

ALLEN IS ON THE PASS LIST

Railroad Report Contradicts Statement Made by Himself and Bryan.

RECIPIENT INSISTS HE SENT IT BACK

Burlington and Union Pacific Say Their Books Are Open to Inspection, but Making Out of Reports is Too Much Work.

(From a Staff Correspondent.) LINCOLN, May 29.—(Special.)—Notwithstanding W. J. Bryan made the statement during the last campaign, in a speech delivered at the Lincoln Auditorium, that his brother-in-law, T. S. Allen, was not a railroad attorney, the names of T. S. Allen leads all the reports of passing holding attorneys and surgeons, filed with the State Railway commission today by the Missouri Pacific railroad. A. R. Talbot, partner of Mr. Allen in the law business, is also among the pass holders, but he and the democratic chairman are in different classes. According to the report Mr. Allen takes his pass as compensation for work done for the road, while Mr. Talbot takes his pass as "part" compensation. John F. Stout of Omaha is the only other lawyer in the state who is in the Talbot class, so far as the Missouri Pacific is concerned.

Mr. Bryan made his statement, which is so conflicting with the record, at a time numerous papers in the state were publishing that Allen was a railroad attorney. Mr. Bryan indignantly denied the reports, said that Allen was merely a partner of a railroad attorney, the same as he (Bryan) had been when he and Mr. Talbot were in the law business together. The Rock Island also filed its report of local attorneys and surgeons, the Union Pacific and Burlington enclosed forms of the contract which are made with these employes and said it would require much more work and expense than the information was worth to the commission to send a copy of each contract. Both roads agreed to open their books to the inspection of any representative sent to the headquarters by the commission and to show such representative every contract they had in force.

Attorney to be Consulted. The commission will at once consult with the attorney general and see what can be done to compel these roads to comply with its orders. At this time the commission is not in favor of sending a representative for the information that would be a technical violation of its orders to the railroads.

Besides the lawyers mentioned, the following were reported by the Missouri Pacific as holding transportation: Edgar Ferguson of Auburn, Edwin Jeary of Elmwood, W. P. McCree of Hastings, H. H. Mauk of Nelson, C. S. Peck of Plattsmouth, Isaac Reynolds of Falls City, Frank Roys of Falls City, G. W. Stubbs of Superior, A. N. Sullivan of Plattsmouth, C. W. Seymour of Nebraska City, F. H. Stubbs of Superior, John S. Stull of Auburn, H. D. Travis of Plattsmouth, E. F. Warren of Nebraska City.

Following is a list of the local surgeons who receive transportation from the Missouri Pacific as part payment for services: W. H. Ramsey of Omaha, J. W. Mitchell of Superior, C. T. Burdard of Falls City, I. H. Dillon of Auburn, M. T. Everett of Lincoln, Joseph S. Goss of Omaha, C. T. Gruba of Plattsmouth, A. G. Hamilton of Springfield, James B. Hungeate of Weeping Water, T. P. Livingston of Plattsmouth, W. H. Lynn of Hastings, I. S. Moxer of Omaha, J. M. Neeley of Elmwood, W. H. Palfrett of Crete, W. H. Sladghoff of South Omaha, E. M. Wilson of Nebraska City, S. S. Wilson of Nebraska City.

The Rock Island reports that it had issued transportation to the following local attorneys: W. H. Barnes of Fairbury, Frank S. Barton of Pawnee City, L. W. Billingsley and R. J. Greene of Lincoln, A. Haskett of Hastings, John Healey of Fairbury, Fulton Jack of Beatrice, W. D. McHugh of Omaha, C. L. Richards of Hebron, D. O. Dwyer of Plattsmouth.

The following local surgeons received transportation from this road: A. R. Anderson of Pawnee City, A. R. Mitchell of Lincoln, E. J. Penner of Jensen, G. L. Fritchett of Fairbury, J. E. Summers, Jr. of Omaha, W. H. Sinsbaugh of South Omaha.

Allen Makes Denial. T. S. Allen has given out the following statement to a local paper regarding his case: "I have had no pass on the Missouri Pacific for two years," he said. "Last year, on January 1, they sent me one and I promptly returned it and on January 1, this year, they sent me one, which I also returned. I can hardly explain why my

name appears, unless it is that the list submitted to the commission was sent from the St. Louis office, and the pass I received I sent back to the Chicago office, there being no checking over of the passes sent out and those returned."

Judges Must Wait for Expenses

The state auditor will not issue any warrants for the payment of expenses of supreme and district judges until after July 1 because the bill providing money for this purpose does not become effective until that date, having no emergency clause attached. Deputy Auditor Cook discovered the absence of the emergency clause today and he advises the judges to retain their receipts for expenses for railroad fare and make out vouchers for the same to be presented to the next legislature.

Eyes on the Normal Board

The meeting of the State Normal board, set for June 3, promises to be of considerable interest, because it might be a superintendent of the Kearney Normal school may be selected at that time. The time of Colonel Tom Majors expires in June and so far Governor Sheldon has not indicated whether he will appoint or whether he will act on the suggestion of Superintendent Thomas of Kearney and retain the colonel. Unless the governor sees fit to announce who he is going to appoint before this meeting it is likely no effort will be made to name any one for superintendent and the matter may not be brought up. But should the funds of the present incumbent at Kearney believe there is any chance for him being let out, a majority of the board may again select him at that meeting, even though a new board may desire a new man when school opens in September.

Express Company Wants Hearing

The Adams Express company has written the State Railway commission to set a date for a hearing on the new law which reduces express rates 25 per cent beginning July 1. The company assured the commission it would be able to show the law is unjust. The company was informed the better plan would be to ask for a hearing after the law went into effect and then take its chances of making good.

Shippers Make Complaint

Joe Flammang and A. F. Flammang of Orleans complained to the railway commission today that the Burlington was not treating their right in furnishing cars, but was discriminating in favor of "regular" dealers. The men report they filed a request for two cars for the shipment of live stock. When the stock was taken to the yards there were no cars, so they were informed. The same day, however, they said, other shippers were furnished cars. The request was filed in ample time for the cars to be ready. They want the commission to take some action.

Capital City Briefs

The State university deposited \$378 in the state treasury this morning, the amount being the university cash fund on hand. Secretary Boyce of the State Banking board has called for a statement of the condition of the banks of the state at the close of business May 25. The notice was sent to 66 banks.

General Manager Bishop of the corn growers' contest, inaugurated by him among the school children of the state, said today that about 1,000 bushels of corn had entered for the prizes. Late Superintendent McBrien left his office at 10 o'clock yesterday afternoon and went home and got his face shaved; went home after his overcoat, which he had forgotten; went back down town and got a three-minute lunch and caught the hind end of No. 12 at 6 o'clock and went to Astoria. There he was taken into an automobile and on one and a half minutes unloaded at the school house in Mead, where he delivered an address to the graduating class. He was again loaded into the same automobile and landed back in Astoria in exactly one hour and seven minutes, after an uneventful and somewhat impatiently for all of those minutes before he could get a train back to Lincoln. He did all this to be back in time to vote for Dr. Wilson for state health inspector, but the board did not meet.

Secretary Boyce's dream to have the pictures of former secretaries of the State Banking board hanging on the wall of his office has been sadly interrupted by the action of Deputy Auditor Cook, who refused to issue a warrant to pay for the same. Mr. Boyce has sent a voucher to the auditor for an enlarged likeness of P. L. Hall, at one time a secretary, but there was nothing doing.

The Citizens bank of Elsie is a new institution just chartered. The capital stock is \$5,000 and the incorporators are Robert Taylor, C. M. Culler, M. C. ELOPEMENT IS FRUSTRATED

Young Superior Man Stopped Off by Father of Girl. SUPERIOR, Neb., May 29.—(Special.)—A young Superior business man named Maillen, who has been in partnership with Arthur Blaaser, conducting a pantatorium during the last month, and Miss Lucy Miller eloped Tuesday, but not only as far as Maillen is concerned but also as far as Miller was very short, as the girl's father and Constable Efelender were in close pursuit. It was suspected that they went to Mankato and the sheriff of Jewell county was notified to be on the lookout. The young couple lost time in reaching the court house in order to get married. But when they asked for a license the sheriff at once took them into custody, locking up Maillen and taking Miss Miller upstairs to be entertained by his daughter until the late father arrived. Miss Lucy was brought home and Maillen was given to understand that if he showed up around Superior there would be trouble for him.

Leg Crushed in Machinery

OPORD, Neb., May 29.—(Special.)—J. R. Caylor, an old employe of the Burlington railroad, was the victim of a distressing accident at the coal chute. While working about the engine employed in elevating coal his jacket caught in the gearing and in his efforts to extricate himself his leg was drawn into the cog and horribly mangled. Dr. H. H. Halloway, a fellow workman, fortunately heard his cries and what of the engine, barely in time to save him from certain death. Caylor's clothes were stripped from his body and at the moment of his rescue his leg was being steadily drawn into the machinery. Amputation of the injured member just above the knee was promptly performed by the local company surgeon.

Cadets Change Their Mind

BEAtrice, Neb., May 29.—(Special.)—A number of cadets created a disturbance at the Packard hotel last night. They were singing in the streets and some of the guests did not like the music furnished by these misdeeds at them. The party rushed upstairs and visited the room of C. H. Dixon, a horseman, and threatened to take him to the river and give him a ducking. He met one of the leaders at the door with a right-hand

swing to the jaw and the party beat a hasty retreat, with the idea that Jeffries had headquarters at the hotel.

HAMLIN SENTENCED TO HANG

Defense Takes an Appeal to the Supreme Court. GRAND ISLAND, Neb., May 29.—(Special Telegram.)—Judge J. N. Paul today overruled the motion for a new trial in the case of the State against John Hamlin, found guilty of the murder of Rachel Engle and in whose case the jury recommended the death sentence. In announcing his decision Judge Paul went carefully into the arguments made for another trial, observed that the counsel for the defense had fully defended the accused, that he had as fair a jury as it was possible to obtain at any time and anywhere, that the instructions complained of were in line with the decisions of the supreme court of this and other states though there was a confusion of authorities in the matter of the insanity defense and that in such cases, he was convinced that John Hamlin had as fair a trial as he could have and as he would have were the case to be tried again.

W. H. Thompson, for the defense, wanted a stay of execution by this court, but the prosecution made it plain that the sentence Hamlin was to receive in the penitentiary awaiting the execution and sentence was imposed of solitary confinement in the penitentiary until October 4, 1907, when by the warden of said penitentiary between the hours of 10 a. m. and 2 p. m. Hamlin should be hanged by the neck until dead. Hamlin, when asked if he had anything to say why sentence should not be imposed, replied he had no more to say than that he had said upon the witness stand. In some respects Hamlin looked stronger, but in others showed the effects of the strain he had undergone, so long Appeal will at once be taken to the supreme court, which if itself stays execution, and it is not expected that Hamlin will at once be taken to the penitentiary.

Corn also needed the moisture, as did gardens and lawns. The rain is of great benefit.

SUSPECT ARRESTED AT EUSTIS

Man Thought to be Assailant of Mrs. Spaulding at McCook. EUSTIS, Neb., May 29.—(Special Telegram.)—A man answering the description of the person who assaulted Mrs. Spaulding at McCook was arrested here today by Marshal Smith. He was hiding in a corncrib near the railroad and was discovered by some children, who immediately notified the marshal. When arrested the suspect said he was a carpenter and lived in Omaha. On closer questioning he said his name was Wilson and he lived at Salem, S. D. After divulging this information he was very reticent. He is ragged and unkempt, has a beard on two pairs of pants and three shirts. He looks like a man who has been exposed for a week or more, is about five feet ten inches tall, weighs about 170 pounds.
