ering market A new feature of the win-ter wheat situation was the appearance of the army worm in Missouri and Ken-tucky, as claimed in some of today's dis-patchos. A strong close in the wheat market at Liverpool, due to unfavorable even advices from Germany, furnished an additional incentive to participators. The market olosed strong, with prices near the high market. July wheat opened 1489/sc higher, at 55050-sc, advanced to 86% and closed at 86c. Clearances of wheat and flour were equal to 35,000 bushels. Frimary receipts were 575,000 bushels. Primary receipts were 575,000 bushels. Primary spola, Duluth and Chicago reported re-ceipts of 456 cars, against 432 cars last week and 108 cars one year ago. The corn market was firm all day. Com

And 106 cars one year ago. The corn market was firm all day. Com-mission houses and cash interests were active bidders, but offerings were small. The market closed strong at the highest point of the day. July corn opened un-changed to bic, where it closed Local re-cepts were 300 cars, with 30 cars of con-tract grade. Cold weather in the northwest was the strength of wheat, however, was an in-fluential factor. Trading was only mod-erated to 5% c and closed at 45% (2008) to a shade higher, at 450 to 1500 the, ad-tract grade. Provisions showed decided strength and the volume of trading was an improved demand for lard by shippers and exporters. At the close July pork was up 260, at 156.00 Lard was up 17% (2000, at 50.000) ard was up 17% (2000, at 50.000)
