

DOGS HAVE CHANCE FOR LIFE

Unmuzzled Canines Will Not Be Shot by Police in Streets.

MAYOR BAHLMAN MODIFIES HIS POLICY

His Surrender is the Interpretation Placed on Letter by Chief of Police to His Captains.

"The King of France marched up the hill and then marched down again."

"They are Dahimans," remarked a wit at the city hall when he learned that the mayor had, through the chief of police, decided that no dogs be killed on the streets except those that have been disabled by being run over by street cars or vehicles and are not able to move away.

This injunction is contained in a letter from the chief to his captains on the dog muzzling situation, which, viewed by those on the other side of the fence as a tacit surrender on the part of Our Jim, the mayor.

Yesterday Dr. George L. Miller, president of the Nebraska Humane society, gave it out cold—in cold type where the mayor could read it—that if the mayor persisted in his avowed determination to muzzle dogs he would have the privilege of defending his action in court, and on top of this the humane society gave it out that it was about to meet, and of course that had an ominous effect. Altogether, the mayor, it is said, thought he could discover the handwriting on the wall, while the society met and decided it would take no aggressive action, but would back up its president in whatever he did, proclamation No. 2 was written.

Proclamation No. 2.

This proclamation, which is from the chief to his captains, is couched in these terms:

OMAHA, Neb., April 1.—Captains Mooney and Dunn, Gentlemen: Hereto please find copy of proclamation issued by his honor the mayor, in regard to street dogs, taking effect April 5 and continuing ninety days. I wish to have you instruct all police officers that they must be very careful and cautious about the killing of dogs running at large on the streets. I would advise that no dogs be killed on the streets except those that have been disabled by being run over by street cars or vehicles and are not able to move away. In that case the dog should be killed and put out of its misery. But where it is possible to take the dog to some vacant spot away from the sight of women and children to be shot, it should be done. In no case should an officer take a chance by shooting at a dog running on the street. Where dogs are running on the streets I wish to have them muzzled every effort to find who owns the dogs and notify them that they must keep the dogs on their premises or muzzle them. It is not the intention of the mayor, himself or myself, that dogs kept on premises of their owners shall be compelled to wear muzzles. The purpose of this order is to keep dogs from running at large and barking at teams, bicycles or vehicles of all kinds, which might cause some horses to frighten and run away, thereby endangering the lives of occupants of the vehicles.

There seems to be an impression that the police officers have been instructed to shoot dogs found on the streets anywhere without muzzles. This is out of the question, as it would be most dangerous for the officers to be shooting dogs on the streets that the dogs would be, even though they might be presumed to be sick or in condition that they should bite anyone it might cause serious trouble. Therefore, I wish you to thoroughly impress it upon the minds of the officers

that they must not shoot at any dog on the street.

In all cases where the officers know of dogs running at large without muzzles on their premises, any owner, they should notify the poundmaster and have the dog catchers try to get them, or, if the officer can catch the dogs, turn them over to the poundmaster, thereby avoiding the necessity of the officer disposing of the dog. Respectfully, J. J. DONAHUE, Chief of Police.

Will Back Up Dr. Miller.

At the humane society meeting were Dr. Miller, Herbert Spencer Mann, Rev. Newton M. Mann, Rev. John Williams, Lucien Stephens, Miss Joy Higgins and Edgar H. Scott, attorney for the society. The society discussed the subject pro and con, but decided that it would resort to no aggressive action, but would support Dr. Miller in whatever steps he took to keep muzzles off the dogs. Dr. Miller reiterated his determination to carry the thing to the last ditch in order to prevent the mayor from carrying into effect his order.

The order of the chief to his captains is considered in no other light than a tacit surrender by the mayor, and so the friends of the dogs are resting on their oars, confident in the belief that the comedy is at an end. And another Dahiman determination is broken.

Dr. Miller proceeded with his determination to fight the case to the extent yesterday of setting an attorney to work drawing up a complaint to file against his honor, the mayor, in due time. The mayor received letters Monday morning on the dog muzzling subject. From Chicago he was informed that dogs at large must be muzzled by year round, but owners may take them on public thoroughfares if in leash. The city clerk of Minneapolis reported that a muzzling ordinance was put into operation there January 1, and wrote that during January and February of this year 30 dogs in Minneapolis were shot. In Milwaukee an ordinance was passed, but humane societies and women succeeded in making the ordinance inoperative.

BRIDE QUITS OCTOGENARIAN

Woman Gets Property and Leaves Husband Fifty-Three Years Her Senior.

According to reports from Nebraska it appears that when the aged Leonard Wolgang of that place took out himself with "Matty Douglas of Oakland" the cards were stacked against Dan Cupid. This marriage was performed in Omaha, not over a fortnight ago, and now it is heralded from that little town upon the breezy frontier of western Nebraska that the bride is gone and the venerable benedict is again alone. But that is not all the story. It is a story with a degree of sameness to it.

Leonard Wolgang is 83 years of age; Matty Douglas gave her age as 50. When the couple went to Rev. C. W. Savidge to be married he objected to marrying them because of the great disparity in their ages. But the woman insisted and the minister thought best to yield.

"The old man told me he was in San Francisco when the earthquake wiped out that city," said Rev. Mr. Savidge, "and he thought if he could survive a cataclysm that was able to get married. I told him I thought maybe it would have been better if the Lord had called him right off to heaven there and then."

But that sweet, ardent love which the bride protested for her venerable Romeo seems to have been early satisfied, for the Nebraska report says she is with him no more, and he is doing what he can toward recovering title to certain property which went to her as the result of an agreement executed soon after their marriage.

The children of the old gentleman are said to be greatly incensed over this episode, in which they think their father has imposed on. He had been traveling for six or seven years and happened to be in San Francisco when the disaster happened a year ago. It seems he met the woman there. The woman is unknown to any of the old gentleman's family, as is also the exact amount of his fortune which she was successful in securing.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co., and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
