MISTAKES FRIEND FOR A TRAMP of Henderson in the Leg

HENDERSON, Neb., May 21.-(Special.)eorge Friezen, cashler of the bank at Henderson, and several business men, having been notified that suspicious looking tramps were beating their way on the train toward Henderson, organized a posse to find the tramps and drive them out of town. It was reported that the tramps acted like bank robbers and were supposed to carry with them nitroglycerine, fuses, etc., and that their intention was to rob one of the banks at Henderson. The business men went to the stock yards adjoining the railroad track, and in looking for the tramps became separated, and as one part of the crowd came around a crib the other part were coming around in the opposite direction and Mr. Friezen called upon them to halt and, thinking that these were the tramps, immediately fired at them with a 32-caliber revolver. H. M. Misner, a former merchant of Charleston, this county, was hit and immediately made known who he was. The bullet entered the fleshy part of his leg, and while it appeared at the time quite serious it is now believed that he will only be confined to his bed two or three weeks.
