that section cut to pieces and burned some of their victims. A stubborn encounter occurred yesterday at a point on the Gurguev road, about sixty miles from Bucharest, where 1,000 in a hard fought battle, a detachment of troops. The troops attacked with cavalry as well as infantry, but the military commander ultimately was obliged to use artillery before he was able to force the peasants to retreat.

The Chamber of Deputies today unanimously passed bills providing for the abolition of several taxes and adopted other measures helpful to the rural population of Roumania.

The premier, M. Sturdza, announced that according to the latest reports the agrarian disorders were subsiding.

Cruelty of Peasants. LONDON, March 27.—A special dispatch from Sofia, Bulgaria, says that according to some of the Roumanian refugees who have arrived on the Bulgarian side of the Danube the insurgents have been guilty of the same ruthless cruelty in the case of the Roumanian peasants in the Balkans. Many of the landlord class have been burned to death after their bodies and limbs had been enrolled in the thick twists of hay and straw. The children, the refugees report, have been hacked to death by the revolted peasantry.

MAIL CONTRACT RATIFIED House of Commons Agrees to Pay Large Sum to Canadian Railroad.

LONDON, March 27.—The House of Commons by a large majority today ratified the contract with the Canadian Pacific company for the conveyance of mails between Liverpool and Hong Kong. Harold Cox, liberal, and other members severely criticized the contract as a great waste of public money, each voyage covering \$17,000. They declared that the result of the contract would be simply to provide the American rivals of British merchants with easier access to the far eastern markets. It was also suggested in the course of the debate that there were some underlying strategic reasons justifying the payment of a heavy subsidy to the Canadian Pacific.

Mr. Ruchman, parliamentary secretary of the treasury, and Premier Campbell-Bannerman, while admitting that it was not profitable, defended the contract as being a temporary arrangement pending the discussion of the matter by the colonial conference, after which a new contract would be made.
