

CASH FOR THE UNIVERSITY

Lie School Not So Badly Off as Some Would Try to Make Out.

OVER MILLION DOLLARS FOR BIENNIAL

Burlington Files a List of Passes Issued, but Like the Other Roads It Omits to Make It Complete.

(From a Staff Correspondent.)

LINCOLN, May 11.—(Special.)—According to the appropriation bills certified to the state auditor the State university is not as badly crippled as some of the Lincoln people are trying to make out. The total amount of money to be used by the regents during the next two years is \$1,083,288.48. This includes the estimated receipts from the 1-mill levy and interest on permanent investments figured at \$728,000, which is considered an extremely low estimate. Several smaller appropriations, such as for instance, as the \$7,000 for the construction of a greenhouse for the study of bugs, at the state farm is not included in the money to be spent in the interest of the university and neither is the amount appropriated for a state botanist and entomologist. It is believed in the auditor's office the university will receive at least \$70,000 or \$80,000 more than specified in the appropriation bills. The specific appropriations are as follows:

North Platte station, \$25,000.00; Farmer's institute, services, etc., 30,000.00; Permanent improvements, 25,000.00; Investigation swamp fever, 1,000.00; Proceeds of mill levy, together with interest and lease on university and broken rail collie lands, interest on permanent funds, estimated, 70,000.00; University cash, 120,000.00; Agricultural experiment station fund, derived from the United States government, 44,000.00; Morrill fund derived from United States government, 50,000.00; Balance on hand in above funds March 27, 1907, 25,822.19; Agricultural experiment station, 96.29; Agricultural and mechanics art fund, 1,825.01.

Total, \$1,083,288.48. Burlington railroad today, following the example of the other roads and the very evident agreement entered into between them all, reported its pass list to the State Railway commission without giving any information. The report is about one inch thick and typewritten and contains many hundred passes issued to employes and relatives of employes, but not a surgeon or railroad attorney is mentioned.

The commission is now considering demanding of the railroads the name of every person who rides on transportation for which he failed to pay 2 cents a mile and if the names are not forthcoming the penalty clause in the commission law relating to the refusal of railroads to furnish information demanded by the commission will be enforced. The penalty is a fine of from \$50 to \$5,000. Should the names be furnished the commission is of the opinion many persons will bring action charging discrimination in passenger rates.

Jones Gets the Commission. William Owen Jones, editor of the State Journal, yesterday received his commission as a member of the examining board for the Annapolis naval academy, his appointment coming through Senator Burkett. Mr. Jones, accompanied by his daughter, Miss Mariel Jones, leave for Annapolis on June 8 to be present at the commencement.

Rulings on Sheriff's Fees. Attorney General Thompson is flooded with questions concerning the salaries and fees of sheriffs, as fixed by the recent legislature. Under an old statute sheriffs are allowed \$1 a day for delivering prisoners to the penitentiary, to be paid by the state. Mr. Thompson is inclined to the opinion that this fee goes to the sheriff as an agent of the state and need not be reported to the county commissioners with the other fees which sheriffs are required to report. In some counties this law will materially increase the income of sheriffs, as it will be paid in addition to the increased salaries of the sheriffs.

County Attorney Jay C. Moore of Johnson county has requested the attorney general to interpret that part of the law which reads as follows: "Provided, further, that the sheriff shall, on the first Tuesday in January, April, July and October of each year make a report to the Board of County Commissioners or Supervisors, under oath, showing the different items of fees, except mileage, collected or earned, from whom, at what time and for what service, and the total amount of fees collected or earned by such officers during the last report, and also the amount collected or earned for the current year, and he shall then pay all fees earned to the county treasurer."

In reply Attorney General Thompson said: "My interpretation of this provision is that the sheriff is required to report, at the time stated, the items of fees, except mileage, either collected or earned, specifying them, and that he shall also report the total amount of fees collected and earned, not specified, including mileage, and shall pay over to the county treasurer all fees earned, including mileage. In my judgment the purpose of this act was to

Long Pine Will Be "Dry." LONG PINE, Neb., May 11.—(Special.)—In spite of the fact that the high license party carried the election by an overwhelming majority, Long Pine will be a dry town for a period of at least three weeks. Four applications for licenses were presented to the town board, and against the granting of these licenses strenuous remonstrances were offered by the members of the temperance party. The hearing of this matter was set for Thursday, May 9. The remonstrances seemed to be based on some technical points in the old ordinance regarding the license. The board, after hearing both sides of the case, decided to repeal the old ordinance and at the next meeting, which was held Thursday evening, May 9, passed a new ordinance regarding the granting of saloon licenses. New petitions will have to be made and applications with the publication of the new ordinance, will require three weeks' time, so that it will be at least three weeks before the saloons can open up.

David City Municipal Affairs. DAVID CITY, Neb., May 11.—(Special.)—At a special meeting of the council, W. C. Buchta was elected president of the council for the ensuing year. Mayor Ross appointed the following standing committees for the year: Finance, W. C. Buchta, W. W. Cochran; water and light, N. Miller; health, Dr. H. E. Burdick; Charles Abbott; poor, W. W. Cochran, W. C. Buchta; Board of Health, Dr. H. E. Burdick, health officer, N. Miller and Charles Sweeney. Mayor Ross appointed Charles Clingman, engineer at water works; S. Clingman, water commissioner; R. F. Lattimer, chief of police; F. W. McDonald, night police; Michael Tilma, street commissioner; F. J. Ayres, park commissioner. All of the appointments were confirmed by the council. The official bonds of A. M. Walling, police judge; George L. Krahl, city treasurer, and W. S. McCoy, city clerk, were approved. Saloon licenses were granted to Jacob Thomas, William H. Bates, Herman Bros. and John Stykal.

Woman Burned to Death. RED CLOUD, Neb., May 11.—(Special.)—Mrs. Hittan, an aged woman living a few miles in the country northwest of this place, was burned to death Friday. She was burning corn husks in a draw not far from the house when her clothing caught fire and before assistance could reach her she

make the sheriff responsible to the county for the collection of all fees for services rendered by him."

Attorney General Thompson has not yet passed on the right of the sheriff to retain a fee of \$10 a day as jailer's fee, but a very prominent attorney is of the opinion this fee will be cut out.

Two Students Suspended. Two students were suspended from the State university today because they roomed at the same house in which some girl students of the university roomed. The students will be reinstated if they agree to move and apologize to Mrs. Barley, dean of the women's department. Officials of the university some time ago promulgated this rule about rooming houses. Since then, it is understood, Mrs. Barley's husband, who was interested in a girl's dormitory, has disposed of his interest in that institution.

State Auditor Says There is No Appropriation for Their Payment. WAHOO, Neb., May 11.—(Special.)—Nine coyotes were killed south of Wahoo the first of the week and claims for bounty filed with the county clerk. Upon inquiry the county clerk received the following notice from the state auditor: "Relative to the payment of bounty on wolves, we desire to advise you that this department will be unable to draw warrants against this fund, as there is no appropriation providing for their payment. This applies to claims already vouchered and that may be vouchered during the next two years."

FARMER IS BURNED TO DEATH. Alone in Home When Fire Starts and Body Found in Ruins. WAHOO, Neb., May 11.—(Special Telegram.)—Wencesl Simodyma, a wealthy farmer reading about four miles north of Wahoo, was burned to death in his home this morning. The residence was burned to the ground and his charred body found in the ruins. He was at home alone at the time of the fire, which is supposed to have started from a defective flue. He leaves three sons and four daughters.

Degree of Honor Conferred Ends. KEARNEY, Neb., May 11.—(Special Telegram.)—The degree of honor conferred upon the members of the Orpheus club at their session last night after many speeches prepared by Mrs. Elder of North Platte, Mrs. Fay Gibson, Mable Gillings, Broken Bow; Mrs. Dunham, Cosad, and others. Elm Creek was chosen for the next convention. In the election of officers Mrs. Edith Gould of Elm Creek was elected district superintendent, Mrs. Rex Jones of Elm Creek, district secretary, and Mrs. Dunham of Cosad, treasurer.

John Wilson's Daughter Heard From. TECUMSEH, Neb., May 11.—(The valuable estate of the late Judge and Mrs. John Wilson of Tecumseh is still awaiting the return of John Wilson, Jr., who ran away from home in his youth. The son, if living, is now a man well advanced in

years. A letter directed to Governor Sheldon has been received from a woman in Kansas who claims to be a daughter of the son. The letter follows: JAMESTOWN, Kan., May 2, 1907.—Governor: I heard there was an estate of \$5,000 left to John Wilson. I am the daughter of John Wilson. Please write me the particulars. WRECK AT KEITH'S SIDING. Engineer Dean Hurt When Freight Falls to Clear Track. NORTH PLATTE, Neb., May 11.—(Special.)—About 12:30 last night freight train No. 54 failed to clear the track for passenger train No. 4 at Keith's siding, nine miles east of here, and a collision occurred. A number of cars were derailed, and it required about five hours to clear the wreck, delaying No. 5 about that length of time. No one was killed, but Engineer Rush Dean was somewhat injured, not seriously, however.

Chancellor Andrews Lectures. SCHUTLER, Neb., May 11.—(Special Telegram.)—Chancellor Benjamin Andrews of the State university spoke this evening at the Methodist church on "Nebraska's Future." The lecture was given by the Schutler alumnus and was well attended.
