**LISTEN!**  
Our Prices Are Going to Talk!

THE most eloquent and convincing salesman in this store is "PRICE"—if you are a judge of values and know what constitutes high grade apparel, he will speak to you in a language easily understood. If you are not a judge you may safely come here, for the clothes "PRICE" sells for us will never disappoint you in their style, making or quality—rather, they'll make you wonder how you were ever satisfied with the common-place sorts of clothes.

**\$10** FOR SPRING SUITS  
At this price we offer you an assortment of styles and fabrics not to be found at any other store. They come in worsteds, chevots and serges—plain colors, checks, overplaid and stripes—and cut in the very latest styles—they will surprise you when you see them.

**\$12** FOR SPRING SUITS  
That are far superior to any other store's \$12 suits—in fact, an equal quality sells elsewhere at about \$15—worsteds, cassimeres, chevots, beautiful patterns that will fit you right, for they were made by men who know what "a fit" means.

**\$15** FOR SPRING SUITS  
It is pretty generally conceded that our \$15 suits are without a peer in Omaha—some stores claim to have suits just as good—we're satisfied to have you size them up alongside other lines—worsteds, velours, cassimeres, chevots, etc. snappy patterns made into beautiful shape retaining garments that fit you right.

AT VARIOUS PRICES UP TO \$35.00  
We show you a line of spring suits that no other store in Omaha even attempts to show—they can only be compared to the best products of high-class tailors, but we don't charge you nearly so much as he does.

**RAINCOATS! RAINCOATS! RAINCOATS!**  
The handiest coat a man can own—dresy and chill excluding in dry weather and a sure shelter in a shower

**CHILDREN'S SUIT BARGAINS**

We have about 150 suits at a decided bargain—small lots of 2-piece suits, knee trousers—7 to 16 years and Norfolk, Sailor Blouse, Russian and Buster Browns—sizes 3, 4 and 5 years—all the newest fabrics and colors—and actually worth up to \$4—but you're welcome to any that will fit your boy for—

**\$1.85**

**UNDERWEAR TALK**  
Do you know what "seconds" are? They are the goods that the inspectors at the mill find with flaws in them—we absolutely refuse to handle them—lots of Omaha stores do have them—they sell them for 5c or 10c less than good goods can be sold for—when you buy "seconds" you're the loser—not the merchant.

Regents of University Will Go into Court to Test Ruling of Auditor on Issuance of Warrants in Advance of Tax Payments.

(From a Staff Correspondent.)  
LINCOLN, May 2.—(Special Telegram.)—A. W. Scribner, tax commissioner of the Union Pacific, brought down his report and filed it with the State Board of Assessment today and it will be used as the basis of assessment for this road. The Union Pacific, according to the report, has done fairly well during the last year, taking everything into consideration, even though its freight earnings only amounted to \$11,987,797 in Nebraska. This was an increase over the freight earnings last year of the small sum of about \$1,500,000. The passenger earnings were only increased about \$200,000, while the total gross earnings were increased only about \$2,000,000. The net earnings per mile, however, were only increased about \$20 a mile. This was due to the increase in the cost of operating and to the payment of taxes, which for the last three years has not been included

of the auditor practically nullifies the registration law, which permits holders of warrants to register them and draw interest when there is no money on hand to pay them. He will bring the matter before the supreme court at once, probably through mandamus proceedings.

**James Keeps His Job.**  
Will O. Jones, editor of the State Journal, will not have to resign his position on the Journal in order to take his new position. It develops that Mr. Jones was one of the men who made the Journal rule that no employe of that paper could hold or be an applicant for a political job, and now he interprets it to mean a "salaried job." The nice place Mr. Jones is about to accept only pays so much a day and traveling expenses and this does not come under the ban. Inasmuch as the Journal did considerable knocking on Senator Burkett last winter some of the politicians are wondering what it will do now with its editor on the senator's staff.

**No Effect on Nebraska.**  
A telegram sent out from Washington to the effect that the commissioner of the general land office had issued instructions to registers and receivers and local land offices permitting the various states to select school land in lieu of the land in the forest reserves has occasioned numerous inquiries at the office of Land Commissioner Eaton. Nebraska has considerable land in the forest reserves in this state, but there will be no other land taken in lieu of this. At this time Nebraska has about 130 acres coming to it from the government, but that is all. The land included in the forest reserves and belonging to the state and leased is being used by the lessees, who have permission to go to and from the land at will.

**Minnesota Calls Nebraskan.**  
Dr. Frederick E. Clements, professor of botany in the University of Nebraska, today received a call to become the head of the department of botany in the University of Minnesota. It was announced unofficially that Dr. Clements will accept.

**Northwestern Asks for Ruling.**  
The Northwestern Railroad company, through its general agent, today asked for a ruling from the railway commission concerning shipments of sheep, inasmuch as federal inspectors of live stock refuse to pass judgment upon any shipments made in future between points in the same state. Heretofore the national inspectors have looked after all shipments, whether state or interstate. The sheep shipping season has started, and the Northwestern authorities are anxious to know whether their

road will be subject to prosecution under state laws if it accepts animals for transit inside of Nebraska without their having been inspected. The commission was unprepared to answer and the matter is in abeyance.

**Impatient Wait for Jobs.**  
People down here are sighing and sighing, and some patiently and some impatiently spend most of their time around the governor's office waiting for lightning to strike and the axe to fall. But there is nothing doing. The governor is spending most of his time attending board meetings and looking after the details of his office, and from all outward appearance he is less concerned about dropping heads into the baskets and putting new heads on departments than anyone else. In some instances the delay has been caused by persons to whom the executive has offered positions wanting time to think the matter over. A number of applicants, despairing of getting a state job, it is said, have gone back to work, and if a lot more would do that, it is understood, the governor would be saved disappointing a whole lot of people.

**Capital City Briefs.**  
Volume 71 of the Nebraska supreme court reports has been received by Clerk Harry Lindsay. Under the law enacted by the recent legislature these reports are now selling for \$2 each.  
The Burlington today asked permission of the State Railway commission to be permitted to put in a lower sand rate between South Bend and other points to conform to the rates from Louisville.  
H. R. 31 by Glenn of Red Willow is said to be no good because it failed to carry with it a replevin clause. This bill, which was passed and approved, provides that abstractors shall give surety bonds and carries a penalty for abstractors not bonded.  
The city campaign took on a little life today when a new ticket was injected into the proceedings by the anti-saloon league advocates. This ticket is composed of George L. Schrothberger for mayor and Louis Hompes and W. B. Howard for excise men. All of the men are well known in Lincoln.

**BERMAN BOHE IS STILL AT LARGE**  
Two Sheriffs, a Constable and Deputy Continue Search for Murderer.  
NORFOLK, Neb., May 2.—(Special Telegram.)—The night's search for Herman Bohe was fruitless and the two sheriffs, constable and deputy returned early today to their man hunt.  
No trace of the slayer of Farmer has been found since he was shot at yesterday. Homes of relatives have been searched in vain and the woods about the Bohe farm have been secured again and again, but Bohe, if he is still in this vicinity, has eluded every effort to locate him.

**Forgery Case at Tecumseh.**  
TECUMSEH, Neb., May 3.—(Special Telegram.)—The case of the state against Elmer Damon and Lee Farrier on a forgery charge is being heard in the county court here. Damon and Farrier, young men residing in Vista, are accused of forging two checks, each for \$50, on the State bank at Vista and signing the name of O. L. Damon, father of Elmer Damon, to them. The checks were cashed at the two banks at Sterling by Farrier. It is alleged the defenses is seeking to prove an alibi.

**IT'S YOUR KIDNEYS**

urine for a few days. If passages are irregular, painful or too scanty, discolored or full of sediment, the kidneys need help right away, and there is no other medicine more helpful than Doan's Kidney Pills, a simple remedy for the kidneys, yet so powerful that it quickly cures the cause and so ends all the painful and annoying symptoms. Home testimony proves the unfailing merit of Doan's Kidney Pills.

**OMAHA TESTIMONY.**  
Mrs. M. Towner of 1625 Dorcas St., Omaha, Neb., says: "It is seven years ago since I gave a statement telling what great benefit Doan's Kidney Pills had given in my case. I suffered so severely from backache that at times I could scarcely move, and to stoop was an utter impossibility. To add to my misery, trouble with the kidney secretions of a most annoying and disturbing nature existed. My husband procured Doan's Kidney Pills for me. This grand remedy not only proved effective from the very first, but in a very short time removed the cause of the trouble, thus effecting a complete and radical cure, and I want the people of Omaha to know that that cure has been permanent. Doan's Kidney Pills are as good as gold. As a kidney medicine they have no equal."
