

FIGHT ON BREWERS

Kansas Supreme Court Appoints Receiver for Property in State.

NINE CORPORATIONS ARE AFFECTED

Six Are Located in Milwaukee and Three in Kansas City.

PROPERTY IS VALUED AT QUARTER MILLION

It Includes Warehouses at Several Points and Saloon Fixtures.

THREE T. P. KA MEN TAKE CHARGE

Some Property is Moved from State and Owners Will Be Cited for Contempt of Court.

TOPEKA, Kan., April 24.—The state supreme court today appointed Judge S. H. Allen, G. H. Whitcomb and Judge T. F. Garvey, all of Topeka, receivers for the Kansas property of the nine foreign brewery companies. Six of the companies are Kansas City, Mo., concerns and three are Milwaukee firms. The property is said to be worth \$250,000. Names of the firms follow:

Palat Brewing company, Val Blatz Brewing company, Joseph Schlitz Brewing company, Heilm Real Estate company, Ferd Heilm Brewing company, Kansas City Brewing company, Rochester Brewing company, Imperial Brewing company and Heilm Brewing company.

The Heims' concerns are different incorporations of the same firm.

The receivers were appointed upon petition of Attorney General Jackson, who recently secured an order from the court restraining the concerns named from doing business in Kansas. The property involved includes liquors, bar fixtures, wagons, animals and warehouses and is located principally in Topeka, Kansas City, Wichita, Leavenworth, Atchison, Salina, Iola, Galena, Pittsburg and Columbus, Kan.

Since the restraining order was issued some of the companies removed part of their property, situated near the state line, into Missouri and Oklahoma. Attorney General Jackson says that remains will be sold and the proceeds used to defray the cost of the present suits. The companies that removed their property will be cited for contempt.

The court fixed the joint bond of the three receivers at \$5,000 for each company, or a total of \$45,000. The understanding is that the receivers are to act jointly and not divide up the companies among themselves.

They qualified today and will at once take possession of all the brewers' property in sight. They doubtless will seize "Idle Hour" plants at Pittsburg, owned by the Heilm company and a good deal of real estate in Kansas City and Leavenworth. It will then be up to the brewing companies to prove their ownership, if they desire to do so.

When Governor Hoch was informed of the court's action he said: "These are good appointments and this whole thing is a great victory for prohibition."

Receivers Will File Suits.

The three receivers held a long consultation with Attorney General Jackson today. The first move of the receivers will be to apply to the United States courts for a writ directing all corporations involved in the suits to appear in the court with their books. An injunction will be held and in this way the receivers will learn what property is owned in the state by the different brewery companies. The company which has the most property cannot be prosecuted at that time, but it can be prosecuted on the evidence which is obtained under the injunction. The courts may order all necessary papers and books produced to show just what property is owned and controlled by the different companies. Suits being brought in the federal courts, the defendants may be cited from any point in the country.

Breweries Will Fight.

MILWAUKEE, Wis., April 24.—Representatives of Milwaukee breweries which are parties to the receivership at Topeka, Kan., assert that they will fight the proceedings to the court at least to the extent of claiming that the step taken is unconstitutional.

STREET CAR WAR ACUTE

Cleveland Company Abandons Some Tracks and Endeavors to Tear Them Up.

CLEVELAND, O., April 24.—Thousands of people living along Central and Quincy avenues were compelled to walk long distances today in order to reach the business section. The Cleveland Electric Railway company suspended operations on these thoroughfares, the United States supreme court having some time ago decided that the company's franchise had expired.

Since then the company has been permitted to operate cars on a 3-cent fare basis. Recently the company notified the city authorities that it was losing money on every passenger carried at 3 cents and that it would suspend service last night and at once begin the work of removing tracks and trolleys from the street. The company attempted to do this today, but the city compelled the workmen to abandon the undertaking and replace the pavement.

The city administration insists that the removal of the Cleveland Electric tracks shall be done in accordance with a permit issued by the Board of Public Service, which directs that traffic should not be interfered with and that the rails should be removed, section after section, in order that service might be maintained by the opposition company.

BETTER PAY FOR MANY MEN

Rhode Island Company Closes Voluntary Increase with "Knock" on Labor Unions.

PROVIDENCE, R. I., April 24.—Announcement of a 10 per cent increase in wages on a basis of a ten-hour day, to go into effect on Sunday next, was made today by the management of the Rhode Island company, the corporation that operates practically all of the street railway lines in the state. This increase will be shared by 615 motormen and 598 conductors. In explaining the increase General Manager A. E. Potter said:

"The raise is granted the men without any request having been made by them and would indicate that the railway management is able to deal more liberally with its employees where no unions exist, for the reason that it is not obliged to hold back something at all times as a matter of trade.

PALLIUM FOR ARCHBISHOP

Cardinal Gibbon Invests New Orleans Prelate with High Insignia.

BISHOP SCANNELL PRESENT AT CEREMONY

Hierarchy of Catholic Church Gather to Pay Honor to Archbishop Blenk-Sermon by Archbishop Gleason.

NEW ORLEANS, La., April 24.—Before a distinguished representation of the Roman Catholic hierarchy of the United States, including Cardinal Gibbons, two archbishops, twelve bishops, Archbishop Blenk of New Orleans was invested with the pallium today. This insignia is the official recognition by the church of the archbishop's succession to the functions and authority of the late Archbishop Chapelle, whose arch-episcopal province comprised Louisiana, Mississippi, Alabama, Arkansas, Texas and Oklahoma, and which during the yellow fever epidemic here two years ago.

The ceremony took place in the old St. Louis cathedral, where various important events in Archbishop Blenk's life have transpired since he lived in this city as a boy. The office was taken in the pappal colors, yellow and white, interspersed with the American colors and the archbishop's purple. About 10 o'clock a solemn procession of 150 of the clergy wended its way to the thronged cathedral, where, following a celebration of high mass, the pallium was placed upon the altar.

It is a band of white wool with two pendants of the same material, and bears four black crosses. It was brought here from Rome and its sacred import was described as follows by Archbishop Gleason of St. Louis, who delivered the sermon:

"Before the pallium was placed on St. Peter's tomb, there was the simple history of the making of this pallium at the hands of the daughters of St. Agnes, from the wool of the lambs which were dedicated to St. Agnes, the virgin and martyr, the snow drop of the springtime in the Christian life, the symbol of the snow and snowmelted with the cross of her martyrdom, the pallium was carried to the tomb of the apostle, guarded there on his feast day, blessed by the sovereign pontiff and forwarded from that shrine here."

With the pallium were three jewels, an amethyst, a topaz and a ruby, each set in a pin for fastening the insignia upon the archbishop's garments. Contrary to custom, these jewels were not sent from Rome, but were, with the pope's permission, gifts of an old New Orleans family, friends of Archbishop Blenk of many years' standing. The jewels are a sapphire, a diamond and a pearl.

After the mass Archbishop Blenk renewed his oath of allegiance and fidelity to the Holy See and then Cardinal Gibbons placed the pallium upon the most revered prelate's shoulders.

In addition to Cardinal Gibbons and Archbishop Gleason and Blenk, the following were present: Archbishop Moeller of Cincinnati and Bishops Estrada of Havana, Cuba; Bonnell of Omaha, Neb.; Messinger of Wichita, Kan.; Janssen of Belleville, Ill.; O'Reilly (auxiliary) of Peoria, Ill.; Morris (auxiliary) of St. Louis, Mo.; Hays of Nashville, Tenn.; Garrison of Sioux City, Ia.; Kenny of St. Augustine, Fla.; Verdugo of Brownsville, Tex.; Dunne of Dallas, Tex.; Gallagher of Galveston, Tex.; Meerschaert of Guthrie, Okl.; Heslin of Natchez, Miss.; Allen of Mobile, Ala.; and Van Deven of Natchitoches, La.

DOUBLE TRAGEDY IN OIL CITY

Man About to Be Married Killed by a Former Sweetheart Who Commits Suicide.

OIL CITY, Pa., April 24.—Thaddeus Stevens Ross of this city was shot three times and instantly killed here today by Miss Belle Stroup. The woman then shot herself through the heart. The tragedy occurred in the office of Dr. George Magee while the physician was at lunch. Both victims were members of prominent families. Ross was to have been married tonight at 9 o'clock to Miss Druella Sampel of this city.

There were no witnesses to the shooting. The murderer and suicide was formerly a sweetheart of the dead man. Ross was dining at home with his family during the evening and the tragedy occurred when the telephone rang. His father answered the call and a woman's voice inquired for "Thad." The young man, after answering, informed the family he had to go to the doctor's office for a few minutes, but would return as soon as he saw him alive.

Miss Stroup arrived at noon from Bradford, where she had been employed in a hospital and went directly to the office of Dr. Magee. Finding nobody in the office she called Ross on the telephone and asked him to come to the office and see her. When Dr. Magee returned from lunch he found the dead bodies. In a chair in a corner of the office at Ross, his head lying back on the chair and blood streaming from a bullet wound in his neck. His forehead was burned with powder where a bullet entered his brain. Another ball had pierced his heart. Miss Stroup was lying a few feet away. Blood was flowing from a wound in her left side.

ALLEGED SAFE BLOWER FLEES

Man Charged with Destroying School Records at Peoria Escapes from Hospital.

PEORIA, Ill., April 24.—Edward Tate, an alleged safeblower, who was held in this city on the charge of opening the school board safe and destroying the N. C. St. Charles' script escaped tonight from the St. Charles' hospital. He had been in the hospital for several days suffering from blood poison.

Dougherty, a former superintendent of the Peoria schools, is in prison at Joliet for financial irregularities. The script supposed to have been destroyed by Tate contained, it is said, further evidence of Dougherty's guilt.

THOUSANDS ASK PARDON

Petition in Favor of Missouri Merchant Escaped Convict Goes to President.

KANSAS CITY, Mo., April 24.—A petition to President Roosevelt, containing 20,000 names, asking that he pardon Charles W. Anderson, was forwarded today to Senator William Warner at Washington.

This huge appeal has been prepared since Tuesday last, when Anderson, a respected business man, was arrested here and returned to the federal penitentiary at Leavenworth, Kan., from which he escaped eight years ago.

REMEDY FOR CAR SHORTAGE

Roads That Fail to Return Borrowed Cars Promptly Are to Be Penalized.

CHICAGO, April 24.—Decisive action was taken today by the American Railway association to remedy the car shortage which for several months has been causing so much worry among shippers throughout the country. The failure of some roads to furnish sufficient quota of equipment for their own traffic and the failure to provide and enforce proper rules for the return of foreign cars to their own roads are responsible for the shortage and to remedy the evil the association today adopted a rule, to be confirmed later by letter ballot of all the roads, providing that any railroad which hereafter shall not promptly return to its owner after unloading all cars consigned to it will be penalized \$5 for each car so misused, to be paid to the owner of the car. This penalty is in addition to the per diem charge of 50 cents which, after July 1, each road must pay for each car not its own, which may be on its lines.

In order to make the new rule more effective, the principle of publicity is to be invoked, through the instrumentality of the clearing house recently established in Chicago.

Through the new rule the chairman of the clearing house committee is now authorized to send to each of the members a statement comprising the information already collected as to the car location. The percentage of equipment on line, of total owned and unfilled car orders. This the association believes will enable each railroad in the country to know exactly which lines are delinquent in the matter of furnishing adequate cars or failing to return cars to their home lines.

The report of the committee on standard rail sections was adopted unanimously and the steel rail manufacturers will be told that the present rails are not up to specifications and that a better and safer rail must be provided.

W. C. Brown of the New York Central was elected president and W. A. Gardner of the Chicago & Northwestern second vice president.

The convention adjourned today to meet in Norfolk, Va., in October.

ARCHBISHOP FOR AMERICA

Right Rev. Plato to Become Head of Orthodox Russian Church in United States.

ST. PETERSBURG, April 24.—The Right Rev. Sergius, bishop of Finland, having declined the episcopate of the Russian church, the Rev. Dr. Tikhon, archbishop of the Orthodox Russian church in the United States, the Holy Synod met again today and elected the Right Rev. Plato to the post.

Bishop Plato is one of the youngest prelates in the Russian church. He was born in 1888 and graduated from the Kursk seminary in 1886. He achieved especial prominence in Kiev politics, where he openly aided the reactionary union of Russian people, under whose sponsorship he became a member of the lower house of Parliament from the city of Kiev after a bitter contest. In the duma, however, he had shown little sympathy with Vladimir M. Puriakovich, vice president of the Union of Russian people and his followers.

Joining the more moderate group under Count Bobrinsky.

Speaking in the house on one occasion in reply to attacks from the left party, Bishop Plato said: "I got down in the mud at Kiev in order to save the Jews from those who would attack them."

MEAT ARGUMENT AT LONDON

Government Promises to Take Steps to Keep Goods from America Pure.

LONDON, April 24.—There was an attempt in the House of Commons this afternoon to revive the agitation against the American packing houses, a subject which has been under discussion for several months ago, and the Board of Trade rather discontenanced any recrudescence of the matter. It arose from a question of Sir William Bull, conservative, who suggested the necessity for "protecting the meat trade of this country against the attacks of 'premier' meat unit for food from being marketed here by representatives of the American meat packers."

Mr. Lloyd George, president of the Board of Trade, dealing with the importation and preparation of food. Mr. Lloyd George added:

"I am not aware that there is any cause for further action."

The president of the Board of Trade, however, promised to watch the matter.

REACTIONARIES ARE ACTIVE

Provincial Governors in St. Petersburg to Strike Blow at the Duma.

ST. PETERSBURG, April 24.—Several provincial governors have arrived in St. Petersburg to support the movement of the reactionists in favor of a disruption of Parliament on the ground that the debates are causing dangerous agitation and ferment. This, it is alleged, is especially noticeable in the provinces, where the agrarian disorders of 1905 and 1906 occurred.

The panicky feeling among the liberals as to the possibility of a dissolution of Parliament has subsided owing to the nodal manner in which the emperor received President Galoviz yesterday.

The first executive session of the lower house of Parliament will be held April 26, when, at the request of the minister of war, the house will consider the law fixing number of recruits for 1907. This is an urgent matter, as the law must be promulgated by May 14.

MINERS AND OPERATORS MEET

Canadians Do Not Like Intervention of Government in the Present Trouble.

FERNIE, B. C., April 24.—Conferees between the miners and the operators were held last night behind closed doors. The conference was held again today.

The general suggestion of both miners and operators is a settlement, but the intervention of the government is looked upon with disfavor by both sides.

The dispute at Fernie is a long one and that the third arbitrator under the law disputes act will be Chief Justice Sir William Mullock, formerly minister of labor in the Dominion cabinet.

Pope Receives Bishop O'Gorman.

ROME, April 24.—The pope today received in private audience Bishop O'Gorman of Sioux Falls, S. D.

NEAR CLOSE OF LIBEL SUIT

Defense Rests and Connell Starts Attack on News' Testimony.

VIC WALKER AND SHERCLIFF ON GRINDLE

Harlequin of Former Tells About the Denial Checks and Brother of Latter Impeaches Star Deposition.

The beginning of the end of the Dennison-News libel suit came yesterday afternoon shortly before 3 o'clock when the defense rested with the understanding the most witnesses, not in the city yesterday might be called today. The plaintiff at once began an attack in rebuttal on the evidence offered by the News tending to reflect on the character and reputation of Tom Dennison. The single witness yet to be examined by the defense is T. J. Mahoney of the Civic Federation.

Early in the forenoon W. J. Broatch was recalled to the witness stand by the defense to supplement his testimony of the day before regarding the cancelled checks given by Vic Walker in 1904 and destroyed by him. He said the checks were made payable to Tom Dennison and were drawn on the Merchants' National bank. The remainder of the testimony for the defense was purely technical.

As soon as the defense had rested Attorney Connell began an attack on the witnesses for the defense by means of impeaching testimony. The evidence of Vic Walker regarding the giving of checks to Dennison for alleged police protection was first attacked. Will A. Minor, formerly Walker's partner, was the first witness.

He said he remembered Dennison's cashing a check for \$20 for Walker in October, 1901, on the night he and Walker attended a prize fight together. The contention of the plaintiff is that this was one of the checks given by Walker to Broatch and destroyed. Minor said Walker frequently got Dennison to cash his checks when he ran short of ready money.

Homer Morris, a brother of Sherman W. Morris, alias Frank Sheriff, the Follock diamond robber, went on the stand to impeach his brother's deposition. He said his brother told him the case against Dennison in Iowa was a put up job made up by Elmer Thomas and the Civic Federation. He said his brother also told him the claim that Dennison dug up the Follock diamonds at Missions Valley was incorrect and the whole thing was a put up job to send Dennison to the penitentiary.

Chief Donahue went on the stand and denied the truth of a conversation George Estelle testified he had had with the chief. Objections were made to the introduction of depositions by C. E. Llewellyn and C. E. Doyle, contradicting some of the things in Sheriff's deposition, and the jury was excused until morning, while the attorneys argued the law. Judge Estelle reserved his ruling on the points until morning.

The cross-examination by W. J. Connell of Vic Walker occupied the principal part of the forenoon session Wednesday. Walker was subjected to a close examination by Mr. Connell in an effort to bring out alleged discrepancies between his testimony Tuesday and testimony he had previously given.

R. Beecher Howell, J. H. Merchant and I. W. Carpenter went on the stand and testified as to Dennison's general reputation prior to the publication of the article in the News. They were also closely examined by Mr. Connell as to the political or personal hostility to Dennison or their connection with the Civic Federation.

A. A. Bebout, a former police officer, testified he had seen Dennison at the police station frequently about 1901 when he was desk sergeant.

ARREST IN KIDNAPING CASE

Deck Hand is Taken into Custody by Officers at Dover, Delaware.

DOVER, Del., April 24.—Frank H. Butler, a deck hand on the steamer John P. Wilson, was taken into custody today charged with the murder of Horace N. Marvin, the 4-year-old son of Dr. Marvin, the boy who mysteriously disappeared March 4.

The theory of the detectives responsible for the arrest, is that the boy was murdered or accidentally killed and that Butler knows something about the case.

Acting on the theory that this bag contained the body of the child, the detectives decided to charge Butler with murder.

The opinion among the people of this city and vicinity is that Butler knows little if anything about the case.

MOYER AND HAYWOOD DAY

Labor Unions to Be Asked to Make General Protest Against President's Utterances.

MILWAUKEE, April 24.—A movement, similar in scope to that made by Moyer and Haywood-Pittsburg day early in May, on which day every union in the country is to protest against the action of President Roosevelt in calling Moyer and Haywood undesirable citizens, has been launched in Milwaukee. The plan contemplates that the president shall be taken to task also for his communication to Honore Jaxon of Chicago in which he reiterates his criticism.

BOISE, Ida., April 24.—William Yost appeared in the district court here today in answer to a citation to show cause why he should not be held for contempt of court. The basis of the citation was an affidavit of J. L. Wagner, a juror in the regular panel for this term of court. Wagner said Yost had made an effort to draw out his opinion of the Moyer-Haywood case and had discussed the matter in his presence.

Yost, filed and argued a motion to quash the affidavit, asserting that their client had been guilty of no offense. They gave notice that if the motion to quash is overruled they will file a demurrer. The court took the matter under advisement until tomorrow morning.

UTES PRESENT A PROBLEM

Have Arranged to Lease Lands, but How Are They Going to Pay the Rent?

(From a Staff Correspondent.)

WASHINGTON, April 24.—(Special Telegram)—Indian Commissioner Leupp was today shown a special telegram to the Bee from Pierre, S. D., stating that the Cheyenne river council had adjourned after having agreed to lease certain sections of their land to the Utes as a Post-Meads.

Mr. Leupp said this was in line with the expressed wishes of the chief men of the runaway Utes, now being cared for by the government at Fort Meade, but stated that if any such arrangements is carried into effect there are many details to be considered. The matter of transportation first to be considered, how the Utes are to pay their rent and what they can be induced to attempt in order to become self-supporting. "These three propositions," said Mr. Leupp, are the main points being considered, and we are not yet in a position to conclude and probably will not be able to solve these problems for some time. "As to the statement that I will attend the Fourth of July celebration on Virgin creek, that is all news to me. I had not contemplated spending the Fourth of July in that part of the country, but it may occur that official business in connection with the affairs of the Utes may compel me to visit the Cheyenne river at some time in the near future."

R. H. Johnson of Custer, S. D., was today granted a permit to occupy fifty-seven acres in the Black Hills national forest reserve in South Dakota for the purpose of agriculture and pasture.

The application of M. H. Welton, Roy R. Welton, C. H. Laartz, William Walsh, Ernest Fresso and D. H. Mueller to organize the First National bank of Ottumwa, Iowa, has been approved by the comptroller of the currency.

Dr. A. S. Bowers of Waukon, Ia., has been appointed physician at Panama.

SNOW IN WESTERN NEBRASKA

Four Inches Have Already Fallen with Indications It Will Continue Throughout the Night.

ALLIANCE, Neb., April 24.—(Special Telegram)—A genuine, old-fashioned snow-storm prevails here tonight and the indications are it will continue through the night. The storm embraces the territory from Seneca to Billings, Mont.

NOPIK, Neb., April 24.—A blizzard is reported to have struck the Rosebud Reservation in South Dakota northwest of here at 9 o'clock. A driving wind and fine snow arrived there from the northwest.

SIDNEY, Neb., April 24.—(Special Telegram)—Four inches of snow will here tonight and it will continue through the night. No wind with it and stock will not suffer, but it will be worth a fortune to the dry land farmers of Cheyenne county.

ARAPAHOE, Neb., April 24.—(Special Telegram)—A snowstorm started at 11:30 a. m. that threatens with the high wind here tonight and it will continue through the night. Four inches of snow has fallen already and it is steadily increasing.

GREEN BAY, Wis., April 24.—Six inches of snow fell here today and the storm is still in progress tonight. Traffic of all kinds is badly delayed. Several coal boats on their way here are likely to experience difficulty in making port.

IN DEFENSE OF HAGERMAN

Mass Meeting at Albuquerque Asks President Not to Accept Governor's Resignation.

ALBUQUERQUE, N. M., April 24.—Three thousand people in mass meeting tonight united in a protest against the resignation of Governor H. J. Hagerman of New Mexico, which was requested a week ago by President Roosevelt. Resolutions were adopted vigorously condemning W. H. Anderson, delegate in congress, and W. H. Anderson, United States attorney for New Mexico, who were held responsible for the resignation which resulted in the president's action.

The resolutions state that it is the belief of the people that the president has been deceived as to Governor Hagerman's act, and as to the state of public sentiment in the territory, and request that he do not accept the resignation. The meeting appointed a committee of fifty republicans to meet the people and receive expressions of their approval of his administration.

Messages were read at the meeting from other meetings in Las Vegas, Deming and many other places in New Mexico.
