Patrick continued his remarks, but refrained from referring to Senator Ashton again. He read a statement from former Benator W. W. Young denouncing a catarrh cure. He also made some pointed remarks at cartain lobbyists.

Senater Root called the attention of Senator Ashton to the provision of the amendments regarding meat products, and the latter said he did not know of the exconsented to the matter going to a conference committee. He made a general apology to the senate for what he had previously said, but specifically stated he would not apologie to Senator Patrick.

Soldiers' Home Appropriations.

The principal incident of the afternoon session was a discussion of the soldiere' appropriations. Senator Aldrich headed a movement to cut out the appro priation for an officers' building at the and Island home and give it to the Milhome. Senator Ashton of Grand Island declared there was a movement hended by Adjutant General Culver to cripple the Grand Island institution in favor of the Milford home.

Aldrich declared the old soldiers proferred the Milford home, because the Grand Island home is located on fint land, which could not be drained, and where trees will not grow. The committee of the whole, by a close vote, recommended for passage the two bills appropriating money for the Grand Island Institution.

The senate this afternoon reconsidered its action of yesterday when it killed the bill appropriating \$10,000 for a building at on the sifting file. The measure was killed because a number of senators said members of the State Board of Agriculture said they did not care for the smaller appropriation after the amount had been cut

fully the ordinances passed by the city council over the veto of Mayor Dunne. More than anything else, the vote in Chicago today means that the sentiment of the majority of our people in the second largest city in the United States is opposed to William R. Hearst and all the "isms" that he has sought to thrust upon the community. It is a clean cut victory for sane, safe and conservative institutions. The people of Chicago have demonstrated that they are to be trusted with the settlement of all great questions such as have confronted them in this election. They have shown that they cannot be humburged. I was confident from the beginning that right would prevail—that the gold sense, justice and fairness of the community would resent in a forcible manner the outbursts of an outsider who had his own personal ambitions entirely in

view.

The fight for the improvement of the local tractions systems has been going on for twelve years and today's election finally puts the people in sight of the promised land. I shall make every effort to bring about improved conditions as rapidly as possible. I have not been able to take a personal part in the campaign and regret that it at any time assumed a personal character. I do not believe either side had anything to gain by fighting of that description.

President Congratulates Chicago. WASHINGTON, April 2.-When informed of the election of Mr. Busse as mayor of Chicago, President Roosevelt made this statement: "I am exceedingly pleased at Mr. Busse's victory. During his service as portmaster Mr. Cortelyou and I grew feel that he possesses to a very marked degree administrative ability. I believe he will make an excellent mayor of Chicago and I heartly congratulate the city." President Roosevelt also sent a telegram congratulation to Mayor-elect Busse, the text of which was not given out.

Women Officials in Kansas. KANSAS CITY, Mo., April 2.-D. E. Cornell, republican, was elected mayor of Kan sas City, Kan., today over W. W. Rose, democrat, and John Gray, socialist, by plurality of about one thousand.

The socialist vote was light, but the vote for the other two tickets was unusually heavy. Of the 15,000 votes cast, fully one third were the ballots of women voters, and a large majority of the women voted for Corne'l.

A feature of the election was the can didacy of Miss Pierra Farrow, républican, and Miss Avis B. Chadbourn, democrat, for the office of city treasurer. Miss Farrow was elected. William Green, republican, was elected

nayor of Topeka by a plurality of about 1,500. The entire republican ticket with the exception of one member of the city council

GUTHRIE, Okl., April 2.-Returns from Oklahoma and Indian Territory indicate sweeping gains for the republicans. In Guthrie the entire republican city ticket was elected by small majorities, ex-Governor C. M. Barnes being the mayoralty candidate. The democrats of Oklahoma City claim the election of practically the entire ticket. The republican tickets were uccessful in Enid, Shawnee, Kingfisher Tulsa, I. T ..: Chickasha, I. "The commissariat is the only ground for complaint. Over 100 men in all parts of the isthmus complained to me of the food. The meat is brought down from the United States on vessels provided with refrigerators and arrives at the isthmus in splendid condition. It is supposed to be met there at the docks by refrigerator cars. The heat is between 80 and 90 degrees. The meat is transferred very leisurely, and this is where the trouble arises.

to "discuss certain government matters not connected with the campaign." Here were two distinct invitations to discuss two different subjects. I could see no danger in visiting him to discuss New York politics before the election, and therefore went and discussed the subject alone, and after the election took up the other subject for consideration with him. I think if what concerned me as the object of the visit had been the government's relations to the railroads the interview would certainly not have been entirely confined to politics.

I am not responsible for what Mr. Sherman may have said to the president with reference to the conversation he had with me. All that I have to say is that I did not meet his urgent requests that I contribute to his campaign fund, and that the statements alleged to have been attributed to me by him were faise. The president was assured of this fact by a mutual friend who was present at the interview.

We are advertising for any laborers who will work for us. Negotiations are at an end."

HAMBURG, April 2.-Eight English 'longshoremen were badly injured and many others were slightly hurt in a fight last night with local locked out 'longshore-men. The Englishmen were embarking for the ships in the harbor on board of which they had been housed in order to keep them from coming in contact with the locked shoremen fell upon them with stones. A strong force of police had to be hurried to water before it is cooked in order to take the scene of the disturbance to rescue the

imported laborers. COLUMBUS, O., April 2.-In violation of the decision of the American Federation of Labor the union men employed at the Franklin brewery to the number of sixty were called on to strike today and the first move in the fight between the American Federation of Labor and the international organization of brewery workers began in earnest. Whether it will immediately involve the other Columbus breweries will depend upon the day's developments. It was generally thought the brewerymen would relent and abide by the ruling of the fed-

eration. If the latter carries out its re ported intention it will start a dual organisation and fill the places of the men who refused to continue at work.

The fight is based entirely on the question of the jurisdiction over firemen and engineers and has been an issue in nearly every settlement with the brewers for sev eral years.
