

ELEVEN MILES OF MACADAM

Paving of Country Road is Awarded by the County Board.

DODGE ROAD EXTENDED BY INCOME TAX

Plan of Commissioners is to Run This Highway Paved to West Line of the County.

The contract for paving eleven miles of country road was awarded to...

Q street, three and a half miles, twelve feet wide, \$1.00 a linear foot.

Center street, two miles, twelve feet wide, \$1.72 a linear foot.

Craig & Co. were awarded the contract for the following: Calhoun road, three and a half miles, twelve feet wide, \$1.66 a linear foot.

Reason for the high price on the latter two roads compared with Q street and Leavenworth is the greater distance material must be hauled from the railroads.

When the income tax from the estate of Count Creighton and some others is paid into the permanent road fund the commissioners expect to extend the work on Dodge street to the west extremity of the county if possible.

"We want to complete that road as soon as possible," said Commissioner Solomon. It means between fifteen and twenty miles of work, but it will be a great thing for the farmers and for Omaha, as it will make a highway over which the farmers can drive to town in comfort, even in the worst of weather."

It is roughly estimated that the estate of Count Creighton will pay into the permanent road fund nearly \$250,000.

Bridge on Little Pappio.

Bids were opened by the county commissioners Saturday on the new bridge to be built over the Little Pappio on the West Q street road. They are as follows: Pin bridge.

Standard Bridge company, \$2,500. Campbell-Plager Bridge company, \$3,000. Western Bridge and Construction company, \$2,400.

George W. Craig & Co., \$3,500. Canton Bridge company, \$2,600. Koopig-Collins company, \$3,000. Reinforced concrete.

Standard Bridge company, \$3,300. Western Bridge and Construction company, \$2,400. Canton Bridge company, \$2,300.

The contract will probably be awarded Monday.

The matter of the location of the probable future quarters was left to Commissioner Knerr.

DEATH RECORD.

Charles Jansen.

Charles Jansen, aged about twenty-eight years, was found dead in his bed in the rooming house at 102-104 North Eleventh street, Saturday morning. Acute tuberculosis is believed to have been the cause of death. Jansen had not been ill but complained Friday evening of not feeling well and therefore retired. As he did not rise on Sunday morning the landlady went to his room and found him dead. Practically nothing is known of the man in Omaha. He was a German and an impression existed at the hotel that he had two sisters living in the city but who they are no one knew. Coroner Brasley took charge of the body.

Mrs. Anna Fuchs.

Mrs. Anna Fuchs, wife of Gustave Fuchs, was buried Saturday afternoon at Forest Lawn cemetery, with services at the residence, 242 South Twentieth street, at 2 o'clock. Mrs. Fuchs was a member of the Tribe of Paganism, Woodmen circle and Degree of Honor, and two of these orders conducted the burial. Jacob Houch had charge of the house services and delivered the address.

James S. Richter.

James S. Richter, 508 St. Mary's avenue, who died Friday from asthma, will be buried at 2 o'clock Sunday afternoon at Holy Sepulcher cemetery. He was forty-six years old and is survived by a wife. General Richard Combs.

GENERAL FRANCISCO, March 26—Bridgman Richard Combs, U. S. A., who retired in 1901, died at the Presidio yesterday, aged 70 years. He was born in Ireland.

SAILORS ARE MISTREATED

Secretary of Merchant Service Gaild Gives Reasons for Furloughers on Ships.

LONDON, March 30—(Special).—An emphatic protest against the sweating which is carried on under the British flag in the merchant service has been made by T. Moore, the secretary of the Merchant Service Guild.

"There is no doubt that it is chiefly due to the way in which the British sailor has been sweated in regard to payment, food and hours of work," he said, "that we have in our mercantile service at the present time nearly 40,000 foreign sailors."

"The growth of this army of foreigners has been a gradual process. British sailors were not likely to stand the system of grinding down to the 'pound and pint' in their daily provisions and water supply."

"It is notorious that for years the method of inspecting the provisions of outward-bound ships has been a farce. The food has been inadequate in quantity and variety. Added to this, the cooking has been and is, in most cases, cooking in name only, while the accommodation has been most wretched."

"Not only have these circumstances helped to drive away Britons from the sea, but owners, although having a great deal to cope with themselves, have found it cheaper to employ foreigners, who would put up with any kind of food. The fact is, however, that the British government gives little help or encouragement to our owners to treat their men more generously, for it handicaps them with legislation and expenses which are unknown among their competitors. Then take the hours of sailors. Under the two-watch system they do a minimum of twelve hours a day for seven days a week."

GERMANY NEEDS WARSHIPS

Naval Expert Says Seventeen Vessels Are Necessary to Equip Her Fleet.

BERLIN, March 30—(Special).—Germany does not even think of fighting a great naval war before the year 1910.

This is the verdict which the great German naval expert, Count Reventlow, passes on his country's much vaunted fleet. Count Reventlow has nothing but praise for the officers and men of the German navy, but outlines most of the battleships as unseaworthy and obsolete.

PERU-NA A BEASTING TO MANY HOMES.

A Group of Intelligent Citizens Who Believe in Peru-na as a Family Medicine.

Kidney and Bladder Trouble.

Mrs. Jackson Hadley, Esopus, N. Y., writes: "It is with the greatest pleasure I write this. For years I have suffered terribly with kidney and bladder trouble. The pain in my back by spells was so great I could scarcely stand on my feet, and such terrible headaches and pain around my heart, and was so nervous all the time that life seemed a burden to me."

"I paid out a great many dollars, both for doctors and patent medicines, and no benefit all the time."

"One day, looking through a Peru-na almanac, I saw how many had been benefited by using Peru-na. I at once wrote Dr. Hartman and stated my health. He promptly replied. I followed his directions, and after taking four bottles of Peru-na can stand on my feet and work all day with comfort. The pain in my back and head have entirely left me, and I am not so nervous, and can say I am completely cured from all kidney trouble."

Peru-na Restored Health.

Mrs. William H. Cottrell, 118 High St., Westley, R. I., writes: "I am perfectly restored to health as regards catarrh. Peru-na has been a sure and reliable cure for me. I have passed a very fine winter as regards my health. I have tried different remedies, but Peru-na is the right thing for me. I can not speak too highly of it. I heartily recommend it to every one."

Both Depend on Peru-na.

Mr. C. P. Griffin, box 19, Wilmington, Del., writes: "My wife and myself have been greatly benefited. I wish to say to all who suffer with such an unpleasant disease, catarrh, that they should try Peru-na. My wife and I are taking your medicine now."

Had Doctored for Seven Years.

Mr. Andor Kias, 512 E. 13th St., Kansas City, Mo., writes: "I cannot thank you enough for being cured. For seven long years I doctored steadily for my catarrh and cough, which cost me hundreds of dollars."

"But my catarrh grew worse all the time. Even though I was under the treatment of some of the most famous doctors, still I had a terrible cough and thought sometimes I would choke—I could get no air."

"It then bought a bottle of Peru-na, and that evening and all night my wife gave it to me, according to directions, and I felt better the following day already. Three days later I felt much improved, and today, after the use of the fourth bottle, I feel entirely cured."

Headache and Neuralgia.

Mrs. M. Kilner, 244 E. 36th St., S. E., Cleveland, Ohio, writes: "I had suffered for a good many years previous to taking Peru-na, and ever since I can say that I do not know what headache or neuralgia is."

A Good Appetite.

Peru-na very promptly produces a vigorous appetite. It is especially applicable to those people who have lost their relish for food. They get up in the morning with coated tongue, and do not care for breakfast. They drag along through the forenoon, sit down to dinner with a languid appetite, or perhaps a distaste for food. And so on through the day.

Almost the first dose of Peru-na will help such people. They want to eat at once. To their surprise, food sets well on their stomach, and digests well.

It is the universal experience with Peru-na that a natural hunger is produced. Where there is a loss of flesh as the result of disease or fatigue, Peru-na immediately increases the weight of the patient, good solid flesh.

One bottle is amply sufficient to convince anybody that Peru-na is an appetizer, prompt in action, harmless in operation, and lasting in results.

Chronic Nasal Catarrh.

Mr. Charles H. Stevens, 123 Sixteenth St., Detroit, Mich., writes: "It affords me great pleasure to testify to the merits of Peru-na as a remedy for catarrh."

"I suffered for some time with chronic nasal catarrh, but after five months' treatment, during which time I used seven bottles of Peru-na, I am pleased to say that I am entirely well, there not being the slightest trace of catarrh left."

Catarrh of Head and Colds.

Mrs. E. E. Henderson, 221 9th St., Milwaukee, Wis., treasurer of the Schiller Club, writes: "I never had any faith in patent medicines until I tried Peru-na, but my experience with this reliable medicine has taught me that there is one which can be trusted and which will not fail in time of need."

"For the past few years I have found that I caught cold easily, which would settle in a most unpleasant catarrh of the head. I had to be especially careful about being out of evenings, and not to get chilled when dressed thin for parties, but since I have used Peru-na my general health is improved, and my system is in such good condition that even though I am exposed to inclement weather it no longer affects me."

"I have a splendid appetite and enjoy life, being in perfect health."

Catarrh and Weak Nerves.

Mrs. Francisca Ludgering, Cornwall, Cal., writes: "I was troubled for years with catarrh and weak nerves. In the year of '94 I began to use Peru-na and Manlin, and obtained Dr. Hartman's free advice. His medicine cured me, and also cured my daughter."

Stomach Trouble.

Mr. Aug. Geering, Troy, Ill., writes: "I have suffered for several years with stomach trouble. I have taken Peru-na, and find myself in very good condition now."

Peru-na His Traveling Companion.

Mr. August Haase, St. Anthony, DuBois county, Indiana, writes: "I was troubled much with catarrh for several years. I was advised to take Peru-na and used two bottles of it, which did me much good."

"I decided to see my old home in Germany again, after an absence of forty years, and bought a bottle of Peru-na to take while on my way. Whenever I would have symptoms of catarrh I would take Peru-na, and so was very well while going over. I would advise every one who crosses the ocean to take Peru-na along."

"I was in Germany nine months and during that time had no attacks. I was then sixty-six years old."

"Last winter I took cold and got catarrh of the head. I took Peru-na and was helped."

"Everybody who is troubled with catarrh should take Peru-na."

Catarrh of Kidneys.

Judge C. J. Park, R. F. D. No. 1, Buckhead, Ga., writes: "For a long time I was troubled with catarrh of the kidneys, and after taking Peru-na, I feel like a new man. I think it the greatest catarrh medicine of the age, and believe it will cure any case of catarrh on record."

"Best assured that Peru-na will ever be highly praised and recommended by myself."

Says Peru-na Saved Her Life.

Miss Ella L. Matthews, box 111, Hill City, Tenn., writes: "I find much pleasure in writing you to let you know that I have been taking your wonderful tonic, Peru-na. From experience I have decided that there could be no greater medicine in the world than Peru-na."

"Several physicians had pronounced my disease as consumption. I had been a sufferer for several years and was growing weaker all the while, until I could hardly walk across my room."

"I was so fortunate as to get a Peru-na book, and after reading it carefully I decided Peru-na was the remedy for me, so I began taking it. Today my health is better than it has been since I had the measles ten years ago."

"I cannot express half the praise which is due to Dr. Hartman for this great and wonderful remedy and his advice regarding health. I do not think I would be living this present day had it not been for Peru-na."

"I am ever ready to praise Peru-na to my friends. I have insisted on several persons trying Peru-na and they were greatly pleased with it. I keep Peru-na in my home, and when I feel that it is necessary I take it. If there is anything I can do to assist you in selling this wonderful medicine, Peru-na, I would gladly do so."

In a later letter Miss Matthews says: "I regard Peru-na as a very important friend, and I cannot say too many words of praise for Peru-na."

AFFAIRS AT SOUTH OMAHA

Last Day of Registration for Those Who Desire to Vote at School Election.

All indications point to light vote.

Churches are all preparing for special services on Easter Sunday—Twenty years of service in City for Dr. Wheeler.

Today will be the last and only day for the revision of registration in all the wards and precincts of the city. The books will be opened and revision will begin at 8 a. m. and continue until 9 p. m.

All persons who were not registered properly last fall will have to go before the board of revision and see that their names are inserted. This includes those voting for the first time this spring, newcomers in the city and those who were obliged to swear in their votes at the primary election as well. Those who transferred from one ward to another will do well to see that their names have been properly placed on the registration books. The vote this year if all polled should be 4,300, but according to the books only about 3,000 have been registered. This would indicate that the spring election would be determined by less than 1,300 votes.

Two Laborers Hurt.

Louis Scarr was another man to receive a severe injury at Armour's plant yesterday. He is an older in the ice plant and used to the machinery. In one part there is a revolving crane, and it runs on a track, being used to lift the cakes of ice from the tanks. Inadvertently Scarr laid his hand on the track and the crane swinging back caught it and crushed the fingers to ribbons. Scarr lives in Omaha and will be laid up for several weeks.

Ban Goggin, an Austrian, was hurt yesterday afternoon at Dolly & Moody's camp on the Lane cut-off. He was at work handling heavy rails and accidentally one of them caught him, throwing him on the ground and fracturing his hip. He was taken to the South Omaha hospital, where his injuries received attention, and he is resting easily. Dolly & Moody's camp is the one farthest out and the man suffered considerable pain waiting for the ambulance and in riding the long distance in.

Sunday Services.

All of the South Omaha churches are making special preparations for an exceptionally bright Easter. Elaborate musical programs have been prepared and they will most of them have observances in the evening conducted by the children of the Sunday school.

Easter marks a special event in the Presbyterian church, for this service marks the close of the twentieth year and the sixteenth of the pastorate of Rev. R. L. Wheeler. He has the unique honor of occupying his pulpit longer than any other pastor in the entire state. He organized the church in May of 1887. During the first year the pulpit was occupied by another minister, but since then he has been

here ever since. The original membership was increased 20 per cent. Where 40 cents has been charged for a message of ten words between Chicago and New York it will be raised to 50 cents after April 1. The night rate between Chicago and New York has been increased from 25 to 30 cents. In other cases the increase is smaller.

Reference to an atlas, a map or an encyclopedia will frequently disclose the fact that geographical names vary greatly in the spelling, and often one will find different names applied to the same object.
