SAINTS LEAVING FOR HOME

Marriage and Divorce Question Go Over to Next Year's Conference.

ANSWER IN THE EDDY CASE

Defendants in Suit at Concord File a General Denial.

GOOD FAITH OF COMPLAINT QUESTIONED

Evil-Blinded Persons Said to Have Caused "Next Friends" to Bring Suit for Selfish Interests.

CONCORD, N. H., April 17.—A general denial of the allegations of the complaints in the suit for an accounting of the property of Mrs. Mary Baker Glover Eddy filed March 1 was the legal answer made today by the defendants named in the original action.

The specifications in the original bill are that Mrs. Eddy is and has for a long time been incompetent to do business or to understand transactions conducted in her name; that the defendant, whose answer was filed today, with other leaders of the Christian Science church who were named in the original bill, have possessed themselves of the person and property of Mrs. Eddy and have carried on her business; that on account of Mrs. Eddy's infirmity these persons are bound to give account of all transactions undertaken in her name and that the defendants have wrongfully converted property to their own use.

To these representations the defendants filed specific and detailed denial, declaring also that the suit was not brought by the plaintiffs in good faith, but that "the so-called next friends" had been induced to join their names to the original bill by certain evil-minded persons who are furnishing money for the prosecution of the matter for their own selfish purposes and to further their own selfish interests.

Other Defendants Answer. Besides the Boston defendants, Calvin A. Frye, Irving C. Tomlinson, Herman S. C. Hering and Lewis C. Strang of Concord, the New Hampshire residents among the defendants named in the original bill in equity, also filed their answer today. Mr. Frye says he has been in the employ of Mrs. Eddy for about twenty-five years, for a considerable part of the time as private secretary. During all that time her house has been his home and he has been employed or connected therewith, have always been under the absolute control and direction of Mrs. Eddy. Mrs. Eddy determines for herself whom she will see and the length of time that she will spend in the company of any one. Mr. Frye's answer, and the defendant denies that he ever, personally, or in conjunction with Strang or others of the defendants, refused to allow any person or persons to visit the home of Mrs. Eddy, who she has limited the time to be allowed to persons desiring to confer with her, except in accordance with the rules prescribed by said Mrs. Eddy, for the conduct of her household and business.

The defendant denies also that Mrs. Eddy is and has been for many late years not legally responsible for acts done by her and unfit to manage and control her business and property, but, on the contrary, she avers that she always has directed and managed her business affairs.

The answer of Strang is practically the same as that of Frye, while the answers of Tomlinson and Hering vary only in detail from those of Frye and Strang.

HARRY THAW SAYS HE IS ILL

Consults With Attorney Peabody— Wife Will Not Talk of Mother's Statement.

NEW YORK, April 17.—Harry K. Thaw informed the keeper in the Tombs prison that he was ill when A. Russell Peabody of his counsel called at the prison today. Thaw was still in bed, but on being informed that he could not confer with Mr. Peabody in his cell, he went to the conference room and consulted with Mr. Peabody at length, but made no statement.

Mrs. Evelyn Thaw, who was waiting to see her husband, was asked if she had any reply to make to her mother's statement.

"Not a word to say in any subject," was her reply.

Although District Attorney Jerome returned to his office today from a visit to him in Lakeville, Conn., no move yet has been made toward an application for Thaw's release. Daniel O'Reilly of Thaw's counsel, called on Mr. Jerome this afternoon, but said the matter of bail for the prisoner was not mentioned.

Mr. Jerome, in speaking of the case, said his position was unchanged from what it was immediately after the jury reported a disagreement—namely, that he would oppose in every possible way the release of Thaw on bail.

When the trial was resumed this morning, thirty-five jurors out of a drawn venire of thirty-five were called and answered their names in court. Twenty-six of the thirty-five escaped serving by satisfying Judge Dunne that their excuses were valid. Out of the nine remaining, four tentative jurors were chosen in the course of the day, thus filling the box.

The time has just arrived for the peremptory challenges of the jurors and much speculation is indulged as to whether the entire panel will be set aside in the exercise of this privilege or whether as many as half of the twelve will survive the final scrutiny of the prosecutors and defenders. It is thought likely that at least another week will be required for a permanent filling of the panel after the peremptory challenges have been exercised tomorrow.

The grand jury has adjourned to meet next Saturday. The line of investigation now being up holds on slot machine graft and two years ago. This is not a matter of belief, it may result in a number of indictments against several city officials. Among the witnesses are a number of former police commissioners, members of the police board of 1906.

The case of the so-called city commissary department appear to be numbered. The city attorney has handed down an opinion that the department is illegal and in addition, the evidence already secured by the grand jury is, it is said, sufficient to warrant its suppression. This means that the purchase of supplies for hospitals and other branches of the municipal service will revert to the old channels and be removed from the control of any political combination.

ILLINOIS SUIT DISMISSED

State Must Start New Action to Recover Money Claimed From Railroad.

SPRINGFIELD, Ill., April 17.—The supreme court today dismissed the state of Illinois against the Illinois Central railroad for an accounting and recovery of the share claimed by the state of the gross receipts of the railroad from the operation of the line.

In dismissing the suit the court gave leave to the attorney to withdraw the suit and begin the proceedings, either here or in Chicago.

Chief Justice Scott, in his brief oral decision, announced that the suit was dismissed as to whether the suit involved a legal revenue. In the meaning of the constitution, and therefore in its discretion decided not to assume jurisdiction.

Assistant Attorney General said today that the suit would be promptly retried, either in the circuit court here or in the superior court in Chicago. The case ultimately will go to the supreme court for final action in any event.

FRANCE BUSY OFF MOROCCO

Natives Think European Republic Desires to Annex Territory.

NATIVE THINK EUROPEAN REPUBLIC

Desires to Annex Territory.

TANGIER, April 17.—A menacing French naval demonstration is taking place off Mogador and the general situation is grave, owing to the resentment of the Moors over the French occupation of Oudja.

Native opinion is unanimous that France is seeking to pick a quarrel with Morocco in order to make further annexations of territory. In the meanwhile the country is swarming with "provocative agents."

Information received here from Casa Blanca is that the situation has much improved owing to the presence on the harbor of the French cruiser La Lande. The governor has paid out a considerable sum of money to neighboring tribesmen to induce them to keep quiet.

The success of the French naval visit to this port induced the commander of the La Lande to send the cruiser Oudja to Mogador in an endeavor to bring about a similar result there.

RUSSIAN JUDGE REMOVED

Man Who Sentenced Reactionaries Asked to Resign by Minister of Justice.

ST. PETERSBURG, April 17.—Judge Arnold, president of the Moscow appellate district, who sentenced for excesses several of the reactionists of the Katroma district, has resigned at the request of M. Chtchegolov, the minister of justice.

The liberal press contrasts the minister's action in this case with his speech in the lower house of parliament, April 12, advocating an independent Russian judiciary, Judge Arnold, who is a senator, is an outspoken opponent of drunken court-martial.

WARSAW, Russian Poland, April 17.—It was announced in the course of police investigations into the recent murder of a physician here by a hired terrorist it was established that 45 kass was the price paid by the terrorists of Warsaw for murders.

FRANCE FOR SMALL ARMAMENT

Favors Policy as Matter of Principle, But Thinks Discussion Not Effective.

PARIS, April 17.—The announcement of France with its compromise proposition in the matter of a discussion of the limitation of armaments at The Hague peace conference owing to Austria and Germany's decided attitude in opposition to it was made public here today. It does not greatly affect France's position relative to the limitation of armaments.

Authoritative circles declare that France, as a matter of principle, regards all efforts to advance the idea, but it is of the opinion that its discussion at the peace conference is not likely to assume concrete shape.

CLARKSVILLE, Tenn., April 17.—The destruction of tobacco beds in this district by "night riders" has reached an alarming stage and it is feared that unless the depredations are speedily stopped there will be an unusually light crop. During the last week a number of plant beds have been seized and the plants killed.

In Trigg county, Kentucky, the situation is serious in the extreme. Fully a score of plant beds have been destroyed, tobacco rolled into the river and warnings posted in places of independent planters. Trains have been threatened with violence if they haul the tobacco of growers not connected with the growers association.

Redick Case Continued. Hedrick, April 17.—Perry E. Hedrick, chief of the city sanitary inspection, now under suspension pending the investigation of bribery charges, was arraigned today and was granted a continuance until May 2.

Illinois Local Option Bill. SPRINGFIELD, Ill., April 17.—The senate today, by a vote of 36 to 2, passed a bill providing for local option in townships, cities and villages, the question to be voted upon at a general election.
