COUNTY STARTS OUT AHEAD

Will Begin New Fiscal Year with No Draft on General Fund.

ENOUGH CASH NOW FOR APRIL AND MAY

Twelve Thousand is Outstanding. Largely in Disputed Bills, and Most Will Go Back to General.

Douglas county finances are in such a condition this year that for the first time in years there will be little or no overdraft on the general fund before the 1907 July becomes available, according to figures submitted to the county board by W. G. Ure, chairman of the finance committee. Usually the board has had to begin the fiscal year with enough back bills to make heavy inroads on the general fund as soon as it is available in August. The report shows the county owes for bills contracted prior to January 1, \$1,001.22, and for bills contracted since then, \$1,767.78, or a total of \$2,769.00. At the time the report was made, April 25, there was \$48,572.20 in the general fund, enough, it is estimated, to carry the county through April and May. Current collections and fees, it is believed, will be enough to provide for the June and July expenditures. The \$22,000 outstanding against the funds represents largely disputed bills due principally to the clerk of the district court and sheriff. Most of the amount will be returned to the general fund as surplus fees as soon as allowed.

Saving in Charities.

Chairman Fred Bruning of the charity committee also has submitted a report showing a substantial saving in the expenditures of the charity committee. The report covers the expenses of the department for the first quarter of the year since 1906. The figures are as follows: First quarter, 1904, \$8,654.18; 1905, \$11,353.75; 1906, \$5,337.77; 1907, \$3,584.92. The expenditure for the last quarter is less than for any corresponding quarter for ten years. The report says no case of suffering has been reported that has not been cared for.

County Board Has Elected Miss Annette F. Freeland head nurse at the County hospital to fill the vacancy caused by the resignation some time ago of Miss Yoder.

Miss Freeland is from the City hospital at St. Paul and is highly recommended by Dr. J. E. Sumner.

Pink Collects Big Sum.

County and City Treasurer Fink reports that during last month he collected \$25,449.59 for current county and state real estate taxes, which began drawing interest May 1. For the same period during April of 1906 he collected \$17,513.38 and during April the year before \$14,598.36, which shows a steady increase and a desire among the taxpayers to keep taxes up. Up to May 1 last year the treasurer issued 23,823 receipts for these taxes and up to today for this year he issued 23,313 receipts.

DOUBLE MURDER IS FEARED

Frank Lockman May Follow His Brother, Who Died of Injuries in Fight.

Frank Lockman, brother of Harry Lockman, the negro who died from wounds received in a fight with other negroes at 815 North Fifteenth street Sunday night, lies in a critical condition at his home, 211 North Sixteenth street, and a double murder may be the result of the fight. Ever since he was taken by the police standing near the prostrate body of his brother with a razor in his possession, he has appeared to be in a dazed state, remembering nothing, according to his statement, since he was struck in the back of the head by Al Harper, now under arrest, with a club. Lockman was taken to jail after the fight and an attempt was made to get the story of the affair from him, but he could only go so far in his description, when his memory failed him. This was believed to be assumed but in the morning when told his brother had died, he looked blank with only the remark "Is that so? But where is my Elmer?" Suspicion then was aroused that he was not right. He had a bad scalp wound, which was sewed up by the police surgeons, but there was no sign of a fracture. Wednesday morning word reached the police that he is in bad condition at his home and may die.

Al Harper and Eliza Enix are in the county jail to be held to the district court upon the recommendation of the coroner's jury, which investigated Harry Lockman's

death, the other negro arrested after the fight, having been released when their testimony had been given at the inquest. Witnesses swore at the inquest that Harper had Frank Lockman down and was pounding him and that Harry Lockman went to his brother's aid, when Enix picked up the stick and struck him down. Frank got to his feet when Harper took the stick and struck him also. Enix signed a confession of his part in the fight, admitting he struck a blow with the heavy stick.

MONEY IS SOON RECOVERED

Six Hundred Dollars Stolen by Negroes is Returned to Victim Through Police.

Coming to Omaha from Golden, Colo., with his wife and children, to locate either here or Council Bluffs, F. Nelson wandered abroad Wednesday noon and was relieved of \$60 by colored women, whose appeals to buy beer he heeded. Emma Royce and Daisy Thomas, 1007 1/2 Capitol avenue, were arrested by Captain Savage, Sergeant Cook and Detective Dunn and were identified by the victim as the thieves. Later in the day a messenger boy came into Captain Savage's office at the city jail and handed him an envelope. The captain opened it; there was \$60. "That's as far as we have gone with the case, but we are going all the way," said the captain.

WHEAT MAKES BIG GROWTH

Receipts in Omaha Nearly Six Times as Large as Year Ago.

OVER HALF MILLION BUSHELS IN APRIL

Total Receipts of Grain Ending May First Increase in Same Ratio Over Those of Last Year.

Although the receipts of grain at the Omaha market have fallen off appreciably during the last few weeks, which is a normal condition at this period of the year, the figures showing receipts and shipments as given by Secretary McVann of the Grain exchange, show continued improvement in the magnitude of the Omaha market. This is most marked in wheat, the receipts of which increased from 97,300 bushels in April of last year to 234,000 bushels during the month just passed. Total receipts during the last month were 2,968,500 bushels, as compared with receipts of 2,060,000 bushels during the same same period last year, and total shipments were 3,272,000 bushels, against 3,078,000 bushels last year.

Corn receipts during the last month were less than one million bushels, as compared with 1,163,000 bushels during April, 1906, but this decrease in receipts was more than balanced by the increase of oats to 1,070,400 bushels, against 774,400 bushels in April, 1906. Shipments of corn decreased in April, 1907, to 1,553,000 bushels, as compared with 1,642,000 bushels during the same month of the preceding year, but shipments of oats increased nearly 200,000 bushels over the previous year to the total of 1,235,000 bushels. The decrease in business in corn is attributed to the general cleaning up of stocks by farmers prior to the spring plowing campaign and receipts are always lighter during the spring months than at any time in the year. Farmers are so busy plowing, seeding and cultivating. In addition to harvesting the winter crops, that price changes in the market have little or no effect in increasing or decreasing the normal receipts.

Greatest Point of Comparison.

The remarkable growth in importance of the local market is best illustrated by comparison of the figures on receipts and shipments for the four months ending April 30, 1907 and 1906. Total receipts during the period in question increased 2,400,000 bushels to 15,607,300 bushels, and total shipments increased nearly 2,000,000 bushels to 17,009,500 bushels. The most important gain during the period under review was the marked increase in wheat receipts and shipments. The receipts for the period ending April 30, 1907, were 2,455,200 bushels, as compared with only 965,900 bushels during the first four months of 1906. Wheat shipments to April 30 were 2,489,000 bushels, against 1,232,000 bushels during 1906, an increase in volume of exactly 100 per cent. Corn receipts were 2,195,100 bushels, as compared with 2,284,800 bushels last year, and corn shipments increased 200,000 bushels to 5,610,000 bushels.

Receipts of oats since January 1 increased 1,000,000 bushels over the same period of 1906 to 4,848,000 bushels, and shipments show a larger increase of 1,400,000 bushels to 5,770,500 bushels.

THIRTY THOUSAND FOR CHURCH

Second Presbyterian Will Complete New Home Within Next Three Years.

The Second Presbyterian church has taken the first step toward erecting a new edifice to cost \$30,000. At a meeting of the trustees and the session Tuesday night a resolution was adopted committing the members of the church to a determination to proceed with this plan and to have the building completed and the money raised within three years. Dr. Newman Hall Burdick, pastor, has been quietly canvassing the situation for some months with a view of launching this movement and he believes the time is ripe to make a start. His church membership is steadily growing in interest and numbers and is apparently in thorough sympathy on this question. The dedication recently of the beautiful Lowe Avenue Presbyterian church has been a stimulus to the zeal of the Second church. A congregational meeting of the Second Presbyterian church will be held May 15.

BOY SAYS HOBO STOLE HIM

Little Fellow Declares He Was Lured Away from Kansas City Home.

Saying he had been lured away from his home at Kansas City by a tramp and brought to Omaha, little David Markowitz, aged 7 1/2 years, Wednesday applied at a boat on the river for transportation back home, but was told the boat does not run. The lad says he lives at Thirty-second and Main streets, Kansas City, and his father, Rio Markowitz, runs a dry goods store at 408 1/2 Main street. He said a "hobo" told him he would give him work he wanted and took him along on the train. He thought they were going only down town, but the train carried them clear to Omaha, where they arrived at 11 o'clock Tuesday night. Little David said they slept behind a house on the ground all night, and then he made the statement that his partner slipped down the bank into the Missouri river and never came up again. He stuck to this story tenaciously and the police will turn him over to the Associated Charities for return to Kansas City. The boy said he didn't want to run away, but wants to be taken home immediately.

FORT DID NOT SAY CONTEST

Union Pacific Official Corrects Misstatement of His Assertion in Letter.

Gerrit Fort, assistant general passenger agent of the Union Pacific, says there is some mistake in the report of the letter which his company had sent to the Nebraska State Railway commission. He says he did not write any such thing as was given out—that is, that the railroads were contemplating a contest of the 3-cent passenger law. "What I did say—and Mr. Wakeley of the Burlington wrote practically the same thing—" said Mr. Fort, "was that we did not want to reduce the interstate rates at this time and then have to be put in the position of raising the rates later if we should find the law non-compensatory or if it was decided the law was unconstitutional. I simply alluded to the possibility of a contest in the future if such things should be found to be a fact."

Neuralgia

Do you know how to cure it? Constitutional treatment will of course. But that takes time, and in the meantime you continue to suffer. This is where Dr. Miles' Anti-Pain Pills are invaluable. They stop the pain. The pain is in the nerves—in the large ones, that is why it is so severe. Anti-Pain Pills soothe these nerves and bring relief. Get them at any drug store. "My husband and I have been using Dr. Miles' Anti-Pain Pills for neuralgia and headache, for the past ten years." MRS. THOS. LAIDLAW, Yates Center, Kansas. If first package fails to benefit, money back, 35 doses, 25 cents. Never sold in bulk. MILES MEDICAL CO., Elkhart, Ind.

One of the Important Duties of Physicians and the Well-Informed of the World. It is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy. TRUTH AND QUALITY appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only. This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle. Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906. CALIFORNIA FIG SYRUP CO. Louisville, Ky. San Francisco, Cal. U. S. A.
