 WHEN MR ANTHONY discovered St. Anthony Falls and interested people in their development, about 47 years ago, Minneapolis had scarcely 500 inhabitants-now it has 300,000- and Minneapolis builded herself up on her lumber and her water-power. In 1366 Seattle was populated only by an Adam and an Eve, and now has to show, in 42 years, a population of 300,000.
 Osteopathy.

 What built up Seattle? Location and forest wealth. Kanass City in 1855, just 52 years ago, was populated by an old man and his dog. Look at her today-the proudest city in the land, with 230,000 poople. Lots that sold for \$25 and a necktle now sell for \$25 0,000 aplece and are cheap at that. People who grew up with the towns are today their state's proud-est citizens and the backbone of its wealth and brains. Are you not bright enough to want to be somebody in a few years, to stay in this country and to leave a name for honesty, thrift and fore-elght? The new town of INTERNA-TIONAL FALLS, MINNESOTA, with its miles of lakes, its 3,000 horsepower now being harnessed, its 8,0000 cords of pulp wood, possesses wealth in greater abund-ance than either Minneapolis, Seattle or
