OMAHANS GET IN ON WHEAT

Many Grain Men Make Big Profits on the Bull Movement.

NELS UPDIKE LEADS ALL THE REST

Report Says He Baked in Two Hundred Thousand Dollars and W. C. Sunderland Gets Sixty Thousand.

Many Omaha citizens have made fortunes during the recent sensational advance in prices in the wheat market at Chicago and other market points. The Omaha traders have uniformly been on the long side of the rising market for the last month and even the smallest traders have participated in the profits.

It is currently reported that Nels B. Updike made \$200,000 on wheat during the last month and it is said the profits of W. C. Sunderland will amount to \$60,000. Mr. Sunderland is said to have made \$10,000 in three weeks of the lively bull market and the other \$50,000 during the last three days.

Traders who bought wheat at the close of the market one day would have large profits immediately upon the opening the next day. Julian Ohlsson, the partner of W. C. Sunderland, is reported to have made \$15,000 on the recent upturn in wheat and J. H. Hamilton is reported to have made \$10,000 on \$30,000. Even the board markers of quotations in the offices of the various brokers are said to have amassed comfortable fortunes and John Nielson, board marker for the Von Dorn Grain company, is said to have made \$1,000 in the last two days.

Twombly Gets In, Too. E. C. Twombly is another grain dealer wearing a smile that won't come off because of a profit of several thousands of dollars and the regular customers of many brokers in Omaha are said to have been on the right side of the market.

Most of the profits of the different traders were made in trading in options on July wheat and little attention was paid to other grains or the other options of wheat. The market has been very nervous for several days on account of unsettled crop conditions and universal belief that the damage to the spring crop has been serious.

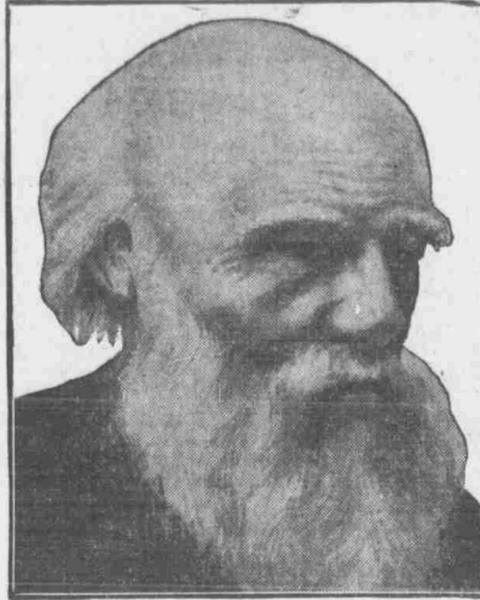

Many shorts have been caught in the wild market and wide fluctuations are in evidence. The market has been very nervous for several days on account of unsettled crop conditions and universal belief that the damage to the spring crop has been serious.

Water Board Gives Its Side. John L. Webster says appraisal of two members of commission is invalid.

Attorney Howard O. Mansfield, principal counsel for the Omaha Water company, concluded his argument Tuesday morning before Judge W. H. Munger in the matter of requiring the city of Omaha and the water board of the city of Omaha to accept the tender of the plant and property of the Omaha Water company at the appraised value of \$4,000,000.

Mr. Webster resumed his argument in the afternoon. The hearing will not be closed before Wednesday noon, if then.

Oldest Man in America Praises Renewer of Youth

MR. FRANK McNALLY, 110 YEARS OLD.

Mr. Frank McNally, of Clinton, Michigan, who is 110 years old, says that Duffy's Pure Malt Whiskey has helped him right along and is the best tonic he has used in 80 years.

The records of the Roman Catholic Parish of Summerhill, Ireland, contain this entry: "Frank, son of Thomas and Jane McNally, baptized April 10th, 1797."

On March 7th, last, Mr. McNally wrote:

"There is no mistake about it, your Medicinal Malt Whiskey helped me right along, and has preserved my strength and vitality, and as long as I have the money to buy it I never will be without it. It is a Godsend to humanity, necessary to my well being, and the best Malt Whiskey I have tasted in the last 80 years."

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public. This private process insures quality and flavor. Its age, softness, palatability and freedom from those injurious substances found in other whiskeys make it acceptable to the most sensitive stomach.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk.

Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

The Lininger Travel club of the Omaha High school gave a picnic on Saturday afternoon at Hanscom park in honor of Mr. and Mrs. Frank Haller, who will soon leave for Europe. The high school orchestra, the Trinity choir, Mr. and Mrs. Ben Stanley, Dean and Mrs. Beecher, the members of the Lininger Travel club, with their chaplains, Miss Browne, participated.

REST CURE WITH LUXURY

Nervous Prostration Resulting from Strenuous Social Life Chief Ailment Treated.

For the time being appendicitis can't hold a candle to nervous prostration—that is, among fashionable women. Both in the number and the variety of cases the latter leads.

The spring of the year is nervous prostration's banner season. At that time epidemic in nervous diseases comes out ahead of the surgeons and there is no indication that in this respect the spring of 1907 is backward. The number of nervous prostration cases, the medical men say, is now above the average, although there is no increase in the number of serious cases.

This will explain the recent multiplication of private sanitariums. It has come to pass that the private sanitarium is almost as indispensable a feature of fashionable life as the automobile or the steam yacht.

The old-time sanitarium was a hospital under another name. The new-style sanitarium is something quite different.

Once upon a time for a woman to go to a sanitarium generated the suspicion that her health was in a very precarious condition, that she was in a state of mental or physical collapse, or that she was at loggerheads with her family. Relatives of patients sent to a sanitarium were inclined to keep the fact secret and friends delicately refrained from asking leading questions and discussed the case behind closed doors.

The choice of sanitariums then was very limited and the very best of them was a more or less cheerless place not calculated to appeal to any but a person too ill to care much for anything save a comfortable bed. But the up-to-date variety, which is a logical sequence, a physician explained, of the strenuous social life, is a far cry from a hospital.

Patients seeking admittance to a sanitarium of this description make no attempt at secrecy. They would just as soon have the fact advertised as not.

One of the luxuries of the rich, these places have popped up in one and another beautiful country spot, and they represent different grades of cost and exclusiveness. In one, for instance, a stop of a few weeks approximates the price of a trip to Europe and taking the cure at one of the German spas. At this sanitarium, which is established in a large country house fitted as

Bachelor Friendships

"If you are really serious to learn how long a couple have been married all you have to do is to note whether his friends or hers fill the house," said a woman who always makes use of her bright brown eyes.

"At first a man invites all his bachelor friends to the house, under the impression, which is invariably wrong, that they will like his wife and she will like them. What ever the reason, most women find their husband's bachelor friends dreadfully dull. There may be a pretense of liking them at the start, but that forced enthusiasm oozes out and the wives greet the visitors with cold handshakes. When a woman seems as bored as that, even a young husband realizes it will be a kindness to his old chums not to ask them around any more. Perhaps in his heart he knows they are dull, too, and that's what drove him into matrimony."

Improvements in Silverware. Silverware for table and other service has had none of the changes and few of the additions that other household articles continually undergo. Serving sets may be in either silver or copper, but as to shapes or popular tastes, that remains about the same with the individual. There is but one line that has been given much attention by the manufacturers, apparently, and that is the one of chafing dishes and percolators. These have been made more and more perfect in design of great moment have been perfected in the percolating coffee machines. Both are now made of better and more substantial material and in better designs.

Social Secretary to Mrs. Roosevelt. Miss Isabelle Hanger, who acts as social secretary to Mrs. Roosevelt, is carried on the White House pay roll as a clerk at \$1,400 a year. She is the daughter of Dr. Hanger, who years ago was regarded as Washington's leading physician. She is the one woman in all the capital who has absolute freedom of the White House from its famous east entrance to the busiest corner of the president's office. In matters social she is supreme dictator, thus relieving Mrs. Roosevelt of the usual deal of inevitable and necessary but none the less disagreeable routine.

REVENUE IN SHERIFF'S OFFICE

Figures Show Feeding Prisoners Has Been Profitable Course of Income.

GOVERNMENT SWELLS IT CONSIDERABLY

Sarpy County Pays Into the Coffers About Thousand Dollars for Prisoners Kept in Douglas Jail.

During the year 1906 Sheriff McDonald received from Sarpy county and the United States government \$2,588.55 for the care of prisoners in the Douglas county jail.

This information is contained in a report just filed with the county board by County Auditor Smith, made up from the Sarpy county and government records. The figures were compiled by Deputy Auditor Panferlik covering the last three years. The report was in compliance with a resolution of the board passed last fall.

Owing to the overcrowded condition of the jail the commissioners have been considering the advisability of refusing to take prisoners from other counties or from the government. The figures show the feeding of these prisoners has been the source of considerable revenue for several years. In 1904 Sheriff Power received \$2,216 from Sarpy county and in 1905 \$427 from Sarpy county and \$2,518.55 from the government. Sheriff McDonald last year received \$287 from Sarpy county and \$1,998.55 from the government.

The following table shows the number of prisoners, the average per day and the amount paid to the sheriff for their keep:

Year	Days	Av. per Day	Total
1904	312	4.72	\$1,483.44
1905	312	4.72	\$1,483.44
1906	312	4.72	\$1,483.44

By the United States government at \$9.54 per day—

Year	Days	Av. per Day	Total
1904	312	4.72	\$1,483.44
1905	312	4.72	\$1,483.44

ENDOWMENT FOR DIOCESE

Five Thousand Dollars Pledged at First Session of Woman's Auxiliary.

TWENTY TIMES THAT AMOUNT THE GOAL

Election of Officers with Mrs. W. L. Sioane of South Omaha as President, Takes Place at Trinity Cathedral.

The most important work of the Women's Auxiliary of the Protestant Episcopal church of the diocese of Nebraska, which began its session Tuesday morning at Trinity Cathedral, was a pledge of \$5,000 which was made to the endowment fund of the diocese. It is the hope of the diocesan authorities to raise a fund of \$100,000 for an endowment and with this pledge of the auxiliary the amount raised and pledged approximates \$10,000.

The session of the auxiliary, which will be held at the cathedral this week, began with the celebration of the holy communion by Dean Beecher at 9 o'clock, followed by a business meeting at 10:30, which lasted until after the election of officers just before 1 o'clock.

Reports of officers and the address of the president, showing the condition of the auxiliary in the parishes and missions, were received and officers were elected as follows:

Mrs. W. G. Sioane of South Omaha, president; Miss Jean Morton of Nebraska City, first vice president; Mrs. A. E. Marsh of Blair, second vice president; Mrs. E. B. Livingston of Plattsmouth, third vice president; Mrs. F. E. Abbott of Lincoln, fourth vice president; Mrs. A. K. Gault of Omaha, secretary; Miss Barbara Gering of Plattsmouth, treasurer; Mrs. Albert Nee and Mrs. W. Y. E. Gawne of Central City, diocesan visitors; Mrs. J. J. Stubbs of Omaha, director of Junior Auxiliary; Miss Edith Earl of Omaha, secretary of Junior Auxiliary; Miss Jennie Royce of Omaha, treasurer of united offering; Mrs. John Williams of Omaha, custodian of diocesan box; Mrs. Van Nostrand of Omaha, diocesan librarian; Mrs. Fred Burnett of Omaha, correspondent of church periodical club; Mrs. Charles Waldo, secretary of babies' branch.

FLORENCE GETS CUT RATE

People to the North Are Given Five-Cent Fare by Street Railway.

At the directors' meeting of the Omaha & Council Bluffs Street Railway company Tuesday morning it was decided to give a 5-cent fare to Florence. This was asked by a committee appointed at a mass meeting at Florence last week, although through cars. The company decided it was entirely impracticable to run through cars.

"After we had decided to put in the fare," said Secretary Leussler of the street railway company, "we found that during the month of March the car to Florence made eighty-eight trips without a passenger and the car to the cemetery made eighty-nine trips without a passenger. If we had discovered this loss before we might have hesitated about lowering the fare."

SERVICE COMFORT

Two points summing up the value of a shoe if either is lacking the shoe is unsatisfactory. One is the quality of the leather, when prepared the leather will give service, the other is the last, it is the last that determines the fit.
