street commissioner. There is now left in
the funds to be turned over by the street
commissioner \$22,000. The street commissioner will have charge of only street
cleaning.

In connection with the street cleaning,
in a proper manner until the holes in the
pavements are fixed. I cannot run the
large sweepers over these broken pavements to any advantage and the hand work
is slow. As soon as the downtown pavements to any advantage and the hand work
is slow. As soon as the downtown pavements are repaired I will begin the large
machine work early in the morning and
have men with barrels follow up work
during the day. Twelve barrels on wheels

CROSS LINE ON FORTIETH

Etreet Car Tracks Will Be Run from Farnam to Cuming Street.

WORK WILL BE BEGUN WITHOUT DELAY

Half the Number of Farnam Street

Cars Will He Run to Cuming and Half to

een decided upon by the Omaha & Councli Bluffs Street Rallway company and work will be begun on the line at once. The city engineer has authorized the company to lay the double tracks, which will run from Fortieth and Dodge streets to on Fortieth street at Davenport to the west, and the line will connect with the Parnism street line at Fortieth and Dodge streets. When the line is completed half the Farnam street cars will be run to Fortieth and Cuming streets, where they will stop, and half will run to Dundee.

Work will be begun at once on the block between Dodge and Davenport streets, as this street is to be paved and the directors wish to install the tracks before the paving is done.

Work also has been authorized on a new track from Thirteenth and Davenport streets west on Davenport to Fifteenth and north on Fifteenth to Webster streets. This crossings of the railroad tracks which would be necessary when the Northwestern builds its tracks to the new freight depot which is now in course of construction Two crossings are now necessary over the Misssouri Pacific track, and these will be

James Jensen has been awarded the contract by the Omaha & Council Bluffs Street Railway company for the laying of the for transmitting the power from the new plant to the outlaying stations. Power is to be carried at 12,000 volts and reduced to 550 volts at the converting stations which will be built. The contract calls for the construction of conduits from the power station on the river to Seventeenth and Farnam streets, and from there to the new station at Twenty-seventh and Lake streets and from some point on the Farnam street conduit to South Omaha, probably out Thirteenth street.
This is part of the betterment which

street rallway is making in its power plant. For this purpose \$300,000 has been authorized to be expended in a new power plant, in the conduits and substations. foundation is now being installed for the new generator at the power plant and maternal is expected soon to arrive for this. The company also is going to relay the light rails with heavier ones on the line to Fairmont park in Council Bluffs. This work will be done as soon as the heavier
