He was enthusiastic in his upholding of the principles of the order and Looking for Lost Brother-Mrs. S. G. orders will be issued this year on the ligations of the order and not be a better man. He took up the four fundamental prominence which they were given by the brotherhood. He declared that the spirit of fraternity which had arisen within the last 100 years had done more to unify the people and to elevate the nation than any other factor. He said he was glad that the church no longer decried the secret societies and that a man need not be ashamed of his connection with the Masons, the Odd Fellows, the Eagles or any wholesome organization. A large number of the membership of the order were present and appreciated the sermon to a high degree. Many of them waited to express themselves at the close of the exercises.
