OMAHA, June 7, 1807.						
The opening of the market was nervous today and it took little to move it either way. Domestic crop news is very builten and is still the dominating influence. Cables and is still the dominating influence. Cables and in the still the dominating influence. Cables and in the still the dominating influence. Cables and in the still the story in the same bullishness, but were firm and higher. Wheat opened nervous and choppy, taking little effort to move it up or down. Generally builtah crop news comes from all sections and Kansas is suffering greatly from the recent freeze. Commission houses were moderate sellers. There was a grand rally shortly before the close and wheat took a decided spurt. July option opened at sie, asked, and closed at 19%c, asked. Corn opened firm and ligher on unfavorable weather reports and firm cables. Cornices were buying and there was a good, big trade. July corn closed at 19%c, asked. Ofter opened soft on scattered selling and fight demand. The general trade in oats was good. July option opened at 45%c, asked.	SHOW NAMES

CHICAGO, June 7.—A rumor that the forthcoming Kansas state crop report will show a condition of slightly above 52 per cent, alted by damage reports from the						
rent, aided by damage reports from the same state, caused a flurry in today's wheat market and advanced prices more than 2c above the low point of the day. The market, however, closed weak, the July delivery being down light. The September option was off it. July corn was be lower. Oats showed a net loss of Fig. I rovisions were a shade lower to 2%c	1					
The sharp upturn in prices followed the receipt of a message from Topeka defaring that the state crop report, which is to be issued in a few days, will place condition of winter wheat on June 1 1, 52,1 per cent. The reason assigned for						
state of the reason assigned for alleged deterioration was sovere tosts during the last month. Reports of termage by cold weather also came from that parts of the state. The early marks, was weak because of free selling by produces, who based their sales on the lavorable weather now prevailing over the	1

up more than 2c. Bullish enthusiasm,						
however, noon waned and under renewed liquidation prices again siumped, the fresh sceline currying them to a new low point for the day. A hreak of more than 3c in July onts also weakened wheat. The rices was weak. July wheat opened 100% to 15 100% lower, at 100% 105% and between 15 100% and closed at 15 100% unshell. Experts for the						
week, as shown by Bradsfreet's, were squal to \$,550,000 bushels. Primary receipts were \$50,000 bushels. compared with \$27,000						
bushels on the same day last year. Minne- apolis, Duluth and Chicago reported re- ceipts of 244 cars, against 680 cars last week and 583 cars one year ago. Because of the firm cables and numer- sus reports of damage by cold weather, the cars market						
Juy, but later declined along with wheat. July opened 147% higher, at 544,654%, sold up to 54% and then declined to 53%. The close was at 53%. Local receipts were						
beavy selling pressure from leading holders, who all day closed out lines of July sats. Because of this selling July declined Sec from the high point of the						
osses. The market closed weak. July spened unchanged to 4c lower, at 47% 17%c, sold up to 47%c and then broke to 44%c. The close was at 44%c. Local receipts were 144 cars. lambs sold at \$5.50 on the same day last week.

The market all this week as reported from day to day has been strong and active, with prices gradually tending upward, this too in spite of the fact that neavy receipts at Chicago have weakened the market at that point. As compared with the close of last week it is safe to quote the general market at this point fully \$6 higher, with ewes and lambs showing even more advance than that in many cases. Parties having fed sheep or lambs ready for market need not hesitate about shipping in anything of that description to this market.

Receipts of live stock at the six principal western markets yesterdaay: Wool Market.

Wool Market.

BOSTON. Mass., June 7.—WOOL—The Commercial Bulletin of Boston, basing its report upon statistics gathered for the government, will say tomorrow of the wool market: Market conditions have not changed. Further sales of one-quarter blood fleece at 30621c have practically cleaned up the supply of that grade. There is a good demand for fine scoured and pulled and offerings are picked up as fast as they appear. From \$270c has been paid for fine and fine medium socured territory. Scoured A super pulled sold at 55615% and eastern AA at \$760c. B super and the lower grades of pulled are quiet. Fine and fine medium territory is selling at 1952c. A little new spring Texas sold at 2323c and new Arizona wools at 24c for fine medium and 25c for half-blood. The market is steady and it is believed that the better class of wools will command full prices, though there is no thought of any material advance in foreign wools a good amount of fine Australian mills sold at 4476c. The principal demand is for the fine grades in both domestic and foreign. Country prices are high and Boston dealers are operating freely, having contracted considerable wool on the sheeps' back in Montana. The shight and Boston dealers are operating freely, having contracted considerable wool on the sheeps' back in Montana. The shigh and Boston to fine Santonity, are till 45.421 pounds, against 100,070.75 pounds in the same time last year. The receipts to June 6, inclusive, are 109,945,860 pounds as price of the same period last year.
