MILLER, STEWART & BEATON'S OLD STAND.

OUR OPEN ACCOUNT SYSTEM

Makes credit buying easier and more of a pleasure here than you were able to obtain before we came to the city. Our plan is just a **PLAIN CHARGE ACCOUNT**. We offer you new goods—lower prices—better service and individual treatment.

You know what you can do elsewhere—suppose you come here and see what we can do for you. We want you to meet our credit manager, a chat with him and a trial of our methods will undoubtedly convince you that Our Open Account System is the best in the city. **EVERYTHING WE SELL WE GUARANTEE.**

Men's Suits

Ask you to look at our Farnam Street Men's Clothing windows and see the wonderful values we are offering for Saturday's selling at..... **9.50 and 14.25**

New Millinery

In order to introduce our millinery department we have decided to sell for tomorrow only our regular \$7.50 hats for..... **5.00**

We also carry big lines of Furniture, Carpets and Stoves

You Can't Afford to Walk at the prices We Are Selling Conveyances

Every vehicle is a bargain. Bargains are all we are dealing in since we started this "more room" reduction sale. We have disposed of some of the bargains since we began the sale—but we have more of the same kind. At the rate they are going though, we assure you that you will be disappointed if you wait too long.

Come Down Today and Pick Out the Vehicle You Want

All we intend to do is to weed out wagons and carriages enough to make room for our automobile business. We have more repair work now than we can take care of. In fact the work is pushing us. But we want to do more. In order to do this we must have elbow room. Everything goes from the delivery wagon to the swell carriage for business or pleasure.

DRUMMOND'S 18th and Harney Sts. OMAHA

MRS. EDDY AND COLUMBUS

Founder of Christian Science Compared with Discoverer of America.

BOTH SUFFER AT UNGRATEFUL PUBLIC

Clarence A. Buskirk, C. S., of St. Louis is introduced at Boyd Theater by Judge Baxter.

Mrs. Mary Baker G. Eddy, founder of the Christian Science church, was compared to Christopher Columbus in her wonderful discovery and his and in their treatment afterward by Clarence A. Buskirk, C. S., of St. Louis, at Boyd theater before a good-sized audience last night. Mr. Buskirk is a member of the Christian Science Board of Lecturers and was once

a prominent attorney in Missouri. His lecture dealt largely with Mrs. Eddy personally, apparently in a desire to give the public a proper estimation of her, inasmuch as she has been the subject recently of so much publicity. Mr. Buskirk was introduced by Judge I. F. Baxter, who, though not a member of the Christian Science church, is interested in the work and attends the services. Mr. Buskirk said in part: The discoverer and founder of Christian Science, Rev. Mary Baker G. Eddy, was born near the city of Concord, N. H., in which city she now resides. All her life she has been a devout Christian, a loving student of the Bible, and a loving worker for the welfare of humanity. From early childhood she has evinced high intellectual gifts—a rare spiritual insight, a high sense of duty, and an eminent literary ability. Her life throughout has been that of a good and noble woman. In 1828 she published in the world her "Science and Health, With Key to the Scriptures." She founded the Christian Science Journal, of which she was the first editor and proprietor. She founded the Massachusetts Metaphysical college, of which she is president. She has written numerous published books and papers on

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and cover up the outward symptoms for awhile, they cannot cure Contagious Blood Poison; when the treatment is left off, the disease will return worse than before. Mercury and Potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and nerves, and often cause Mercurial Rheumatism, the most hopeless form of this disease. Thousands have taken the mineral treatment faithfully for years to find, when it was left off, that the disease had only been smoldering in the system, and the old symptoms of ulcerated mouth and throat, falling hair, copper-colored spots, swollen glands, sores and ulcers, etc., would return in all their hideousness, and they were no nearer a cure than when they first commenced the treatment. S. S. S. is the only certain, safe and reliable treatment for Contagious Blood Poison. It is the one medicine that is able to go into the blood and cure the disease permanently, and without injury to any part of the system. S. S. S. does not cover up anything, but so completely removes the poison that no trace of it is ever seen again. This medicine will also remove any bad effects left by previous mineral treatment. S. S. S. is made entirely of roots, herbs and barks; we offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. Write for our home treatment book, and if you desire special medical advice, our physicians will be glad to furnish it, as well as the book, free of charge.

S.S.S. PURELY VEGETABLE

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE OMAHA SHOE REDMOND & NORMILE CO. 16th AND HOWARD

ONE MAN BURNED AT FIRE

Others Badly Excited When Flames Catch Sixteenth Street Building.

When Flames Lay Hold of Victim He Yells for Help and Others Rattled.

GASOLINE IS THE CAUSE OF THE ACCIDENT

Frank Little, manager of the Dime Panatorium company, 115 South Sixteenth street, second floor, was severely burned about the arms, back and head about 10:45 Friday morning, when gasoline started a roaring fire about him, enveloping him in a sheet of flame, which ignited his clothing. Running out into the hallway, he called to the other employees of the place to throw something over him, but they, in their excitement from the sight of the burning man and the swiftly spreading flames from the gasoline, lost control of themselves and did nothing. Little then stumbled down the stairway to the sidewalk, where pedestrians, among them E. H. Hummingbird of the World-Herald, went to his aid and led him to the office of Dr. A. S. Dahlstrom in the Douglas block and his painful burns were dressed there.

The employees of the place were unable to explain the origin of the fire except to state the gasoline must have run over the floor from the stove and then ignited. Little was in the room with the stove and was quickly shrouded in fire. An alarm was turned in from the street and when the apparatus arrived flames were pouring from the windows, but within a few moments the blaze had been extinguished. The woodwork in the company's workrooms was badly burned or scorched, but the loss will be greatest on the clothing of patron of the place, much of which was destroyed or ruined. The loss on the building, which is owned by eastern people, will not reach \$100.

Directly under the burning rooms are F. Brodsgard & Co., jewelers, and Peterson Bros., furriers, and these firms, with the Fry Shoe company on the corner, suffered considerably from the volume of water which poured through the ceiling, deluging everything. Jack Vickers, 602 South Eighteenth street, an employe of the tailoring firm, who has one leg off above the knee and walks with the aid of a crutch, lost the stick in his excitement, and it was recovered for him by a fireman, burned all over, but still strong enough to hold his weight. After being temporarily attended to by

LETTERS FROM BEE READERS

With Muzzle and High License Where Will the Poor Man Land?

Contributions on timely topics are invited from readers of The Bee. Communications should be written legibly on one side of the paper only and accompanied by the name and address of the writer. The name will not be used if the writer asks that it be withheld. Unused communications will not be returned. Correspondents are advised to limit their letters to 300 words or they will be subject to being cut down to that limit at the discretion of the editor. Publication of views of correspondents must not be taken to commit The Bee to their endorsement.

OMAHA, April 4.—To the Editor of The Bee:

I'm one of the fraternity of traveling salesmen and am a good deal away from home. During the last winter my wife and two boys have greatly enjoyed the company and sense of security caused by the presence of a small female dog in the home. They now inform me that to

keep her she must not only wear a head ornament but also a \$5 necktie. I'd like to know if this latter tax is correct. Without mixing in the dog fight, let me say that it would be a humane act of the Humane society and all others interested to try and rid our streets and alleys of the hoard of half starved mongrels that prowl around day and night, apparently nobody's dog. The poor man enjoys and loves his dog as much or even more than the rich, and while he can afford to pay 25 cents for a muzzle, he cannot afford \$5 for a tag. Such a tax looks to me about the limit—who gets the rakeoff? Yours, JAMES JOHNSTON, 295 Douglas St.

Smith Succeeds Walcott.

WASHINGTON, April 5.—The president has decided to appoint George Otis Smith of Maine to be director of the geological survey to succeed Charles C. Walcott, who has been appointed at the head of the Smithsonian institution.

Senate Committee Takes Recess.

WASHINGTON, April 5.—The senate committee on military affairs, which is investigating the Brownville affray, agreed today to take a recess until May 14. Nothing material developed at today's session.

Talk

"TALK'S cheap." All the advertising speeches in the world won't sell shoes if the shoes aren't worthy. Crossett's do their own talking, and their enormous sale proves how convincing it is.
