### MOVE TO DISBAR A. G. FISHER

Attorney General Thompson Files His Petition in Supreme Court.

ACTION GROWS OUT OF GOEDDE CLAIM

Taken at Request of Legislative Committee on Cinima Which Investigated the Affair and Rejected Claim.

(From a Staff Correspondent.) LINCOLN, April 16 .- (Special.) - Attorney General Thompson today filed in the supreme court his information upon which he bases his application for the disbarment of Allen G. Fisher, an attorney of Chadron. The proceedings were started upon the recommendation of the claims mmittee of the house of representatives which investigated Captain Pisher's connection with the Goedde claim against the state for escheated land. The information filed is as follows:

the amount of the original appraisement was afterward changed by forgery to \$11,500 by the felonious insertion of the figure
'I' before the figure 'E' in the sum of \$1,500 fixed by the appraisers, and the actual value of said land was in fact \$1,500 and no more, and though the said Allen G. Fisher had a contract with his clients, the said heirs, to pay them \$1,500 only out of the proceeds of the estate of their deceased brother, the said Allen G. Fisher, February 3, 1905, unlawfully and corruptly filed for the said heirs with the auditor of public accounts another claim against the state of Nebraska for \$11,500 for the value of said lands, and to this claim was attached a purported copy of the said forged appraisement and the affidayit of the said Allen G. Fisher that the state, which affidayit was untrue and known to be untrue by said Allen G. Fisher at the time of filing the same, and said claim for \$11,500 was by the said Allen G. Fisher fraudulently presented to the legislature rejected.

Cilents Not Informed.

Clients Not Informed. The said Allen G. Fisher did not inform his clients, the Goedde heirs in Germany, of his said doings in their behalf in attempting to collect from the state of Nebraska for the value of their land in Sioux county the said sums of \$8,000 and \$11,500 respectively, or of the value of their said lands, but in 1906 offered to buy from them their said land in Sioux county for the price or sum of \$800, and sent them a deed to Prussia, which they

there executed and by which they conveyed to their said attorney. Allen G. Fisher, their said attorney. Allen G. Fisher, their said shoux county land for the said price of \$500 but at the time said deed was by said heirs executed in Frusela no part of said purchase price of \$500 had been paid, and the said heirs sent said deed to the First National bank of Chadron, Neb., where it was received November 23, 1905, with instructions to deliver it to the said allen G. Fisher upon payment by him of the purchase price of \$500 hod and and deed remained therein until Sunday morning, March 8, 1907, when the said allen G. Fisher appeared at the bank, paid the \$500 and received the said deed; but before the said bank had remitted the money to said been admed the said Allen G. Fisher held said deed and claimed title thereunder, the said Allen G. Fisher at the suit of his wife garnisheed the said \$500 in the possession of said bank and thus claimed both the land and the purchase money, and detained the latter until after the cashier of said bank had been aulpoemed to testify before the claims committee of the legislature a few days later, when the garnishment was released and the said \$500 sent by the said bank to the said helrs in Prussla.

King, a life insurance agent, who has been here for the last six weeks, was arrested at Sidney yesterday for jumping a board bill from the Whitman house of this city. King confessed judgment and made arrangements to settle. He had also acquired a note from a young school teacher named Hansen, agreeing to use the note only as "influence" in getting other applicants for insurance, after which he was to return it to Hansen. Instead of returning it, King sold it to the bank. King also agreed to settle this matter. An account at the livery barn and one or two accounts for borrowed money are left holding the

State Board of Assessment Looking Into Taxation Figures in Other States-Beemer Turns in Cash Fund.

(From a Staff Correspondent.) LINCOLN, April 16 - (Special.) - By the appointment of Edward Good of Wahoo and E. C. Calkins of Kearney to be members of the supreme court commission in place of Commissioners Oldham of Kearney and Albert of Columbus, the supreme court and all the commissioners are republicans. Both Commissioners Oldham and Albert are democrats and the men who succeed them are republicans. The terms of all the commissioners expired today and all were reappointed with the exception of the two named. Commissioner Albert notified two of the judges some days ago that he had an opportunity to again enter the practice of law with his been and her condition is dangerous. The old partner and his reappointment would make little difference to him.

The appointment of Commissioner Calkins makes a vacancy in the membership of the Board of Regents of the State university which will necessitate an appointment by Governor Sheldon, the person appointed to serve until the election this fall, at which time the term for which Judge Calkins was elected will expire. The resignation of Judge Calkins was telephoned to Governor Sheldon at Nehawka this morning and the new commissioners at once went-to work listening to arguments. It is understood the commissi will continue to use their wives or relatives of the judges for stenographers, the whistle. He appeared to have heard it, but new commissioners probably taking over the two who would otherwise lose out by the court failing to reappoint Commissioners Oldham and Albert.

Beemer Turns in Cash Fund. Warden Beemer of the state penitentiary urer \$900, his cash fund, as provided for in a law enacted by the late legislature. Commandant Presson of the Soldiers' Home at Milford was here also, but he had not yet turned in his cash fund, which he said amounted to about \$2,000 a year. Mr. Presson interprets the law to mean that only that money received from the sale of property belonging to the state shall be remitted to the state treasurer and talked as though he did not like the idea of being torn lose from the cash fund. The members of the Board of Public Lands and Buildings, however, take the law to mean all money which goes to make up the cash fund must be turned into the treasury and this is the way the law will be enforced.

Kearney Men Pare Well. ground the state house today over a succeasor to Judge Calkins on the Board of Regents of the State university. A number of visitors to the state house have assured Senator Norris Brown that if any one in Kearney has not been taken care of they will be willing to join with him in making endorsements to Governor Sheldon. Some have suggested the name of M. A. Brown of the Kearney Hub as a balm for the wounds he received when the chief executive cut out the appropriation for the Kearney Normal school building, while others have suggested John Dryden. As two men from Kearney have been mentioned, Senator Brown has not yet indicated which one he will endorse. In the meantime some have suggested that as Judge Sinclair may soon finish his work as an attorney for the state in the suit against the Lumber Dealers' association, he would have time to take the place if the other two Kearney men don't want it.

Helps Weak Schools. Superintendent Lulu Kortz of Cherry ounty and Superintendent Florence Zink of Holt county called at the office of State Superintendent McBrien this afternoon and convinced him they were qualified under the new law for a junior normal school at Valentine and at O'Neill. Both will get the normals. The teachers were highly gratified with the enactment of the bill providing for assistance to poor school districts and each said it would result in great good for all the western counties. In Holt county about 100 districts will be helped to a seven months' term and in Cherry county about one-third of the districts will be aided.

State Superintendent McBrien has returned from Hemingford, where he said for the first time some of the people earned of the enactment of the law providing help for the poor school districts. The people were very much gratified, said Mr. McBrien, and some of the old men who have struggled so long for schools he said actually shed tears of joy.

First Interurban Report. The Omaha & Southern Interurban Railway company, the first interurban company to ever report its holdings in Nebraska, reported to the State Board of Assessment oday. The company has authorized 1,600,000 shares of stock for \$100 each, of which 200,000 shares have been issued, but its value is unknown. The company has no bonds or debts outside of current expenses, Its gross earnings amounted to \$5,386.40; its operating expenses and maintenance, \$3.062,86, leaving a net earning of \$2,308.54. The road was completed in October, 1966. The company owns two thirty-two-foot second-hand passenger cars equipped with four motors. Its mileage since the road became operative amounts to 19,796 miles, Drops Dead in Deput.

Lexington Man Killed by Train, GRAND ISLAND, April 16 .- (Special.) George Furnish, a barber of Lexington, was struck by train No. 11 yesterday at noon and instantly killed. He was walking along the tracks in the east end Union Pacific yards. He was outside the rails. When the train was within 200 yards of him the fireman sounded the warning instead of looking about or getting further out of the way he apparently believed the approaching train was on another track and stepped squarely in the middle of the westbound track. The train struck him and hurled him to the side of the track. His neck was broken, skull crushed, two legs and arm were broken, and when the four yard employes who witnessed the accident reached his side he was dead. He had come from Lexington on Saturday night and was about to return.

1060 Dean St., Brooklyn, March 18, 1907.

Capt. Small is a most remarkable man and his career is an example for ambitious young men of today. He has been 52 years in the insurance business, was a special friend of President Lincoln and insured President Johnson. He was made a Master Mason in 1849, Adoniram Lodge No. 42, Mimington, Me. Was married in 1840 and the father of nine children, five of whom are still living, the oldest being 67 years of age.

Duffy's Pure Malt Whiskey is a pure distillation of malted grain, made by a secret process discovered 50 years ago by eminent chemists. This formula is still unknown to anyone except the manufacturers of Duffy's Pure Malt Whiskey. Many have tried to imitate it, but it has never been done successfully.

Capt. Small's experience is like that of thousands of others in which Duffy's Pure Malt Whiskey restores youthful vigor to the old by nourishing and feeding the vital forces of life and maintains the health and strength of the young. It is a form of food already digested. It is recognized everywhere as the unfailing specific for the cure of consumption, nervousness, typhoid, malaria, every form of stomach trouble, diseases of the throat and lungs, and all run down and weakened conditions of the brain and body. It is prescribed by doctors of all schools, is used in the leading hospitals of the world, and is recognized as a family medicine everywhere. It is absolutely pure. Medical Whiskey Co., Rochester, N. Y.

Duffy's Pure Malt Whiskey is sold by all first-class druggists, grocers and dealers, or direct, in scaled bottles only. Price \$1.00. See that the "Old Chemist" trade-mark is on the lable and that the seal over the cork is unbroken. Refuse substitutes and imitations. Beware of refilled bottles.

NEBRASKA CITY—From now until next

NEBRASKA CITY—From now until next winter the members of Company C, Nebraska National Guards, will held weekly larget practice across the river. They have a good range there and while they are compelled to cross the river they are still in freight, is missing. Otoe county, this resulting from one of the freaks of the river. On the east side the

river makes quite a bend, so the soldier boys shoot at their target, and if they miss they either hit the bank or the bullet

GRAND ISLAND—Fire yesterday afternoon broke out in the basement of the A. Darling brick building, formerly occupied by the Kelley Plumbing company and the Smith Hide company. The Kelley company had just moved out. A part of a barrel of oil had been left in the basement and this in some way ignited. The department soon had the fire extinguished. At midnight last night the department was called to the Union Pacific ice houses, a mile east of here, where four cars of company coal were destroyed by fire. The cars were away beyond the water limits and there were no facilities for fighting the fire.

GRAND ISLAND-At a meeting of the GRAND ISLAND—At a meeting of the Commercial club last evening, at which it was expected to take action with reference to the securing of sites for parks, there was a small attendance and no definite or final action was taken. The project of paving a goodly portion of the business section of the city, of extending the municipal water mains and electric service, of erecting a Young Men's Christian association building, raising an endowment fund for the Grand Island college and several other matters are all in contamplation, and there is some opposition to the park acquisition proposition as not being as necessary as other projects.
