If every one were a judge of what is good and what is not good in merchandise, a great many dry goods stores would be out of business. Don't always trust the price; it is often misleading. If you are a judge of merchandise, look at the goods first and then the price. We are willing that you should try us that way.

is Legul. WASHINGTON, April 4 .- Argument in the matter of E. H. Harriman's railroad transactions was begun before the Interstate Commerce commission today. The case commenced at 10 o'clock and when the commission adjourned for the day at 4:30 Mr. Harriman's attorneys had not concluded their presentation in his behalf. The first of the series of addresses was made by Attorney Paul D. Cravath, who

represented not only Mr. Harriman, but also Kuhn, Loeb & Co., and he was followed by Judge R. S. Lovett and John G. Milibura. Mr. Cravath dealt especially with the Chicago & Alton recapitalisation, while Mr. Lovett devoted most of his attention to the attack upon the consolidation of the Union Pacific and the Southern Pacific roads, which was brought about largely through Mr. Harriman's instrumentality. Mr. Millburn had not concluded when the commission adjourned, but so far as he went he dealt entirely with the union of the two Pacific railroads.

Mr. Cravath contended that the Chicago without examination.

Mr. Miliburn said the general application of the anti-trust law to the railroads of the country, as it was proposed to apply It in the Southern Pacific-Union Pacific deal, would put every system upon the defensive and that most of them would have greater difficulty than would the Union Pacific system in meeting the attacks. WASHINGTON, April 4 .- It was an-
