Miss Sution Wins Game.

NEW YORK, April 29.—Miss May Sutton played against Raymond D. Little today and won for her side a place in the final of the mixed doubles. The match in the lawn tennis tournament on the court of the St. Nicholas rink brought Miss Sutton and T. R. Peil on the opposite side of the net from Mrs. Barger-Wallach and Raymond D. Little. The latter played with marked effect in the first set, winning at 9-7. Miss Sutton and Pell won the remaining sets at 6-2 and 6-1. Miss Nora Liella and William A. Larned defeated Miss Margaret Behr and Karl H. Behr, jr., 6-3 and 6-1. Holmes is to Play Third. Manager "Ducky" Holmes today announced the transfer of Jack Frost, third baseman for the Lincoln base ball club since the imaguration of the Western league champlonship race, to the Stoux City club, which had previously owned the player's services. Holmes is hard pressed to find a successor for Lee Quillin, British armored cruiser Boxburgh and the British armored cruiser Boxburgh and the

American battleships Alabama and Virginia. The Britishers were left far behind, after holding the lead for the first hundred rarus, and the Alabama jackies won from the Virginia's crew by a scant ten yards after a bow to bow struggle over the mile course.

LAND FORCUT-OFF LAKE PARK

Acquisities of Property Sought by the Omaha Commissioners.

COUNCIL AND MAYOR ASKED TO ACT

First Cost is Estimated at Fifty Thousand Dollars and Vote Is Anticipated on Matter in Fall.

The Park board yesterday afternoon adopted a resolution declaring certain property be acquired for park purposes around Cut-Off lake and that the city council and mayor be requested to take necessary action for the appropriation of such land, With this resolution, which Commissioner Cornish offered, was a detailed description of the property, which extends around the lake, from Thirteenth street between Browne and Locust on the west, along the north side of the lake to Avenue F on the east. It has been estimated that the first cost will be about \$50,000, which probably will be voted on next November. Yesterday's action by the park commissioners was the first real step toward the establishment of Cut-Off lake park, the previous work being informal discus-

sions and looking over the ground. Secretary Wilson of the Federation of Improvement Clubs appeared before the board and urged the establishment of at least three inside rest parks to cost about \$100,000, and for which bonds should be voted this fall. Mr. Wilson asked the Park board to take the initiative in this 113 matter.

Various citizens protested against the proposed speedway in Elmwood park on the grounds that such a feature would disturb the natural beauties of the park and the many visitors who have picnics there in the summer. The protests were filled.

Leavenworth Paving.

The park board began its April meeting Monday morning and adjourned at noon to meet again at 2 o'clock. The morning session was entirely taken up with the consideration of the Leavenworth street paving, from Fortieth to Forty-eighth streets, which matter has been hanging fire for several years. The members, of the county board sat with the park commissioners, the former being particularly anxious to have continuous paving along Leavenworth street to Elmwood park. The park board will have charge of the paving to Forty-eighth street. It was the sense of the meeting that the park board will pave the section of Leavenworth street referred to as soon as the street has been turned back to the park system.

Park Commissioner Gonden made a mo tion that E. D. Van Court be given the contract for paving this street at the rate of 85 cents per square yard, which contract would run about \$6,800. Commissioner Cornish was much opposed to such procedure without first advertising for bids on the work. While Mr. Cornish did not doubt that the board could make such a contract without advertising for bids, he held that such action would establish a bad precedent and be not in line with the general policy of the board. Mr. Gonden, however, seemed insistent that Mr. Van Court be given the contract forthwith, as he (Gonden) said he had investigated the matter and found 85 cents a yard a low rate. The members decided to advertise for bids before letting the contract.

NATURE'S Every one should take a tonic in the Spring; their systems require it. The

blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concections, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its ost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old, S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass this trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once, S. S. S. restores lost energy, relieves that tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO. ATLANTA ' as

Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more that an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Backet Weave" trend which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$5,0 per pair, but for advertising purposes we are making a special factory price to the rider of only \$5,00 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pays a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride caster, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We know that you will be so well
