Particular People Appreciate Our Clothing

The reason is quickly apparent to anyone who will take the trouble to investigate. There's just enough difference in style to make them exclusive. They're just enough better in quality to stamp them the best. They're perfect in fit and the price is only about half what custom-made garments—with no better style quality or fit—would cost you. The delivery of this kind of values is what has built up our enormous clothing business.

A ROCK CANDY SNAP

We purchased a lot of Rock Candy for less than it is worth—and are thus able to sell it for less than it is worth—and still make a profit. We are not claiming to be in the drug business for fun—we make a profit—and you, Mr. or Mrs. Buyer, look out for the merchant who is always selling his wares for the "less than cost" price.
