TIGERS EXPECT TO TAKE TO THE WATER

Princeton sitting at feet of Cornell to learn crew wisdom—Experiences of the Ithacaan Establishment.

It has been settled apparently that Princeton now contemplates rowing as an active sport. It is to be seen from the alarm of Princeton and such of the undergraduates who read the magazine something of the demands rowing makes of a university, the Princeton Alumni Weekly publishes a short article on aquatic at Princeton, including something about Cornell's experience in the same sport. It is to be seen from the alarm of Princeton and such of the undergraduates who read the magazine something of the demands rowing makes of a university, the Princeton Alumni Weekly publishes a short article on aquatic at Princeton, including something about Cornell's experience in the same sport.

Rowing at Princeton is not as yet a practical problem, a problem demanding immediate solution, says the Tiger Alumni publication. "Nevertheless it is not merely an academic question, for Cornell is finished. It laps the border of our campus, and the undergraduates, especially those who have handled an oar in prep school, look upon it as more than an improvement in the scenery or as a place for casual diversion. Though we know of no movement as yet in thinking up the Cornell rowing, we constantly hear the expression of sentiment favorably to organized rowing of some sort.

This sentiment existed before C. S. Titus, the amateur champion sculler, decided to make Princeton his home, with a view to stimulating here the enthusiasm which he himself feels for aquatic sports. And Mr. Titus' coming has undoubtedly, unquestioned interest in the subject of rowing, interest which will very likely result in action.

Must Go on Other Sports. "I don't believe that this new sport can be artificially fostered," writes a graduate who was a member of the Princeton crew in the '05 and a mighty good oar; "it must go the way of other sports." Foot ball from time immemorial, which includes my time, has been a feature of our campus, and that is why we are foot ballers by nature. Put a lake at the end of our campus and see whether the aquatic spirit does likewise. If so, Princeton will be as naturally a second Cornell, and with our spirit the end is clear.

To this is added the letter from Mr. Patterson, which reads: "The annual expense of maintaining the Cornell crew is about \$12,000. There is practically no income, as there is from gate receipts in other branches of sport. The principal items of expense are coaching, training table, equipment and transportation. The salary of the coach, of course, is an item which would vary in different universities. Probably \$2,000 would be a minimum estimate. The expense of the navy training table at Cornell runs close to \$2,000 per year, and there is usually charged for board for members of the crew about \$300, leaving a net expense of \$1,300 per year for training table.

Under the head of equipment are included boats and oars, houseboats and coaching launches. The Cornell Athletic association maintains a steam launch and a gasoline launch for training table, equipment and transportation. The salary of the coach, of course, is an item which would vary in different universities. Probably \$2,000 would be a minimum estimate. The expense of the navy training table at Cornell runs close to \$2,000 per year, and there is usually charged for board for members of the crew about \$300, leaving a net expense of \$1,300 per year for training table.

Added to the record breaking work done by Ransy and Garros, the Michigan athletes, comes a performance attributed to Coe, the lank distance runner of the Wolverines. He recently turned off a mile in the Michigan gymnasium in 4 minutes 2 1/2 seconds. That not unaccountably was a new record for the track. If he keeps this gait and Ramsey holds his form in the half mile it ought not to be hard to pick the winners in the half mile and mile in the eastern collegiate games. Looking at performances like this closely and remembering that Michigan has a few second string men of some ability, it would be a wise thing to watch out for the Wolverines in the championships.

Speaking of Michigan, it appears that the athletic situation in what is called the middle west is in a very muddled state. At latest accounts Michigan sent a representative to the conference meeting, but he was unimpressed. He took no part in the discussions and took no vote. Therefore to all intents and purposes Michigan was not represented at the meeting. It was announced that the intercollegiate meeting would be open only to those institutions which subscribed to the rules of the conference. As Michigan is very palpably not a subscriber, it looks as if the Wolverines were barred from the meeting by that fact.

Furthermore, it is suggested that Chicago has given up all hope of meeting Michigan at foot ball the coming season. The attitude of Michigan against the spirit of the conference rules and the continued absence of Chicago are taken to indicate that there will be no foot ball games between

Playing Schedule Championship Season of the Western League for 1907

Table with columns for teams (OMAHA, LINCOLN, SIOUX CITY, DES MOINES, DENVER, PUEBLO) and dates for home and away games.

the two for at least another season. The Big Four plan which was floated a time ago does not at all meet with favor at Michigan, and just now the Wolverines are doing their best to break it up.

At the recent meeting of the Athletic Board of Control at Ann Arbor it was voted not to endorse that plan for the present at least.

Chicago at Philadelphia.

Coach Stagg of the University of Chicago is figuring on sending a strong one-mile relay team to the relay carnival of the University of Pennsylvania, which will be held this month. Merriam, the conference champion, now is running better than a second for the distance, and Quigley is doing better than fifty-one seconds. Barker, the third man, also is likely to cut fifty-one seconds by the time of the race.

There are two candidates for the fourth place, Shuart and Graves. Both are able to run in fifty-two seconds, but of course they will have to do better than that to give the team a really good chance. Graves ran the quarter mile at Oberlin two years ago, but has improved much over his form at that time. Shuart is a half-mile, but has shown ability in the shorter distance.

Stagg always has been anxious to carry off the one mile relay, especially since a couple of years ago, when his team almost won the race and was beaten out only at the finish of the final relay. Stagg thought then that his team had won and said so. The judgment of the officials was that the chances of Chicago this season are hard to say. It looks, however, as if Pennsylvania had the one-mile relay race pretty well sewed up. Any college which can present Bonasack, Cartmell, Whitman and Taylor for the race with Mulligan merely a substitute has some claim to first honors in the big race. All these men can run under fifty seconds for the distance. However, relay racing is not at all a question of time averages. It all depends how much the fifty-two-second man who runs the second relay gains on the forty-nine-second man who started out ahead of him.

At no great length a time meeting of the intercollegiate basketball rules committee will be held, on which occasion matters which are of the highest importance will be considered. First of all, it will be necessary to look over the rules in the book to consider any changes which may be suggested. It is unlikely that any vital changes in the game as now played will be made, unless the desire of the Intercollegiate Athletic Association of the United States to make all basketball rules uniform should cause alteration. But above all this there is another important change to be made in the playing rules.

There will have to be an executive committee, college basketball players believe, to enforce all rulings made and to prevent a recurrence of any of the happenings which made the last season close with feelings of bitterness among the colleges. It does not seem unlikely that all the colleges forming the intercollegiate league should subscribe to all the existing rules and to whatever changes may be made, so that in the case of any exigency no institution will be able to hide behind the fact that no agreement on any one particular point has been entered into by the particular institution.

It is suggested that the executive committee have in its care the naming of officials who shall have all the league games in charge. Their assignments to duty are to admit of no change, regardless of agreement. It is unlikely that the officials are to act in the same manner as professional base ball umpires, who are assigned by the league president and act under his authority. Furthermore, arrangements are to be made to govern the case of ties for the leadership. Had one institution been played off because both Yale and Columbia had not signed an agreement to do this and therefore were not bound to it.

Inasmuch as rules are nothing without penalties, it is understood that penalties will be fixed for colleges which violate any of the regulations set forth in the book governing the game. This is unfortunately the only way in which absolute obedience to the rules can be obtained. Colleges which persist in defying the authority of the rules committee will have to submit to certain inflictions which will be severe enough to make disobedience a thing to be avoided.

Erwin Released to St. Paul.

DETROIT, April 14.—Secretary Navin of the Detroit Base Ball club announced that

Catcher Ross Erwin had been released to the St. Paul American association team, from which he was drafted last fall.

NEW RECORD FOR FOUR MILES

Los Angeles Covers the Distance at Oakland in 7:10.1-5.

MAMIE ALGOI FINISHES SECOND

Only a Nose Separates the Pair as in Previous Race—Love of Gold Wins the Balsam Fir Handicap.

SAN FRANCISCO, April 13.—The result of the Thornton stakes was duplicated at Oakland in the Thornton renewal at four miles today when Los Angeles beat Mamie Algoi by a nose. The same distance separated the pair in the previous encounter. Incidentally, the world's record of 7:10.1 for four miles was broken, the distance being covered in 7:04. Mamie Algoi was a pronounced favorite, while Los Angeles drifted to 8 to 1 owing to the fact that he has been lame. He was warmed out of the lameness, however. The race was a spectacular one, the five horses being well bunched all the way. Inflammable led for two miles, and then Mamie Algoi took command. Los Angeles passed her on the last mile, and though she came again Knapp landed the Thornton stakes winner by a nose. It was generally agreed that Knapp outdressed Brown on the mare. The race had a gross value of \$2,800; the winner received \$1,025. Creston, coupled with Early Tide, was favorite for the Balsam Fir handicap, but got off badly. Love of Gold proving the winner. Summary: First race, six furlongs: Governor Orman 1:08, Fischer 1:09, Sandy 1:10, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, 150th, 151st, 152nd, 153rd, 154th, 155th, 156th, 157th, 158th, 159th, 160th, 161st, 162nd, 163rd, 164th, 165th, 166th, 167th, 168th, 169th, 170th, 171st, 172nd, 173rd, 174th, 175th, 176th, 177th, 178th, 179th, 180th, 181st, 182nd, 183rd, 184th, 185th, 186th, 187th, 188th, 189th, 190th, 191st, 192nd, 193rd, 194th, 195th, 196th, 197th, 198th, 199th, 200th, 201st, 202nd, 203rd, 204th, 205th, 206th, 207th, 208th, 209th, 210th, 211st, 212th, 213th, 214th, 215th, 216th, 217th, 218th, 219th, 220th, 221st, 222nd, 223rd, 224th, 225th, 226th, 227th, 228th, 229th, 230th, 231st, 232nd, 233rd, 234th, 235th, 236th, 237th, 238th, 239th, 240th, 241st, 242nd, 243rd, 244th, 245th, 246th, 247th, 248th, 249th, 250th, 251st, 252nd, 253rd, 254th, 255th, 256th, 257th, 258th, 259th, 260th, 261st, 262nd, 263rd, 264th, 265th, 266th, 267th, 268th, 269th, 270th, 271st, 272nd, 273rd, 274th, 275th, 276th, 277th, 278th, 279th, 280th, 281st, 282nd, 283rd, 284th, 285th, 286th, 287th, 288th, 289th, 290th, 291st, 292nd, 293rd, 294th, 295th, 296th, 297th, 298th, 299th, 300th, 301st, 302nd, 303rd, 304th, 305th, 306th, 307th, 308th, 309th, 310th, 311st, 312th, 313th, 314th, 315th, 316th, 317th, 318th, 319th, 320th, 321st, 322nd, 323rd, 324th, 325th, 326th, 327th, 328th, 329th, 330th, 331st, 332nd, 333rd, 334th, 335th, 336th, 337th, 338th, 339th, 340th, 341st, 342nd, 343rd, 344th, 345th, 346th, 347th, 348th, 349th, 350th, 351st, 352nd, 353rd, 354th, 355th, 356th, 357th, 358th, 359th, 360th, 361st, 362nd, 363rd, 364th, 365th, 366th, 367th, 368th, 369th, 370th, 371st, 372nd, 373rd, 374th, 375th, 376th, 377th, 378th, 379th, 380th, 381st, 382nd, 383rd, 384th, 385th, 386th, 387th, 388th, 389th, 390th, 391st, 392nd, 393rd, 394th, 395th, 396th, 397th, 398th, 399th, 400th, 401st, 402nd, 403rd, 404th, 405th, 406th, 407th, 408th, 409th, 410th, 411st, 412th, 413th, 414th, 415th, 416th, 417th, 418th, 419th, 420th, 421st, 422nd, 423rd, 424th, 425th, 426th, 427th, 428th, 429th, 430th, 431st, 432nd, 433rd, 434th, 435th, 436th, 437th, 438th, 439th, 440th, 441st, 442nd, 443rd, 444th, 445th, 446th, 447th, 448th, 449th, 450th, 451st, 452nd, 453rd, 454th, 455th, 456th, 457th, 458th, 459th, 460
