BROWN TO MAKE SHOWING

County Attorney Formally Challenges His Right to Practice in Iowa.

SALOON INJUNCTION CASES INVOLVED

Judge Greene Refused New Trial in Damage Suit Against Agents of Sapp Block, Against Whom Judgment was Rendered.

It is now up to J. Brown, the saloon crusader from Kansas, to show that he is entitled to appear as an attorney-at-law in the district court of Pottawattamie county. County Attorney Hess yesterday filed an affidavit charging Brown with being in contempt of court and an application that Brown be cited by the court to appear and answer the charge.

In making his allegations County Attorney Hess takes the suit brought by J. Brown, plaintiff, with J. Brown as attorney, to enjoin A. Loftman, a saloon keeper of this city, from selling liquor contrary to the malt law. If the charge made by Mr. Hess is sustained Brown will be equally in contempt of court in the sixty other injunction suits brought in this city and the nine similar suits filed by him in the district court at Avoca.

In his affidavit County Attorney Hess avers that Brown did unlawfully assume to be an attorney of the district court of Pottawattamie county and has acted as such without authority. In further support of his charge of contempt Mr. Hess sets forth that Brown did on the 18th and 30th of March of this year appear in open court and did then and there assume to be an officer and attorney and counselor of said court. In his affidavit Mr. Hess avers that he has made diligent search of the records of the court and has failed to find that the name of said J. Brown has ever been placed upon the roll of attorneys entitled to practice in said court, and further that he verily believes and charges that J. Brown is not an attorney-at-law in the state of Iowa or elsewhere and is not entitled to practice in any of the courts of record in the state of Iowa.

Judge Wheeler will be asked today by Mr. Hess to set a date for the hearing of the contempt charges. Following up his notices of injunction suits Brown has filed his petitions in the district court of Avoca against four saloon keepers of Walnut and against five in Avoca. Reed Verdict Stands. Judge Green of the district court yesterday handed down his decision overruling the motion for a new trial in the personal injury damage suit of Mrs. Louisa Reed against A. J. Gaines and others, reputed owners of the Sapp building, and much difficulty was experienced in getting any of the reputed owners of the building to acknowledge they had any interest in it. Mrs. Reed secured a judgment for \$5,000 against Greenfields & Everest and John Corlies, the janitor, who was alleged to have been primarily responsible for the accident in permitting a young girl who was loafing about the building to run the elevator.

In handing down his decision Judge Green stated that the evidence showed that Greenfields & Everest were acting as agents for the owner of the building but that it had not been disclosed, nor could it be ascertained, who the owner of the building was. It was also shown, he stated, that the janitor was in the employ of and under the control of Greenfields & Everest. The motion of the defendant for a transfer to the United States court of the suit of L. B. Nichols against the Milwaukee railroad was overruled. It is likely that the motion on the part of the state for a continuance in the case against Simon McGrew, Jr., charged with forgery, will be withdrawn and the trial had at this term. The motion was filed on the understanding that a material witness for the state, W. H. Carter, was absent from the state. Information received since by the county attorney shows that Carter has returned to his home at Bentley, Ia. The following additional jurors were drawn yesterday on order from Judge Wheeler: William Green, Kane; E. H. Doolittle, Kane; R. A. Perry, Kane; C. W. McDonald, Kane; R. M. McKnight, Keg Creek; T. J. R. Turner, Washington; C. B. Howland, Kane; W. H. Van Brunt, Kane; J. N. Cassidy, Kane; Joseph Liggett, Kane; J. W. Wilson, Kane; E. J. Lane, Kane; S. E. Killion, Washington; G. S. Knowles, Kane; D. F. Dryden, Kane; E. B. Gardner, Kane; P. H. Neale, Kane; Augustus, Kane; Silver Creek; E. J. Ryan, Kane; B. M. Sargent, Kane; Forrest Smith, Kane; H. Z. Hildner, Kane; E. J. Quick, Kane; J. Evans, Crescent.

County Board Meeting. The principal business before the county supervisors at the open meeting of the April session was the allowing of bills and claims. S. E. Humphrey was reappointed janitor of the county court house at his former salary of \$1,400. The following scale of wages for men working on county roads was agreed upon: Laborers, 20 cents an hour; man and team, 40 cents an hour; foreman, \$3 a day; engineer with engine, \$1.50 an hour; county supply coal and oil. H. V. Battey, clerk of the district court, filed a report showing he had turned over uncollected fees to the amount of \$125.10 to the county treasurer, whose voucher accompanied the report. The report of the clerk of the court for the quarter ending March 31 shows that he collected in the Council Bluffs office \$235.40 in fees. The filing fees in 1,073 cases amounted to \$108.25, of which \$1,453.00 represented the filing fees in the appeals from the county treasurer in the Portland Gold Mining company tax assessments. The fees for marriage licenses amounted to \$24. The clerk also collected \$322.50 probate fees during the quarter. Today's session will be occupied with road and bridge matters.

CENTRAL FLOUR, \$1.05 PER SACK; EVERY SACK WARRANTED, CENTRAL GROCERY AND MEAT MARKET, 'PHONE 24. Insanity Charge Against Treasurer. The commissioners on insanity had before them yesterday the case of Pete Treason, the railroad engineer, who was being transferred from the effects of a prolonged spree, attempted Sunday to cut his throat with a tin spoon while confined in the city jail. When arrested by the police for being drunk Treason claimed to be from Missouri. Valley said he raised the question before the commissioners as to the proper legal residence. If it is shown that he was a resident of Harrison county prior to coming to this city in the early part of last

week, he will be turned over to the authorities of that county. If, however, it is proven that Treason is a man without a home, the State Board of Control will be asked to adjudge him a state case, so that the expense of his care, if same becomes necessary, will not fall upon Pottawattamie county. It is believed that Treason's condition is due probably to alcoholism and that with proper care at St. Bernard's hospital, where he was taken after attempting to commit suicide, he will regain his normal state. Garden Tool Specials. Good garden rakes, 20c; steel garden hoe, 30c; steel shovels and spades, 60c; 3-piece floral sets, 10c; extra heavy spading fork, 50c; good wheelbarrow, \$1.50; garden and grass seeds, onion sets, etc. We have the goods and the price. MAYOR MAKES NEW POLICE BOARD

Appointments Promptly Confirmed by the Council.

At the meeting of the city council last night Mayor Macrae announced the appointment of B. M. Sargent, Hubert Tinley and Louis Zurrumbien as the three members of the newly created Board of Fire and Police Commissioners. He stated that the three members had drawn lots to decide who should serve for the different terms with the result that Mr. Sargent drew the two-year term, Mr. Tinley the three-year term and Mr. Tinley the one-year term. The mayor declared that the commission would be nonpartisan and this prompted Councilman Fleming to remark: "How about the political complexion?" Mayor Macrae explained that the law stated that insofar as practicable two of the three members should be appointed from the dominant party at the previous municipal election, he had endeavored to "satisfy the radical republicans of the city council by naming two radical republicans on the commission," but had been unable to do so as all the men he had approached had declined to serve. He stated further that he did not consider it was obligatory on him to appoint two members from the dominant political party.

The three commissioners will serve without pay and each qualified last night by filing bonds in the sum of \$2,000 each as required by the ordinance. The mayor then announced the reappointment of Major G. H. Richmond as chief of police and city marshal and the appointment was not only confirmed, but provoked from several members of the council a very flattering acknowledgment of the efficiency of the chief during the Richmond term of office. Chief Richmond received a suitable thanks for the bouquet as did Mayor Macrae, who stated that he felt personally responsible for the appointment of Major Richmond. When it came to the election of the other officers Councilman Fleming suggested that the matter be referred to the city solicitor had advised him that the officers elected a year ago held their positions for the two years, the same as the members of the city council. This was not the view taken by others of the councilmen in view of the fact that officers elected a year ago were elected for the "year." Fleming's motion to postpone the election was lost.

These were elected: City Clerk—W. F. Sapp. Street Commissioner—B. A. Avery. City Physician—Dr. N. J. Rice. City Electrician—J. Q. Bradley. Poll Tax Collector, W. Wittaker. Custodian City Hall—William Larson. Poundmaster—Charles Burke. Foreman of sidewalk and bridge gang—James Peterson. The vote on street commissioner gave Rockwell, the former incumbent of the position, 5 votes to 3 for Avery. Jake Washington got 1 vote for poundmaster. A Felentretre was an applicant for poll tax collector, but failed to be placed in nomination. The salary of City Electrician Bradley was raised from \$90 to \$115 per month. The contract with E. A. Wickham for paving were approved and the mayor instructed to sign them. Under class A, Wickham furnished a bond in the sum of \$5,000 and under class B a bond in the sum of \$1,000. The offer of G. H. Mayne and J. P. Greenfields to give \$50 for the 152 lots owned by the city on Lower Broadway and to pay all the assessments for paving, curbing, etc., which may be made against the property, was accepted, they being required to give a bond. The election of a fire chief now rests with the new commission.

Murder in New York. NEW YORK, April 1.—The lifeless body of Mrs. Marie Trepi, an Italian, was found today lying in a hallway outside of her apartment in Union street, Brooklyn. Her throat was cut and a carving knife with which the murder was done lay beside her. A man's hat, said to belong to her father, Antonio Lancia, who occupied another tenement in the same building, was found near by. Lancia could not be found. His son Arthur said that Lancia and his daughter quarreled today over money. On learning of his sister's death the boy took a big knife and started in search of his father.

FIXING UP ANTI-PASS BILL

House Insists on Having Attorneys Out Out of the List.

STEPS LOOKING TOWARD ADJOURNMENT

Indications Friday Will See Winding of the Session—Senate Disposes of Large Number of Bills.

(From a Staff Correspondent.)

DES MOINES, April 1.—(Special.)—The anti-pass bill is being fixed up by mutual agreement. The senate will recede from the amendment providing for two attorneys or firms in each county for each railroad to have free passes. This would permit as many as thirty or forty attorneys to have passes in some counties of the state. The section of the bill relating to the reports is likely to be entirely rewritten. The bill is between the two houses of the assembly. The senate took a step this morning in the direction of adjournment by passing the Stockey resolution to quit next Friday. This means that an adjournment will be taken at that time if both houses are near enough to a finish. The senate also arranged for a sifting committee, consisting of Smith of Mitchell, Peterson, Dunham, Whipple, Mattes, Lambert and Straton.

The following were bills passed in the senate: Making a closed season for pheasants until 1911, with the understanding that the agricultural department is to stock the state with imported birchways be charged. Bill increasing the monthly allowance for supplies at the Soldiers' home from \$10 to \$15. Forbidding stock insurance companies making a dividend from surplus exceeding a per cent in one year. McManus road bill, under which road districts may be established and a part of the cost of paved highways be charged up to property near by. Changing time of meeting of boards of supervisors so as to miss the holidays, making it the second regular day in January and the second Monday in September instead of as now. Revising the law as to state veterinary surgeons and assistants. Providing a method of filling school board vacancies. Revising the law as to duties of the state executive council and secretary. Punishing for making use of explosives in committing burglary. Increasing pay of state mine inspectors to \$1,500 a year. Forbidding bucket shops and to punish therefor. Bill to reimburse Des Moines citizens for money paid out for land for the state fair. Bill to appropriate \$7,500 annually for stock breeding experiments at the state college. Bill approving the plans for new buildings at the State Normal school.

Two Sides to Appeal. Hambleton of Mahaska is seeking to get a bill through during the closing days of the session which will give a chance for an appeal to the district court from the action of a board of review in case the board fixes the assessment at too low a figure. Under the present law if the board of review leaves the amount too high the property owner can appeal. The property owner is the only one who has any right to appeal. If the figure is too high it will appeal and, of course, will not appeal if it is too low. Hambleton in his bill provides that any citizen could appeal. The senate amended the bill so as to limit the right of appeal to the owner of the property assessed and to any state, county or school officer affected. The bill is now in

Legislators Grind Away. The senate committee on appropriations recommended for passage the bill to appropriate money for the completion of a tuberculosis hospital, also a bill to appropriate \$12,000 to continue the decoration of the state capitol. The committee killed the bill to provide for a soldiers' roster and the optometry bill. The senate also passed the bill to make a tax on direct inheritances. The house defeated the bill to manufacture binder twine at the Anamosa penitentiary, the bill lacking but three votes of a majority. The bill to create four agricultural high schools was defeated, lacking but five votes of a majority. The senate bill to prohibit corporations watering their stock was passed. The house adopted the conference committee report on the indeterminate sentence law.

New Block System. CRESCENT, Ia., April 1.—(Special.)—The Chicago & Northwestern Railroad company has installed a new signal system. It is called the Hall system. New rules were issued yesterday at noon from Missouri Valley to Council Bluffs. By this system a rear-end collision looks almost impossible, as two trains are not allowed in the same

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free. The Bradford Regulator Co., Atlanta, Ga.

W.B. REDUSO CORSETS. ERECT FORM 744. IS an excellent model for well developed figures. Its closely stitched front subdues abdominal prominence and rounds the figure into graceful lines. Made of white imported coutil. Trimmed across top with lace and ribbon. Hose supporters front and side. Sizes 19 to 36. Price, \$2.00. NUFORM 403. WILL fit any slender or average figure. Long above the waist which it defines very distinctly, showing a perfectly straight line down the front of the figure. Made of white and drab coutil. Trimmed with lace and ribbon. Hose supporters front and side. Sizes 18 to 30. Price, \$1.00. The W. B. Reduso Corset. IS a boon for large women—the ideal garment for over-developed figures requiring special restraint. It not only restrains the tendency to over-bushiness, but it moulds the over-developed proportions into those pleasing, graceful outlines, hitherto thought to be attainable only by slighter figures. The particular feature of this model is the apron over the abdomen and hips, boned in such a manner as to give the wearer absolute freedom of movement. Reduso Style 750 for tall well-developed figures. Made of a durable coutil in white or drab. Hose supporters front and side. Sizes 22 to 36. Price, \$3. Reduso Style 760 for short well-developed figures. Made of white and drab coutil. Hose supporters front and side. Sizes 24 to 36. Price, \$3. ON SALE EVERYWHERE.
