Coffee Market. Coffee Market. NEW YORK, April 5.-COFFEE-Fu-tures opened steady at unchanged prices to a decline of 5 points, in response to lower European cables. Later cables re-ported large receipts at San Paula for the day and the market increased its losses slightly during the afternoon under acat-tering liquidation. The close was steady, net unchanged to 16 points lower. A little more than half the business consisted of exchanges from near to later months States

E. 68 4.69 10. 1012 5.60 HOGS-The run of hogs was rather more liberal than dealers were looking for this morning and, notwithstanding the more favorable tone to reports from eastern mar-kets, the local trade was slow with prices a shade to 5c lower than yesterday all around. Packers seemed azalous for the hogs at the decline, and on account of the liberal supply sellers were generally ready to let go at a reasonable concession, so that the general movement was tolerably free, and a clearance made in good season. Tops brought 54.60, the same as yesterday, while the bulk of the trading was at \$6,305 6.55, as against \$6,5000.55 ig yesterday. Representative sales: No Ar, 55, Fr. No. Ay, 55 Pr.
