MAY DAY RIOTS IN PARIS

Twenty Persons Injured and One Thousand Arrests Made.

SHOTS FIRED FROM TOP OF OMNIBUS

Naturalized American Starts Disturbance by Shooting Two Soldiers - Crowd Tries to Lynch Him.

PARIS, May 1.—The expectation that May day would pass off without violence was not realized. The day began calm, but toward evening in the working center in the vicinity of the trades unions' headquarters became the scene of serious disturbances, in which many persons were injured.

The precautions taken by the authorities and the stern determination to repress disorders, however, brought tranquillity before midnight. Over a thousand arrests were made during the day, twenty persons being injured and a great number of others suffering from contusions or from being trampled.

During the afternoon Jacob Law, a Russian, who is a naturalized American, from the top of an omnibus passing the Place de la Republique, fired five shots, by which two cuirassiers were wounded. The crowd attempted to lynch Law, who was dragged from the omnibus. He was rescued by the police after he had been severely beaten.

Police Charge Crowd. After a meeting at the Labor exchange 5,000 men proceeded to the headquarters of the labor federation, hooting the police and a woman fired, the bullet striking a member of the bicycle patrol. The squad of police drew their sabres and revolvers and a lively melee followed, lasting half an hour. The police pressed the crowd to the banks of the Seine's canal, where which 200 arrests were made and many persons hurt.

In the Place de la Republique the police while arresting rioters were surrounded by a threatening crowd which attempted to assault them. Charges were made by the crowd, but finding their position perilous the police fired in the air. A further detachment came on the scene at double quick time, and with drawn sabres charged and dispersed the crowd. Many persons were injured and many places under the banks of the Seine's canal, where which 200 arrests were made and many persons hurt.

At 12 o'clock noon today, the balloon hot-air-ship over Cape Girardeau, Mo. A west wind there took it across to Illinois. Just before crossing the river the drag rope struck a tree, impeding the progress of the balloon. Ballast was thrown out and the balloon rose to an altitude of two miles. The sun came out and it went still higher. It continued east into Indiana. Here an east wind struck the balloon, driving it into the clouds. Emerging from the clouds the aeronauts found themselves over the Ohio river near Golconda. They decided to descend.

The balloon was in the air about fifteen hours. Provisions had been taken for a thirty-six-hour trip, and the aeronauts could have remained in the air forty-eight hours. Had they been making in one direction they would have remained up at least thirty-six hours. Golconda is in Pope county, Illinois, on the Ohio river. It is 162 miles by railroad from St. Louis and about 130 miles in a direct line.

New Move in Tate Case. CHICAGO, May 1.—The petition for a writ of habeas corpus by which it was sought to release Eddie Tate, who was arrested here Saturday charged with complicity in the burking of the safe of the Board of Education, was withdrawn today in the superior court. Attorney Herbert Cowdry appeared before Judge Smith and asked permission to withdraw the petition without prejudice. After the petition was dismissed Attorney Cowdry said that efforts would be made to have a second petition issued which would be against the sheriff of Cook county instead of Chief of Police Shippy, as was the first one.

John Burns Criticized. LONDON, May 1.—The laborites celebrated May day in London with demonstrations and processions on the Thames bank and elsewhere. The demonstrations were orderly. A noteworthy incident of the day was the rather strong tone of the criticisms of the policy of John Burns since he became a minister, mainly the complaints made of his lack of sympathy for the unemployed.
