**INTERSTATE RATES APPEAL**

National Commission Asked to Say Whether They Can Be More Than Sum of Local.

**MILWAUKEE PROTESTS AN ASSESSMENT**  
Don C. Despain Named as Labor Commissioner. His Commission to Expire With the Current Year.

(From a Staff Correspondent.)  
LINCOLN, May 1.—(Special.)—The State Railway commission has written to the Interstate Commerce commission regarding the right of railroads to charge a higher rate for through traffic than the total of the rates in the several states. Though the letter was written several days ago an answer has yet been received, but a decision from the higher body is expected any time.

Should the national commission hold the state commission in check, it will hereafter railroads in Nebraska cannot charge 3 cents a mile for interstate travel, when the local rates in the states traversed is less than 3 cents. In the meantime the commission has written to the Union Pacific department asking if the Union Pacific intends to keep on selling tickets for 3 cents a mile between Nebraska points when the train runs over into an adjoining state in going from one Nebraska point to another. Should the Interstate Commerce commission insist on charging 3 cents a mile, this matter also will be referred to the national commission and the local commission believes the result will be an order from the former that no through rate can exceed the total of the local rates.

From the letter exchanged by the commission and the Interstate Commerce commission of the Union Pacific it is very evident the two bodies have not started off on the same footing. Some time ago the commission sent a letter to the railroad calling its attention to the 3 cent rate it was charging between North Platte and Sidney. The opinion of the attorney general was cited by the commission that the railroad had no right to do this. Very shortly the answer came back that the company, when in need of legal advice, would consult John N. Baldwin, the head of the legal department, and not the attorney general of the state. Several such precedents have been exchanged, but so far no overt act has been committed by either.

The big day for the commission will be May 7, when a schedule of rates will be adopted and put into effect. The railroad men have been notified of this meeting and are expected to be on hand and offer objections or suggestions and to look after their own interests. On the other hand the commission has on file numerous complaints, more or less serious, which will be shown to the railroad men and which they will be asked to correct.

Member Clarke and Secretary Perkins were both away from Lincoln, the former with his father-in-law, who is dangerously ill in Omaha, and the latter at the home of Paul where Mrs. Perkins is ill. Mr. Clarke returned today.

**Milwaukee Protests Assessment.**  
A. S. Dudley, tax commissioner of the Milwaukee railroad, has raised the question of the right of the Interstate Commerce commission to assess railroads whose lines extend into Nebraska over leased lines and have no local property in the state except the right to use the tracks of some other railroad. With his report filed with the board today Mr. Dudley sent a statement, as follows:

The law for the assessment of railroads provides that the situs of the valuation of any company shall be fixed by a reference to the location of its principal office. This company neither owns, controls nor controls any mileage in your state, but it does have a franchise in your state for the use of its tracks across the Union Pacific railroad has "tracking rights" on the line of the company across the river into Omaha. As a result of this franchise, the valuation has been fixed by reference to the location of its principal office, the city of Omaha. The Rock Island Railroad company, which also operates the same tracking rights into the city of Omaha on the Union Pacific company's tracks, has been assessed on the basis of its principal office in the city of Omaha. In other words, "tracking rights" have been used in the case of this company and in the case of any company owning mileage also as a method of distributing the valuation.

My position has been that the assessment of the Union Pacific and the Rock Island by other companies is not in violation of any "tracking rights" that another company might have in its mileage; and this view is supported by the fact that the fact that where a company has only "tracking rights" the statute does not provide a method of assessing the company. The Union Pacific company in allowing the use of its terminals at Omaha by other companies has been assessed on the basis of the fact that the terminals are greater in extent than the mileage of the company. I am not questioning the validity of an assessment to the Rock Island company and the St. Paul company both enter the city of Omaha over the tracks of the Union Pacific company, both companies having merely "tracking rights" and the Rock Island company is not taxed in Omaha and the St. Paul company is.

The St. Paul company does not wish to be taxed on the basis of the fact that it has terminals in your state, possibly rolling stock, though this is used in its business. In fact, we have paid the taxes levied on the assessments of the last two years, though, as I have suggested, it is not clear as to whether the statute provides a situs for any valuation.

Mr. Dudley closed his letter with the request that his road be assessed less this year than last year, if the board still held that it had jurisdiction.

The net earnings of this road for the last year amounted to \$20,654,000, and it spent in operation, maintenance and improvements \$27,750,000, making a total gross earning of \$57,770,000. The company was assessed at \$2,000,000 last year.

**Despain Labor Commissioner.**  
Don C. Despain was appointed labor commissioner this afternoon and J. C. Derby of Lincoln was appointed janitor at the executive mansion. Despain's commission reads from May 1 to December 31, 1907, and his appointment, it is understood, was at the urgent request of Senator Norris Brown, and it was limited to eight months because in that time, it is understood, Senator Brown will be able to find a place for Despain in Washington or somewhere else. For four years Despain has been chief clerk in the office of the labor commissioner, but the recent legislation abolished this office, and he is now under obligation to resign. Senator Brown has a press bureau for him previous to the state convention, but the senator just at this time was unable to take care of Despain, and so prevailed upon Governor Sheldon to do so, and inasmuch as the governor had already named to the office a package on the Kearney road, it was decided that Despain's appointment is supposed to be a sort of consolation.

**Fight on Majors.**  
And now the big fight is on for the scalp of Colonel Tom Majors, member of the State Normal board, whose time expires in June. The name of Dr. Taylor of Auburn was presented to the governor today as a good timber to make a member of the board, and he has the backing of numerous citizens of Auburn and elsewhere who have a desire to retire Colonel Majors to private life. On the other hand, it is said the colonel has a candidate in the person of Dr. Shelton of Peru. Those names have also been mentioned to the governor. Several persons have suggested to Governor Sheldon the advisability of appointing men to this board who live neither at Kearney nor Peru, where the normals are located.

because it has been urged more attention will be paid to working up thorough schools by outsiders than to increasing the price of real estate, as local members of the board are liable to do.

**Capital Briefs.**  
Governor Sheldon was visited today by Representatives Armstrong of Nemaha, Harrison of Cass and former Representative Robert Howe of Nemaha and by Senator Gould of Greeley. Dr. Taylor of Auburn was a caller late this afternoon.

The report of the Santa Fe Railroad company filed with the State Board of Assessors today, shows that road to have collected during the year the sum of \$2,500,000 as its gross earnings. Its net earnings amounted to \$1,782,000.24. While this road operates a total of 2,830.15 miles only 1.96 miles are located in Nebraska.

Secretary of State Junkin received a message this morning that C. S. Rolph of Smithfield had died last night of pneumonia, after the illness of three or four days. Mr. Rolph was cashier of the bank at Smithfield and had been a lifetime friend of the secretary of state. Mr. Junkin will endeavor to attend the funeral.

Insurance Deputy Pierce has notified insurance agents not to solicit any business from the Head-Schuch company of Minneapolis, because that company has no right to do business in this state. The penalty for soliciting insurance for a company which has no license to operate in Nebraska, is a fine of from \$50 to \$100.

Ed Lawrence, bond clerk in the office of Assistant Justice, who was marked some time ago by Farmer Time, but who took the bit in his teeth, jerked the scythe away from the old man and cut his way back to health and happiness, returned to work this morning after an absence of several months, feeling as strong and healthy as a new spring onion. During his illness, Lawrence experimented in the use of various herbs, with the result that the heretofore billiard ball appearance of his pate, has been wonderfully changed, nine little curly fellows having broken through the crust.

**New Deputy Federal Marshal.**  
United States Marshal Warner while in Lincoln today announced the appointment of C. H. Hensel as deputy marshal, with headquarters at Kearney. Hensel was formerly sheriff of Thayer county.

**After Alleged Grafter.**  
It is understood the grand jury is going after those persons who file complaints against the granting of a liquor license and then withdraw the same upon the payment of a certain sum of money by the applicant. It is rumored that if this matter is gone into very deeply a prominent anti-saloon worker or two will be involved, as well as a few attorneys.

**State Returns from Idaho.**  
State Treasurer Brien has returned to Lincoln after his trip to Idaho, where he picked up some Idaho state bonds for Nebraska investments without paying a cent to a middleman. The bonds will pay the state 4 per cent.

**Permit to Lower Rates.**  
Permittees were granted by the Nebraska Railway commission today to the Rock Island to establish short line rates in this state, subject to the usual rule that intermediate points be given the same or better rates. This is the third road to get such a permit, the Northwestern and the Missouri Pacific having applied previously.

**Dividend on Failed Bank.**  
Receiver Whitmore of the failed Citizens bank today reported to the board of depositors that a dividend of 70 per cent to depositors is available. There is cash on hand of \$74,074. The receiver believes an additional 5 per cent dividend will be possible when he is able to realize on the property of W. J. Crandall, the cashier, whose disappearance caused the closing of the bank.

**EXAMINERS VISIT NORMAL SCHOOL**  
State Board Spends Two Days Inspecting Normal School at Peru.

PERU, Neb., May 1.—(Special.)—The State Board of Examiners, which, under the new law governing the issuance of state certificates to graduates of Normal schools and colleges, spent yesterday and today in Peru in inspecting every department of the State Normal school at this place. The board, which is composed of A. Pulmer of Beatrice and Principal C. O'Connell of Ashland spent two whole days inspecting the actual work done at Peru. They gave the graduates of both the training and higher courses a most rigid preliminary examination to date of entry into the school. Time studies had been prepared, previous preparation in both grades and high school, experience, efficiency in work done here and general fitness for professional work as teachers. This rigid inspection was made in order to ascertain if the graduates were of the same standard as may be maintained in the other schools of the state issuing state certificates to their graduates under the new law. Superintendent J. L. McBrien said today that under the new law no graduate of other schools doing his work in this school will receive a certificate unless recommended by this board as having completed a course equal in every respect to that completed by the Peru graduates. Members of the faculty and students took great interest in the inspection, as they are proud of the high entrance requirements and standards maintained here.

**Pierce Fight With Wolves.**  
TABLE ROCK, Neb., May 1.—(Special.)—With some three inches of snow on the ground yesterday morning wolf packs thought it an ideal day for capturing a couple of wolves which rendezvous on the high bluffs three miles south of town a short distance above the Nemaha river. The chase was soon in progress and one of the dogs began to bark in defiance of the rest came up to and attacked two wolves.

**TRAINED NURSE**  
Remarks About Nourishing Food.

"A physician's wife gave me a package of Grape-Nuts one day and the remark that she was sure I would find the food very beneficial, both for my own use and for my patients. I was particularly attracted to the food, as at that time the case was very low and I appreciated the fact that Grape-Nuts requires no cooking.

"The food was deliciously crisp, and most inviting to the appetite. After making use of it twice a day for the last four weeks, I discovered that it was a wonderful invigorator. I used to suffer greatly from exhaustion, headaches and depression of spirits. My work had been very trying at times and indigestion had set in.

"Now I am always well and ready for any amount of work, have an abundance of active energy, cheerfulness and mental poise. I have proved to my entire satisfaction that this change has been brought about by Grape-Nuts food.

"The fact that it is predigested is a very desirable feature. I have had many remarks from my patients, and I cannot speak too highly of the food. My friends constantly comment on the change in my appearance. I have gained 8 pounds since beginning the use of Grape-Nuts. There is a Reason. Read 'The Road to Wellville,' in pink.

**New Bank at Kearney.**  
KEARNEY, Neb., May 1.—(Special.)—Although handicapped by not having been able to get regular fixtures in place, the Commercial National bank opened for business Wednesday morning, with temporary fixtures in place, in the banking room in the opera house block. This bank starts out with a paid up capital stock of \$100,000 and with the men who are back of it will no doubt do their share of the banking business of the community.

**Widow Gets No Damages.**  
BEATRICE, Neb., May 1.—(Special Telegram.)—After being out all night the jury in the \$2,000 damage suit of Mrs. Jennie Burns against G. H. Johnson, lessee of the Paddock opera house, and the managers of the Paddock Hotel company for the death of her husband, Charles Burns, an actor, who was killed on the evening of August 7, 1905, by falling from the rear of the Paddock stage, brought in a verdict for the defendants. The evidence showed that Burns insisted that the door leading to the alley from the stage be opened or closed by the men who were back of it and that the door was closed and that soon after his request was granted by the stage

**PIANO PRICES GOING DOWN**

We know that when you find out what wonderful piano values we are going to offer for the next few weeks that you will lose no time in calling on us or writing for catalogue. Never before were such prices quoted on pianos as we are making at the present time. We sell you a new upright piano for \$138, \$148, \$158, \$168. Slightly used pianos from \$55 to \$150. \$2 cash and \$1 per week thereafter will bring a beautiful piano to your home. Why not have one sent up today!

**NORFOLK MAN IS KILLED**

Norfolk County Farmer Shoots Saloon Keeper and Makes His Escape.

**TRAGEDY OCCURS AT AN EARLY HOUR**

Frank Jarmer is Dead and Herman Boche a Fugitive—Boche Has Been in Court Before.

NORFOLK, Neb., May 1.—(Special Telegram.)—Within one week of the day when, eighteen years ago, he killed George Ives of Tilden with an axe for trespassing on his land, Frank Jarmer, who was acquitted of that killing, today shot and killed Frank Jarmer, a Norfolk saloon keeper.

The tragedy occurred in front of a resort from which the two men, who had been fast friends, were departing at an early hour. They were just getting into a cab. Boche immediately disappeared and has not been found. He is a prosperous farmer living four miles southeast of Norfolk and has a large family. The two men were members of the same fraternal order.

Boche and Jarmer, warm friends, had gone to the house at 1 o'clock this morning, and were departing together, at 5 o'clock. Jarmer, insisted that Boche enter a waiting cab, and once forced him inside. Boche lunged out and fired three bullets into Jarmer. The cabman did not interfere, but climbed into his box and drove to town. Boche then disappeared and was at large at noon, though Sheriff Clements and a posse were searching.

Both were married men, Boche having six children. Jarmer succumbed on the floor of the resort's parlor an hour after the shooting. His wife was taken to the place to see him die.

Up until a late hour tonight not the slightest clue had developed regarding the whereabouts of Herman Boche, the farmer

**TEST OF THE ANTI-PASS LAW**

Plattsmouth Man Arrested and Hearing Set for May 9.

PLATTSMOUTH, Neb., May 1.—(Special.)—In district court in the case of the state against A. N. Sullivan, who is charged with having accepted a pass from the Missouri Pacific Railway company, the defendant entered a plea of not guilty to the charge. May 9 has been named for hearing the case, after which it will be taken to the highest court, in case of conviction, to decide the validity of the anti-pass law.

**Tekamah Commercial Club Banquet**

TEKAMAH, Neb., May 1.—(Special.)—The third annual meeting of the Tekamah Commercial club was held last night at Thomas' hall. There was a large attendance. Reports of the different officers showed that the club has been unusually active during the last year and much good is being accomplished in the way of needed permanent improvements.

The election of officers was unanimous in each instance, with the following result: E. C. Clouston, president; D. W. Greenleaf, vice president; R. W. Adams, secretary; Ed Letta, treasurer; E. W. Shaffer, member of the executive committee. Immediately following the business session of the club proceeded to the Merchants hotel, where the third annual banquet was held. Plates were laid for 300 and music was furnished by the Tekamah orchestra. B. F. Griffin, who has been president of the club for the last three years, acted as toastmaster. After the banquet eloquent responses were made by local orators on subjects pertaining to needed improvements.

**Orchard & Wilhelm CURTAINS**

and CURTAIN MATERIALS at a much lower price than regular. We import direct for our wholesale and retail departments, thus being in a position to sell curtains and curtain stuffs of all kinds at about the former cost.

**Handkerchiefs**

When a fierce battle ensued and the dog came near losing his life, as the battle raged until the hunters came within twenty feet of them. The wolves, which were larger than any ever seen hereabouts, took their departure and as none of the boys had a gun the animals easily escaped. Two young wolves were captured.

**NEBRASKA CITY PEOPLE ANGRY**

Reprints May Be Levied on Railroad Unless New Depot is Built.  
NEBRASKA CITY, May 1.—(Special.)—For many years the people of this city have been demanding of the Burlington a new station building at this point. Last year plans were drawn for a new depot, which did not meet the approval of the citizens and through the efforts of the Commercial club new plans were made and the promise given that during the coming summer the depot would be erected. This was very satisfactory to the people and all were waiting the Burlington on the back. But now comes a letter to John W. Steinhart, president of the Commercial club, in which Mr. Hoitge says:

I doubt the possibility of obtaining an appropriation for the proposed passenger station in your city. Investors are so disinclined, under present circumstances, to put money into railroad securities, that it is important that all of the railroads should know more definitely what, if any, are the prospects for the future. I am sorry that it seems to be necessary to postpone the construction of this building.

The letter is far from meeting the approval of citizens and many of the business men favor adopting the plan of York-shutting off all patronage until the company grants the favor promised. The Commercial club will take up the matter at its next meeting. This is the best commercial point on the line outside of Omaha and Lincoln, a little heroic treatment would cost the company more than two depots.

**Lively Time at Council Meeting.**

BEATRICE, Neb., May 1.—(Special.)—There was a big turnout at the city council meeting last evening and a great display of oratory over the matter of closing Platte avenue between Ninth and Tenth streets for the benefit of the Fremont Normal school. The whole matter finally went over to an adjourned meeting to be held next week. Fifteen saloon and five drug store licenses were granted. There was some opposition to Henry Thompson's petition, but there being no remonstrance on file it went through. The paving contract which had been awarded to Turner of Cedar Rapids, Ia., was declared forfeited and was awarded to Hugh Murphy of Omaha at \$1.35 per yard, 27 cents for curbing and 19 cents for moving curb. The reports of Water and Light Commissioner Mathews showed that for the past year the plant had paid running expenses and left a profit of over \$5,000. The council decided to rebuild the light and water plant at its present location.

**NEBRASKA CITY**

**Workman Killed in Ditch.**  
TEKAMAH, Neb., May 1.—(Special Telegram.)—Scott Miner, age 27 years, who has been employed on the tilting machine putting in drainage ditches north of this place was killed this afternoon by being buried in one of the trenches. Miner was laying tile in the trench, when the bank caved in and was smothered to death before he could be gotten out. The deceased leaves a wife and three children.

**News of Nebraska.**

**BLUE HILL**—At the election for the \$5,000 bonds for a new court house on Tuesday the proposition was defeated. **BEATRICE**—The Geage County Holiness association convened here today for a two days session. The meetings will be held in Le Sell's Street Methodist church, West Beatrice. **NEBRASKA CITY**—An attempt was made to rob Allen Bros. store, but the burglars were frightened away. They managed to get into the basement, but could not get onto the first floor.

**ARLINGTON**

The Chicago & North-western railroad has a large force of men busy putting down in the stock yards at this place. Old ties are being used for flooring. This is a good improvement, as hauled and would last for weeks. **LEIGH**—Mrs. Alice Forney, wife of W. M. Forney, died at her home in Leigh yesterday at 1 o'clock of paralysis. She had been a long sufferer and was confined to her bed almost constantly for the last year. She leaves a husband and four children.

**ARLINGTON**

Prof. Emerson of the state university and two assistants are making a report for the state on the progress of the trees were sprayed the fruit was free from scab and of a better quality than the unsprayed trees.

**NEBRASKA CITY**

Roy Patterson had a close call from being buried to death. He was out in his orchard and struck a match on the seat of his trousers and soon all his clothes were on fire. His wife was with him and with her assistance the fire was put out before much damage was done.

**BEATRICE**

Following is the mortgage report for Geage county for the month of April: Number of farm mortgages filed, 27; amount, \$6,310; number of farm mortgages released, 42; amount, \$848. Number of city mortgages filed, 6; amount, \$2,611; number of city mortgages released, 12; amount, \$1,100.

**supreme court before it is finally decided.**

**BEATRICE**—At a special meeting of the city council last evening the offer of H. C. Spiller & Co. of Boston, Mass., to sell \$2,500 of 3 per cent bonds, due in 1920, for \$2,000, or 20 cents in the dollar and interest for the purchase, was accepted and the clerk was ordered to draw a warrant on the treasurer for a saloon license to David Giesbrecht was bought by the city. The matter of granting the next regular meeting.

**NEBRASKA CITY**—Postal Inspector Swift, who has been in the employ of the government longer than any one else in Nebraska, was badly injured sometime ago in a wreck near Chicago and came home to rest. Sunday he went to Chicago to report for duty, but before he reached there he was in such condition that the government officials sent him home. It will be some time before he will be able to report for active duty.

**BEATRICE**—A copy of the Oklahoma City Post received here contains an article to the effect that George A. Murphy of Muskogee, I. T., a former attorney from this city and ex-state senator from Geage county, is charged with attempting to defraud Mattie, Nellie and Dick Harrison, colored, out of their lands. Summed up, the petition charges Murphy with securing practically \$200,000 worth of lands while acting as attorney for this colored family, and they got less than \$500 for it.
