Report of College Board. The report of the college board points out the growing regard for small college work by the educational world as approving the guiding principle of the board during the quarter of a century of its existence.

During the last year \$50,000 were put into new buildings. \$1,930,000 of endowment was secured and \$1,550,000 offered Presbyterian colleges on condition of their raising less than twice as much more. Under the head of "New Needs" the reports point out the necessity for new colleges in many states and territories besides Cuba, Porto Rico and Alaska. It is shown that the Presbyterian church in all its branches has but one-third as many colleges as the Baptists, one-half as many teachers as the Methodists, less than one-half as many pupils and one-half the property of the Congregational institutions. "But," says the report, "the Presbyterian church is facing the situation and will remedy it." The receipts from churches and individuals passing through the board's treasury showed during the year an encouraging advance.

The board indicates the need of largely increased revenues: (1) To help insufficiently endowed institutions with their current expenses; (2) to secure increased endowment; (3) for its own expenses, largely for publication and travel, and (3) for endowment for individual colleges.

The board stands for Bible teaching for every student, distinctly evangelistic training and constant discipline to send out pupils as educated Christians. The results of this work are: Colleges reporting 6,499 male collegiate students have 60 men, 11 per cent, committed to the ministry or foreign mission work, and evangelistic work organized in almost every institution during the year resulted in 307 reported conversions.

Moves for Further Union. Ninety presbyteries have endorsed the proposition of the Erie presbytery to the general assembly, asking that a committee be appointed to open negotiations with the United Presbyterian church with a view of bringing about a union of that body with the parent church. The United Presbyterian church has about 12,000 communicants and outside of its adherence to the Plymouth of David, there is said to be no vital point of difference that would prevent a union.

MAJORITY FOR CHURCH MERGER

Committee at Birmingham Says Union May Be Accomplished. BIRMINGHAM, Ala., May 20.—The special committee named to consider the constitutionality of the articles of agreement and the overtures bearing on closer relations on churches using the Presbyterian system made a majority report this afternoon. This committee was composed of thirteen ministers and thirteen elders. It has been divided, the vote standing 10 to 3 on every issue. Following is the majority report: We have carefully considered the overtures and papers sent up by the presbyteries and find them to be in accordance with the general assembly other than contained in this report. We recommend that the articles of agreement be adopted. We recommend that the United Presbyterian church in the United States will be entitled to twelve representatives in the council, we recommend that the general assembly be divided into three classes of four members each, to consist of two ministers and two ruling elders. We recommend that a moderator appoint a committee of five, who shall nominate and report to this general assembly the names of twelve persons qualified to act as representatives from this church, dividing the same into classes as provided in this report.

SCHMITZ CASE IS DELAYED

More Time Needed to Give Prosecution Chance to Prepare Affidavits.

JUDGE DUNNE SAID TO BE PREJUDICED

Attorneys for Schmitz Make Allegation and State's Attorneys Describe Opportunity to Make Counter Showing.

SAN FRANCISCO, May 20.—Mayor Eugene Schmitz appeared for trial today in Judge Dunne's court on five grand jury charges of extortion from local keepers of French restaurants. By request of the prosecution the hearing was delayed one day in order that counter-affidavits might be prepared against Schmitz' motion for a change of trial judge.

Assistant District Attorney Henev created a surprise by announcing that the state had no present intention of asking the court to take the mayor in custody, pending his trial. Schmitz is at liberty under bonds aggregating \$50,000. The mayor, accompanied by his counsel, took a seat between the counsel table and the table reserved for the newspaper men. He looked pale and grim. Rudolph Spreckels, Elisor Bigley and Special Agent Burns took seats near the counsel table. The room was crowded, even the aisle spaces being filled.

Before taking up the Schmitz hearing Judge Dunne continued, by consent, for fifty days the case of perjury against Chief of Police Dinan and the case of conspiracy against Dinan and Abraham Ruef.

Schmitz Ready for Trial

When Judge Dunne called the Schmitz case his attorneys announced that the defendant was ready for trial. Attorney Langdon stated that on Saturday last the defense had served on him notice of a motion for a change of trial judges, with copies of affidavits in support of the assertion that Judge Dunne is biased and prejudiced against Schmitz. Mr. Langdon asked that the case go over until tomorrow to give the prosecution time to prepare counter affidavits, and that the witnesses be ordered to appear at that hour.

Mr. Campbell asked that the district attorney serve him with copies of the counter-affidavits during the day and this was agreed to. Assistant District Attorney Henev set the defense at ease by making the following statement: "In view of unauthorized statements in the local press and on account of the understanding that may have been assumed from them by the defense I desire to say at this time that the state has no present intention of asking the court to order the defendant into custody pending his trial."

Adjournment thereupon was taken. Mayor Schmitz, accompanied by two of his attorneys, left the court room immediately, following his way through the crowds and automatically, without a word, out of the court. He was watched, curiously, out of sight.

MRS. KAUFMANN ASKS CHANGE

Files Affidavit Prejudice Prevents a Fair Trial in Home County.

SIoux FALLS, S. D., May 20.—Soon after the case of Mrs. Emma Kaufmann, wife of Moses Kaufmann, a wealthy brewer, charged with the murder of Miss Agnes Peltrie, her young domestic, was moved for trial in the state circuit court this afternoon, Judge Frank R. Alkens of the firm of Alkens & Judson, attorneys for the defendant, filed application for a change of venue to the circuit court of some nearby or adjoining county. All the evidence in support of the application had not been offered when court took an adjournment until tomorrow afternoon. Judge E. G. Smith of Yankton is presiding.

It was nearly 2:30 o'clock when the defendant, escorted by her husband and son, appeared in the court room, and seated themselves at the end of the table occupied by the prosecution and defense. Mrs. Kaufmann sat quietly throughout the afternoon session. Mr. Kaufmann was seated on her left, while Charles, the son of the couple, occupied a seat to the right of his mother. Mrs. Kaufmann wore a light veil, which she did not raise during the session. The veil only partially concealed her features.

RAILWAY TRAINMEN ADJOURN

Speaker Cannon Censured for Alleged Opposition to Passage of Labor Bills.

ATLANTA, Ga., May 20.—The Brotherhood of Railway Trainmen completed its business here today and adjourned. Columbus, O., was selected as the place for the next biennial convention. The order elected the grand executive board as follows: J. Rodes, Toledo, O., chairman; R. J. Powers, San Leandro, Cal.; Arthur W. Evans, New York; O. C. Cash, Bonnoke, Va.; and F. C. Lockwood, Chicago.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicine greatly enhances the medicinal properties which it extracts from native medicinal roots and herbs. It is much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry Bark, Bloodroot, Golden Seal, Stone root and Queen's root, containing "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

THIS WEEK WILL END WORK

Big Batch of Indictments Expected as Result of San Francisco Jury's Investigation.

SAN FRANCISCO, May 20.—This week, it is said, will see the end of the grand jury's great investigation except for the picking up later of loose ends of testimony concerning the minor corruption deals and the examination into the affairs of the municipal departments. Evidence concerning every one of the big grafts which the prosecution announced their intention of exposing is well in hand and a batch of indictments will, it is expected, be voted within the next few days. District Attorney Langdon stated yesterday that the conclusion of the gigantic work is now but a matter of a few days. He said: "The grand jury's work is practically at an end, and so far as the investigation

TUITION AND SCHOLARSHIP

Two Schools Offer to Add to Advantages of the Edward Roosevelt Bequest.

BOARD OF EDUCATION ACCEPTS TENDER

Contract Ordered Let for the New Vinton Street School Building—Census Enumerators Are Named.

At the meeting of the Board of Education Monday night David Cole reported on the scholarships to be based on the Edward Roosevelt bequest as follows: Your committee on the Edward Roosevelt scholarships recommends that Armour Institute of Chicago and the Case School of Applied Science of Cleveland, O., be designated as the schools which will receive the said scholarships.

The report was unanimously adopted. The superintendent of the board, Mr. J. C. Lindsey, stated that the board had accepted the tender of the two schools. He said that the board had also accepted the tender of the two schools for the Edward Roosevelt bequest. He said that the board had also accepted the tender of the two schools for the Edward Roosevelt bequest.

DECIDES AGAINST PICKETING

Judge Sanborn Sweeps Decision in Wisconsin Federal Court at Milwaukee.

MILWAUKEE, Wis., May 20.—A sweeping decision against union picketing was rendered today by Judge Sanborn of the United States court in the case of the Allis-Chalmers company against the striking union molders. The strike began about a year ago and last fall Judge Quarles issued a temporary injunction restraining the unions from interference. Later Judge Sanborn convicted several union men of contempt for violating the injunction and suspended sentence as to the greater number of them, twenty or more. Now he makes the injunction permanent and so sweeping that picketing will be practically impossible.

ACCUSED OF POISONING SON

North Carolina Physician Charged with Murder to Secure Boy's Property.

RALEIGH, N. C., May 20.—Rev. R. D. Roland, a prominent physician here, was arrested on a warrant from Henderson, Vance county, charging him with poisoning his 12-year-old son near Kittrell, to obtain money and property left to the boy. The boy died, after taking a walk in the woods with his father, and it is alleged that the lad said his father had given him an orange which tasted bitter. The warrant was issued by District Attorney Henev set the defense at ease by making the following statement: "In view of unauthorized statements in the local press and on account of the understanding that may have been assumed from them by the defense I desire to say at this time that the state has no present intention of asking the court to order the defendant into custody pending his trial."

Governor Little Very Ill.

SAN ANTONIO, Tex., May 20.—Governor John S. Little of Arkansas arrived here from Corpus Christi accompanied by his wife and a physician. The governor's condition is regarded as critical. The party will leave tonight for Arkansas.

FINANCES OF THE BOARD

The secretary presented a statement of the amounts apportioned for the various departments for the year ending June 30, 1907, the amounts expended during the first ten months of the fiscal year 1907-8, also a comparative statement of the expenditures for the first ten months of the fiscal year 1906-7 and the first ten months of the fiscal year 1905-6, as follows:

Table with columns: Department, 1906-7, 1905-6, 1907-8. Includes Advertising, Architect's services, Books, Census enumeration, Construction, etc.

Report is Adopted.

Speaking for the committee, Superintendent Davidson said that with the offer of free tuition it might be possible to send two young men in place of one to these schools, one to each. He announced that of the present graduating class at the high school at least two, if not five or six, were qualified for the scholarship; that correspondence showed that many other institutes would have granted free tuition had they not been too strictly bound by regulations. He suggested that rules to govern the scholarship should be formulated to be reported at the next meeting.

THE JUDICIARY COMMITTEE REPORTED

The judiciary committee reported in favor of drawing an order on the general fund for \$50 as inheritance tax on the Edward Roosevelt bequest. The report of the buildings and property committee on the bids presented for the Vinton school was presented. It recommended the letting of the contract to Robert Dempsey, chairman of the committee, explained that the bids were several thousand dollars in excess of the money on hand; if it were to be built without issuing bonds it could not be paid for in two years.

Mr. McCague desired to pause in the matter.

He said that under the bids the total cost of building the school would be \$48,000; there seemed to be competition in the bids and the board must assume that the general contract would be fulfilled for about \$58,000. He asserted that bids for plumbing and heating indicated that the time had arrived when heating and lighting would cost 25 per cent of the total cost of the building. He suggested that the board should not desire to criticize local bidders, as they are controlled by manufacturers, and he asserted that the subject deserved investigation. The board, according to the speaker, embarked on the Vinton school project somewhat unwillingly, even when the cost was to be about \$60,000, and now that \$68,000 is the cost of the building, he suggested that the board should not desire to criticize local bidders, as they are controlled by manufacturers, and he asserted that the subject deserved investigation.

CONTRACT ORDERED LET.

On vote to concur in the report of the committee the vote was as follows: Yeas: W. H. Christie, Cole, Dempsey, Rice, Harding, Kennedy, Lindsay, Phillips, Rice. Nays: Baird, W. E. Christie, McCague. By this vote the contract for the Vinton school was let to the Capital City Brick and Pipe company for \$48,000 and the contract for heating and ventilation to W. L. Gray & Co. for \$17,783; the total cost to be \$65,783.

THE HIGH SCHOOL COMMITTEE RECOMMENDED

the selection of Glenwood, Ia., as the site for the cadets' encampment from June 3 to 8. An allowance of \$50 was made for the High School Register staff for the commencement number of the Register. A resolution providing that high school pupils' applications for positions as teachers be filed as follows: E. Minerva Travis of Grand Island and Margaret McEachron of Geneva.

APPLICATIONS FOR POSITIONS AS JANITORS

were made by Frank Hammond, Frank MacDonald, James S. Enzland and Mrs. M. A. Vanderford. The chairman of the buildings and property committee was authorized to make repairs and alterations to various buildings at a cost of about \$200. The superintendent of buildings was authorized to place new closets and drinking fountains in the Lake and Mason schools at an estimated cost of \$2,500. It was explained that fifty closets would be secured for this money.

PRESIDENT GETS A CASE.

Early in the session on the motion of David Cole, the rules were suspended and John Rippey, on behalf of the boys of the manual training department and the superintendent, presented President Rice with a cane made by a member of the department several years ago. In his presentation address the speaker said that the manual training department is not keeping pace with the growth of the city; that where boys were once able to spend two hours a day at work they now have but forty-five minutes' drill. In accepting the cane the president expressed gratification with the work of the department and said its importance was recognized. The resignation of Alice M. Craig, a teacher at the Park school, was accepted.

CENSUS ENUMERATORS NAMED.

The committee on boundaries recommended, and the board appointed, the following named persons to take the school census enumeration: First Ward—North district, Mrs. M. W. Shirley, 182 North Twenty-first street; West district, C. W. Cain, 287 Emmet street. Second Ward—East district, Julius Janke, 627 North Twenty-second street; West district, Grace Allan Bradley, 3811 Christie street. Third Ward—East district, Mrs. C. BURNHAM'S TRIAL POSTPONED

Temporary Halt in Proceedings Against Former Insurance Company President.

NEW YORK, May 20.—The trial of Frederick A. Burnham, former president of the Mutual Reserve Life Insurance company, on charges of grand larceny and forgery growing out of alleged frauds and abuses in management of the institution, was temporarily postponed when the case was called today. Affidavits of four physicians were submitted to show that Burnham is seriously ill and that it would endanger his life to compel him to attend the trial at this time. The court appointed a physician to go to Burnham's home and make a report on the defendant's condition.
