

An Omaha Bankrupt Stock--A Stock You know--We Have It!

Berger's Stock

The Bennett Company

The entire bankrupt stock of ladies' high grade suits, cloaks, skirts, petticoats, waists and furs, which composed the S. Frederick Berger stock, and valued by the receiver at \$50,000 will be put on sale at less than half Berger's prices Monday at 8:30 a. m.

S. Frederick Berger & Co. during their short business career, earned a reputation for handling only high grade garments and for being "authorities on style." We bought the entire bankrupt stock for cash and will close out every item of it at less than fifty cents on the dollar. Every available space at our command will be utilized for the proper display and quick sale of every garment. Our entire cloak and waist sections on second floor will be given over to Berger cloaks and suits; bargain tables on main aisle, main floor, will be loaded down with Berger skirts, waists and petticoats.

Everything will go at your own price. Thousands of dollars worth of fine ready-to-wear merchandise--all strictly in season, will be sacrificed at fifty cents on the dollar and less. This extraordinary sale will begin Monday morning at 8:30 o'clock.
