## TO WASH CLOTHES WITHOUT RUBBING

Take two quarts of boiling water and pdd a small handful of Wiggle-Stick Wonder-Wax and half a cake of scap cut wonder-Wax and half a cake of soap out up, and boil until wax and soap are dis-solved. Add half of this mixture to the hot suds in the wash tub and keep half for the boiler. If you boil your clothes first, gut all of the mixture into the boil-er and boil your clothes for twenty to thirty minutes, stirring them well to send the Wonder-Wax through them. Always wet the clothes in cold water and wring out before putting into wash-tub or boiler. Himse clothes well twice or three times after boiling or washing, then blue with Wiggle-Stick Blue, making the water a very light shade of blue, and your clothes will be like banks of snow. Use Wiggle-Stick Glad-Wax for Bad-hrons and you will save nearly all the labor and half the time in troning.

# **BOOST FOR CUT-OFF LAKE PARK**

#### Largely Attended Meeting at City Hall Endorses Project of Park Board

An enthusiastic meeting was held in the council chamber at the city hall Wednesday night to discuss the proposition of the city acquiring Cut-Off lake and enough contiguous land for park purposes. The meeting was attended by the park commissioners, the mayor and city council and about 150 taxpayers of Omaha. H. L. Johnson was chosen chairman of the meeting and Robert Smith temporary secretary Edward Cornish addressed the meeting and submitted several plans for the city to acquire about 150 acres of land around Cut-Off lake, but the plan he most favored was taxing the owners of the property benefitted by the proposed park and raising the balance by subscriptions. He made strong plea in favor of the city acquiring a park at Cut-Off lake and wanted it hig enough for a speedway for automoblies. He thought \$50,000 would buy the land necessary for the project, providing the land is appraised at its actual value. W. W. Slabaugh spoke in favor of the

project. He said: "An important thing in the life of men and governments is to seize onto the good things when we can for the benefit of our children and our childrens' children, and this property ought to be seized without delay."

Robert Cowell, John Wigman, Mayo Dahlman and others spoke in favor of the proposition. The following resolution was introduced and adopted:

Introduced and adopted: Resolved. That it is the sense of this meeting that the mayor and city council of the city of Omahu should at once take the necessary steps to acquire for the city of Omaha such land as is necessary to provide a park and driveway around Cut-off take, as suggested by the park board and outlined by Edward Cornish.

Mr. Lewis of the Leavenworth Street Improvement club objected to the resolution and thought the Federation of Improvement Clubs would object to it. He thought was a long ways for some people to go o reach the proposed park.

Mr. Lewis' objection brought out a hot rejoinder from Councilman Elsasser, who said: "I want this gentleman to tell the federation that I am against the federaltion. Five cents will take any one from

In countries where beer is the national beverage, there is practically no drunk enness, for beer contains a small percentage of alcohol and is rich in food values.

The Pabst Eight-Day Malting Process makes Pabst Blue Ribbon Beer the most healthful beer brewed-the beer richest in actual food values.

The Pabst Brewing Pro-cess reduces the percentage of alcohol to less than 31% while making the beer absolutely pure, healthful, and strengthening.
