

BURLINGTON FILES REPORT

Earnings in Nebraska Show Large Increase During Past Year.

OVER THREE THOUSAND PER MILE NET

Secretary of State Junkin Refuses to Counterfeit Vouchers for Claims After the Warrants Are Issued.

(From a Staff Correspondent.)

LINCOLN, April 22.—(Special.)—Notwithstanding the howl of the railroads in Nebraska about being hampered by legislation, the gross earnings of the Burlington, according to the report filed today with the State Board of Assessment, shows an increase in the last year over the previous year of almost \$3,000,000 and the net earnings are increased almost \$500,000.

The Burlington managed to eke out only \$1,166,286.47 during the last year, which, after deducting the operating expenses, left this road only \$4,468,883.10 to the good.

This means that the road, after paying all expenses, including the taxes, carried out of Nebraska for every mile of road it has in this state, main line and branches, has in the sum of \$3,000, and it has 2,613.53 miles. In the report the net earnings are considerably smaller than is set forth in the above figures, because the company had a little juggling by including in its taxes paid in 1907 the sum of \$282,800.44, but as this sum represents the taxes due during the last three years when it refused to pay up like other taxpayers, the board will not consider it as charged up against the earnings of this year.

One thing the road did do this year, and that is it did not deduct an amount of 4-10 of 1 mill allowed lines west of the river. The board, it is understood, last year refused to take this into consideration and it is left out of the return this year.

The amount deducted last year amounted to \$1,176,982.73. This left net earnings last year of \$2,000, compared with a net earning of \$3,061 per mile this year. The following is a comparison of the figures of this year and last:

Table with 2 columns: 1906 and 1907. Rows include Gross earnings, Operating expenses, Net earnings, and Back taxes.

Collecting Freight Schedules. The State Railway commission is getting in a lot of freight schedules from various railroads and expects to be in good shape to do business on May 7, when the members meet with the railroad men and fix up a schedule of rates to be put into effect.

New Deal on Vouchers. Secretary of State Junkin will hereafter sign no vouchers upon which warrants have already been issued, but instead he will insist on approved vouchers before the warrant is drawn or he will refuse to become jointly responsible with the auditor.

Watch Your Thirty Feet of Bowels! YOU have thirty feet of intestine. What makes food travel through them?

A set of Muscles that line the walls of these Intestines or Bowels. When a piece of Food rubs the walls of the Intestines these Muscles tighten behind it, and thus it starts a Muscle-wave which drives it through the whole length of the Bowels.

It should take about 12 hours to do this properly, so that nutritious parts of the food may have time to be digested and absorbed.

But, if it takes twice or three times that period the food spoils in passing, and becomes as poisonous as if it had decayed before being eaten.

Now, the cause of delay (Constipation) is simply Weakness, or Laziness of the Bowel-Muscles.

Want of Exercise, Indoor Employment, weakens these Bowel-Muscles, just as it weakens Arm and Leg Muscles.

"Physic" like Salts, Calomel, Jalap, Phosphate of Soda, Mineral Water, simply flush-out the Bowels for the one occasion only.

They do not remove the Cause of Constipation. But this is different with Cascarets. Cascarets act on the Muscles of the Bowels and Intestines. They act just as Cold Water, or Exercise act on a Lazy man.

They get like exercise. A Cascaret produces the same sort of Natural result that a Six Mile walk in the country would produce.

The Vest Pocket Box is sold by all Druggists, at Ten Cents. Be very careful to get the genuine, made only by the Sterling Remedy Co., and never sold in bulk. Every tablet stamped "O.C.C."

HAMLIN TRIAL IS DELAYED

Court at Grand Island Takes Vacation for Arbor Day.

MOTHER TESTIFIES OF DAUGHTER'S DEATH

Articles of Dress Worn by Rachel Engle Are Introduced in Evidence by Attorney for State.

GRAND ISLAND, April 22.—(Special.)—Both sides in the case of the special-jury trial for the murder of Rachel Engle were ready to hold a session today, Arbor day, but it was agreed that neither had any rights to waive, and no session was held, court adjourning to Tuesday morning at 11 o'clock.

The state has so far put on only three witnesses, two of whom were Mr. and Mrs. Kent, the stepfather and mother of the girl. The third was Miss Lillian Dunham, who was walking down town with Miss Engle on the night she was shot, but who did not see the shooting nor the man who did it, having been at the moment walking behind Miss Engle and the shot coming from their rear and side.

Mr. Kent's testimony was substantially the same as that given at the coroner's inquest. It related the facts of Hamlin having been his employee, a boarder at his home, a man of unobjectionable behavior in every respect previous to the shooting; of his notification on the night of August 2 of his stepdaughter being sick, the treatment given her and the care and her subsequent death on January 14.

Mrs. Kent, the mother of the girl, testified on direct examination that the best of care was given the daughter during her long confinement to bed after the shooting. After the removal of Rachel Engle from the hospital to their home a trained nurse was secured, Mrs. Kent having the other household duties to look after. This nurse was almost continually in the home, attending there. The unfortunate girl needed much attention, for the reason that she was paralyzed from the waist line down, the line at which the bullet entered, and some of the organs below the point performing their natural functions without artificial aid. Every attention possible, however, was given her.

Cross Examination. Attorney Prince, for the state, here asked for the production of the dress worn by the dead girl on the night of the shooting and it was sent for, the cross-examination proceeding with the understanding that the dress could be later produced.

On the cross-examination counsel for Hamlin made his first serious attempt to establish his line of defense. Mrs. Kent was asked if upon one other occasion, while endeavoring to aid the girl, Mrs. Kent had not broken a catheter during the process of its insertion. She stated that she had and had immediately informed the doctor over the phone. Attorney Thompson went into a lengthy and explicit examination of the position of the girl and the manner in which the glass tube—about eight inches in length—was broken. Mrs. Kent declared that while she was supporting the girl with one hand and arm and reaching for a vessel with another there was an involuntary jerking of the limbs, resulting in the breaking of the tube.

"A matter of fact, don't you know that you broke the tube?" finally inquired Mr. Thompson.

"I did not," indignantly replied the witness.

Attorney Thompson explained to the witness that while she was questioning her she might be heard saying impertinent, but not intended in that way. Later the witness testified that the daughter, realizing the fact that the tube had been broken, said to her mother that she could not help it, but that there had been an involuntary movement of the body.

On redirect examination the clothing worn by the unfortunate girl was introduced. As the mother unwrapped the package, a white shirt waist, showing the rent of the bullet, a corset cover and a pink striped skirt, she broke down and wept bitterly. The articles of apparel were the state's first exhibit. Mrs. Kent was thereupon excused from the witness stand.

All the witnesses are excluded from the court room until they shall have testified. The court room contains a large number of spectators at all sessions.

A sister of Hamlin and her husband are here from Rock county attending the trial.

Men to Be Taught Proficiency in Use of the Weapon. FORT CROOK, Neb., April 22.—(Special.)—In compliance with recent orders from the War department the first monthly contest with the bayonet between the elements of the 10th Cavalry was held here on Thursday, April 24, commencing at 9 a. m. In these contests the bouts will be of three minutes duration each, the greatest number of hits to decide the winner of each bout.

Winners of each bout will compete against each other until the winner of all is declared. The contestants will be pitted against each other until the final bout. All cuts, the use of the butt and all thrusts and lunges below the waist are prohibited, these constituting fouls. The judges at these contests will be Lieutenants Stone, Carleton, and West and Gunn.

A recent remark made by Major General Bell, chief of staff, was to the effect that it is the intention to make the infantry proficient with the bayonet as a weapon and to teach them that they will be called upon to use it in battle, hence the necessity of these contests. The Thirtieth infantry band will play a choice program during the exercises.

Major Charles Byrne returned to the post on Sunday evening from Fort Leavenworth and assumed command of the Thirtieth infantry.

First Lieutenant Charles C. Allen, Thirtieth infantry, has been granted one month's leave of absence, which commenced on April 19, and which he will spend in Philadelphia, Pa.

Thirty recruits were received from Fort Sam Houston, Texas, on Saturday, for assignment to the Thirtieth and forty-two more are expected this week from Columbus, O., which will bring the regiment up to its full strength for foreign service.

A general court-martial is now in session at the post trying the case of Private North B. Doyle, an alleged deserter from Troop B, Fifth cavalry. Doyle surrendered after which the county teachers institute would hold for one week.

NELSON.—The several churches of this place are holding a social on Saturday night in the interest of Chinese sufferers. The principal address was made by Rev. G. J. W. Peterson, returned missionary, who spoke of some of the reasons for suffering in southern lands and the duty of the church to help the people. At the conclusion of the meeting some \$100 was raised for the relief fund.

TABLE ROCK.—Myron L. Purcell, who is an employee of the Telephone Co., escaped yesterday from death by accidental poisoning. He lives one and a half miles north of town and was all attached and ready to drive to town at 10 a. m. when he took a dose of what he supposed to be medicine, but which proved to be a fatal dose of strychnine. He was accompanied by his wife and two children, and physicians' life was saved.

WYMORE SALOON FIGHT ENDS

Publicans Agree to Obey Law and Restrainments Are Withdrawn.

Propose to Vote Railroad Bonds.

Marital Troubles Multiply.

United Brethren Conference.

Plattsburgh-Arbor day exercises were held in the school today and the band and county officers were present.

TEKAMAH.—A. J. Robinson, aged 70 years, a retired farmer of this place, was found dead in bed Sunday morning. He leaves three sons and two daughters.

STELLA.—Jake Johnson, living a few miles west of town, was helping a neighbor with his cow when he was struck by a bar when one of the pieces fell on his leg, breaking it.

PLATTSBURGH.—Mrs. William Brown of Lincoln was visiting her mother in this city, and was taken sick and passed away at her home on Monday morning.

SILVER CREEK.—The Silver Creek school board elected teachers as follows: O. A. Earhart, last principal of the Greenwood, Neb., school, principal; Miss Pearl Simmons, assistant principal; G. W. Krieger, intermediate, and Miss Julia Terry, primary.

COLUMBUS.—During the storm the other day the barn of Louis Berger south of here was struck by lightning and burned to the ground, with the loss of a large quantity of wheat, corn and hay. The insurance on the barn will not cover more than a quarter of the loss.

PLATTSBURGH.—While the cold weather killed the early cherries, apricots and peaches, which are coming over the hills, the blossoms in abundance on the late peach trees, and if we have no more freezing weather, we will have an abundant peach crop in this vicinity.

COLUMBUS.—People in the northern part of the county are coming over the matter of voting \$2,500 to the Midland Central railroad. They claim that it will shorten the line from Leavenworth to five miles, and being a competing road, will lower the rates on grain.

ATBURY.—The body of John Wright, who died in Omaha Sunday morning under the name of Broderick, was taken to the house in charge by the Royal Highlanders and placed in the hands of the undertaker at home near Howe, where the services will be held on Saturday evening at 8 o'clock.

NIORARA.—There will be nine graduates from the high school May 21, and Saturday evening the class served ice cream and refreshments in the school building, which will go toward securing the Morning-side college fund. Special services will be held at the Methodist Episcopal church.

STELLA.—Will Cox of this place, who has been working on the scale gang of the Missouri Pacific for several months, was thrown from the wheels at Leavenworth, Kas., while jumping off a moving train. His feet slipped, throwing him under the wheels, and his left leg was taken off below the knee. He is in the railroad hospital at Leavenworth.

ANBLEY.—Superintendent Harvey M. Hartman of Broken Bow announced that arrangements were completed whereby one of the school normal classes would be located at Broken Bow and probably would commence June 10 and continue six weeks, after which the county teachers institute would hold for one week.

NELSON.—The several churches of this place are holding a social on Saturday night in the interest of Chinese sufferers. The principal address was made by Rev. G. J. W. Peterson, returned missionary, who spoke of some of the reasons for suffering in southern lands and the duty of the church to help the people. At the conclusion of the meeting some \$100 was raised for the relief fund.

TABLE ROCK.—Myron L. Purcell, who is an employee of the Telephone Co., escaped yesterday from death by accidental poisoning. He lives one and a half miles north of town and was all attached and ready to drive to town at 10 a. m. when he took a dose of what he supposed to be medicine, but which proved to be a fatal dose of strychnine. He was accompanied by his wife and two children, and physicians' life was saved.

PLATTSBURGH.—Mrs. William Brown of Lincoln was visiting her mother in this city, and was taken sick and passed away at her home on Monday morning.

SILVER CREEK.—The Silver Creek school board elected teachers as follows: O. A. Earhart, last principal of the Greenwood, Neb., school, principal; Miss Pearl Simmons, assistant principal; G. W. Krieger, intermediate, and Miss Julia Terry, primary.

COLUMBUS.—During the storm the other day the barn of Louis Berger south of here was struck by lightning and burned to the ground, with the loss of a large quantity of wheat, corn and hay. The insurance on the barn will not cover more than a quarter of the loss.

PLATTSBURGH.—While the cold weather killed the early cherries, apricots and peaches, which are coming over the hills, the blossoms in abundance on the late peach trees, and if we have no more freezing weather, we will have an abundant peach crop in this vicinity.

COLUMBUS.—People in the northern part of the county are coming over the matter of voting \$2,500 to the Midland Central railroad. They claim that it will shorten the line from Leavenworth to five miles, and being a competing road, will lower the rates on grain.

ATBURY.—The body of John Wright, who died in Omaha Sunday morning under the name of Broderick, was taken to the house in charge by the Royal Highlanders and placed in the hands of the undertaker at home near Howe, where the services will be held on Saturday evening at 8 o'clock.

NEBRASKA FROM DAY TO DAY

Quaint and Curious Features of Life in a Rapidly Growing State.

Ordnance and Curious Features of Life in a Rapidly Growing State.

The economical housewife will turn her thoughts from peaches and look for the old recipe her mother used for tomato preserves—the yellow kind that was "put up" without cutting.

The man who prides himself on his "early" garden will be compelled to forego the pleasure of cabbage among the early vegetables, as the "seasonable weather" of last week prevents transplanting until May.

A Cass county lawyer, "whose time is not entirely employed by the railroads," wants to travel on a pass. If Plattsburgh lawyers are compelled to pay fares the efficacy of the anti-pass law cannot be questioned.

The Grand Island Independent recalls that in the week ending April 8, 1871, ninety-five wolf scalps were registered by the county commissioners. Farmers were then paid for killing the animals and the "industry" was in its infancy.

An Arcadia man killed a "weasel" which he found in his chicken house, where it was feasting on a fowl. He apologized when he learned that the animal was a ferret, which had been purchased at a fancy price by a neighbor.

Trouble for "Central"—A Norfolk woman has developed a new way of getting even. When the telephone operator makes her angry she walks back and forth in front of the phone all morning and intermittently lifts up the receiver in order to get revenge against the central girl.—Norfolk News.

Big Mule at Shelton—Talking about mules, Henry Peck has about the biggest specimen of the mule family ever seen in this neck of woods. He purchased the animal at Grand Island Tuesday and since he arrived in Shelton he has been the wonder of all who have seen him. He stands eighteen hands and one inch high and looks fully as big as he measures.—Shelton Clipper.

The Editor's Assistant—Miss Edna Brewer has accepted a position on the Times force and has engaged to do our fighting, typing, smiling and society stunts.—Walshill Times.

Ross Hammond Rejoices—We are pleased to report that the rear entrance to women's dresses is to be abolished and that henceforth they are to be like good old Grimes' coat, "all buttons down before." The fashions of fashions have decreed it and the edicts of these autocrats are obeyed implicitly. Gown, shirt waists, lace waists and tight-fitting jackets are going to face about and this is glorious news for the fumbling and long-suffering husband, who has played the role of Indian maid, when he wanted to be reading the Thaw trial or performing some other function of the higher civilization. The husband who has jabbed at those little loops up and down the spine of his beloved, muttering imprecations the while, will joyously acclaim the arrival of the new fashion, so his wife can get into her apparel and hook herself up without calling for help or inciting any domestic riots. The buttoned-up front fashion can't make the trip over from Paris any too soon to suit the Ancient Order of Grouchy Husbands.—Fremont Tribune.

Indians in Evidence—A good Indian is not always a dead Indian, but a drunken Indian comes a long way from being a good Indian, or, at least, that is the opinion formed by many South Sioux City people this week. The Burlington train coming up from the reservation brought Indians in crowds of about fifty, who make tracks for Sioux City, where they take on board a drier enough to put them in a semi-responsible condition, when they return to City with the intention of taking the train home. As their condition is seldom bettered during their stay here, the residents on Lincoln streets and in the vicinity of the Burlington depot, where Indian fights are a common occurrence, report disgusting sights among the drunken braves and their squaws as they reel down the street to the depot. Wednesday afternoon a party of Indians engaged in a small riot at the home of Mrs. Brown of Lincoln street, where portions of the fence were torn down and other damage done.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one ounce only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

The Agents of the Mutual Life Insurance Company. are more than agents. They deserve unusual consideration. They should be welcome everywhere, because they represent a great Company, doing a great business, meeting a great need. They stand well in the community and know whom they are talking to; they have studied the subject of insurance and know what they are talking about. The Agents of The Mutual Life Insurance Company have something good to offer. They deserve the attention of all those who realize that their death would cause embarrassment or worse to their dear ones and who are willing to do longer without some things and do longer with some other things in order to make "the home folks" safe. The Time to Act is NOW. For the new forms of policies consult our nearest agent, or write direct to The Mutual Life Insurance Company of New York, N. Y.
