Memphis Trotting Association Demands Return of Trophy Won by E. B. Smathers.

CHARGE THAT LOU DILLON WAS DOPED

Trainer Employed by Defendant Said He Partially Negotiated Deal to Have Mare Beaten.

NEW YORK, April 1.—In an effort to recover from Elmer E. Summers the gold cup won by his horse, Major Delmar, in a race with the trotting mare, Lou Dillon, at Memphis October 18, 1904, the Memphis Trotting association as plaintiff began today to lay before Justice Greenbaum and a jury in the supreme court all of the facts connected with the alleged dragging of the mare as the result of a conspiracy planned by Mr. Summers. The board of review of the National Trotting association in December awarded the cup to Mr. Summers. The Memphis association claims the board of review acted irregularly.

In 1905 Major Delmar, driven by Mr. Smathers, and Lou Dillon, driven by Mr. Billings, the latter representing the Memphis Driving club, met for the first time. Lou Dillon won in two straight heats, never being fully extended. Her trainer declared today, feeling off both mile heats in the same time, 2:04.

TOWNSENDS HAVE A COMPLAINT

Manager Quigley Shows That His Team is in Class A.

OMAHA, April 1.—To the Sporting Editor of The Bee: I am writing you to let you know that the Townsend Gun company team was classed in B class, to which it does not belong. I hope you will be so kind as to accommodate me with a little space in your sporting column to express my views on the said subject. Following is a synopsis of what the Townsend team did last year: It played twenty-six games, winning eighteen and losing six. The other two games were ties. Of all the games we played no one can say that we ever lost a game by more than one score and we also played more games which went over nine innings than any other team in the city. Following is a list of a few fast Omaha and out-of-town teams which we played last year: Delta, Hollis, Empire, Duna, Stars, Woodbine, La. Portsmouth, Ia., and Plattsmouth, Neb. I think our record is as good as to be better than a few teams which I find in Class A. Now, for instance, there is the Stars Drawing company team; they played their last year and found that they were an easy proposition to beat. Thanking you for past favors and hoping you see your way clear to adjust this small matter, I am, Sir, your obedient servant, FRANK QUIGLEY, Manager Townsend Gun Company Base Ball Team.

THAW DEFENSE IS RESTING

No Further Testimony to Be Introduced Before Lunacy Commission.

JEROME'S EXPERTS WILL BE EXAMINED

Defendant's Counsel Hopes Hearing Will Be Concluded Tuesday, but State Expects Longer Delay in Matter.

NEW YORK, April 1.—Counsel for Harry K. Thaw announces that the Thaw side rests, so far as further testimony by its side is concerned, before the lunacy commission. The defense believes that this will help to bring this hearing to a close by Tuesday night and the trial, delayed for more than a week by the movement to determine Thaw's sanity at the present time, can be immediately resumed. The defense assumes, of course, that the commission will find that Thaw is now sane; in fact, it is supremely confident of such an outcome, basing its opinion on the splendid showing Thaw is said to have made when questioned by the commissioners.

Idea of Jerome.

Mr. Jerome believes that the commission will hear his alienists, and he hopes, besides, that the testimony of Dr. Allan McLane Hamilton will be admitted. There is no doubt that the hearing will be prolonged if the state's alienists are allowed to testify as fully as Mr. Jerome wishes them to do, but the defense's lawyers believe they will only be permitted to tell what they think of Thaw's present condition, and the facts of the distant past, which most of their conclusions are based, will be eliminated.

BERLIN, April 1.—The Russian government has submitted to the principal powers confidentially a revised program of the subjects to be discussed at the approaching peace conference at The Hague. Correspondence in this connection between the Russian Foreign office and the foreign offices of the powers continues, the object being to reach an agreement in advance of communicating with the major governments. Great Britain has not formulated a precise plan for the limitation of armaments and seems unwilling to do so.

Members of the Thaw Jury Have

drawn up a petition to Justice Fitzgerald asking him to allow them \$5 a day for jury service instead of the customary allowance of \$2 a day. Their action is based on an instance in which the court made an similar increase in the jury's allowance after the case had been extended for an unusual length.

Mrs. Thaw Summoned.

When Mrs. Evelyn Thaw made her daily visit to her husband in the Tombs today she was met by a deputy sheriff who handed her a subpoena directing her to appear before the lunacy commission tomorrow. Mrs. Thaw apparently had not anticipated this move and she appeared very much disturbed when the nature of the paper was made known to her.
