WAREHOUSE STARTS IN JUNE

New Eight-ltory Building for Paxton & Gallagher to Go Up Rapidly.

READY FOR USE WITHIN NINETY DAYS Extract

Will Be of Mill Construction Similar to Byrne-Hammer Building and Cost About Sinety Thousand Dollars.

Construction of the new eight-story warehouse for Paxton & Gallagher at Ninth and Jones streets on the site of the building which collapsed last week will be begun about June 1 and the building will be ready for occupancy within ninety days. Plans for the new warehouse are now being prepared by Thomas R. Kimbali and will be submitted to contractors for bids within thirty days. The new building will be of mill construction, similar to that of the Byrne-Hammer building at Ninth and Howard streets and will cost from \$80,-

000 to \$90,000. Fifty workmen are busily engaged in tearing down the part of the old building left standing after the collapse and the large stock of merchandise has been removed from the uninjured portion of the old building to the temporary warehouse at Eleventh and Harney streets. The debris on the site of the demolished building is being cleared and sorted and the walls left standing are being carefully torn down to avoid another smaller catas

The new warehouse will be erected upon most stable foundation, as piles will be driven to the depth of many feet to attain

as solid ground as possible. It is probable that after the completion of the new building on the site at Ninth and Jones streets, the old building adjoining it on the west will be removed and another new addition built. These improvacents have been contemplated for sometime by Manager Pickens and the present office building on Tenth street will be eventually removed to make room for a new and completely modern office structure.

Scientists Did Not Reject Plans. Members of the building committee of the First Church of Christ, Scientist, held a seting Monday evening at Chambers's academy to consider the acceptance or resection of the plans for the new church cently prepared by Frederick Clarke, architect. The question was not definitely settled except that it was positively decided not to reject the plans prepared. Another meeting of the building committee will be held May 28, when necessary changes to the church plans will be considered.

The present plans for the new church, which will be erected on the lot bought last fall at the northeast corner of Twentyfourth street and St. Mary's avenue, provide for the erection of a handsome strucure to cost about \$60,000.

The general contract for the construction f the brick flats for John A. McShane at he southwest corner of Nineteenth and Chicago streets has been let to N. J. Hilding and the fints will represent an investnent of about \$20,600. Four apartments of eight rooms each are provided by the plans, which were prepared by Architect Frederck W. Clarke, and the interior will be inished entirely in hard woods.

The flats will have a frontage of 88 feet on Nineteenth street and 44 feet on to pay their railroad fare and who have pressed brick. The contract calls for the completion of the flats by October 1 and ground was broken Tuesday morning for he preliminary construction
