Commission Has Not Intimated What Its Decision Will Be

BOOST INTERSTATE MINIMUM

Labor Unions and Congressman Hull Arrayed Against the Proposed Change in Form of Government of Des Moines.

(From a Staff Correspondent.) DES MOINES. June 1 .- (Special.)-The bearing of the railroad commission in the no announcement as to when a decision as to what rates will be put in, if any, will be made. The commission then took up sion asking a reduction in the lows rate on coal. The slack coal rate is now very rates more nearly conform to the rate on the low grades. They suggest a horizontal reduction of 20 per cent. The ratirond traffic men appeared to resist this and the day was largely spent in consideration of

In regard to the joint rate question it was brought out very plainly that it is the intention of the railroads to raise the minimum on the interstate Joint rates. shipped into lows and ever two or more roads for as low as II cents on some classes of freight. This rate will be raised to 50 cepts, since it is now asserted that est argument the lows shippers have for the reduced rate in lows has been taken away. Thus because of the demand for joint rates in lows there will be a general raise in the rate on interstate shipments,

especially on small shipments. Upholds One New Law. The supreme court today upheld a law passed a few years ago which requires the Board of Supervisors to expend within a city the road tax which is derived from taxation of property in the city and it cannot be diverted to the rural districts. The case came from Jasper county, where the board had not done thin, and the contention was made that the law was not mendatory and that it was not constitutionally passed. The court held the law to be in fact mandatory and that the title of the bill as it passed the legislature was

sufficient to comply with the requirements of the constitution.

Murder Trial Patls. A murder trial which has attracted a great deal of local attention came to an end today with a failure to reach a verdict. This was the trial of Mrs. Fred West for b. 5. pital. It was alleged that she gave it, or caused to be given it, sufficient laudanum to cause death, and it was an intimation that this was a common method of getting rid of infants whose parentage was in doubt. In defense, it had been urged that BEAR TIES UP BIG SYSTEM, the defendant was the victim of persecution, and there seemed to be some ground for this. The activity of local philanthrepists caused the legislature to pass a law directed especially at Mrs. West, placing

institutions like hers under control and New Phase of Municipal Fight The fight over the adoption of the new plan for municipal government in Des Moines assumed a new phase today, when Alderman Staley, who is a member of the labor unions and editor of the union labor organ, published a declaration that he convested in two cubs-the offspring of the will be delivered against the measure, and further, that Congressman Hull also has influence over 5,000 more and this influence will go solidly against the measure. This is the first declaration on the part of spponents of the bill that they are being supported by the member of congress and its has produced a sensation. It has generally been known that he was opposed to this measure, but he went away and intends to remain away until after the special

Hipey out of town and declared he would be prosecuted if he remained another day. Hisey is an erratic character, who traveled about the state last year claiming to be a candidate for governor on the "secular government" ticket and who secured a sufficient petition to enable him to get his name on the official ballots. CRESTON, Is., June 7.-(Special Telegram .- A raise of 20 per cent was made the assessment of the personal property of Creston, consisting of all the stocks of merchandise in the cny, by the Board of Supervisors of Union county Wednesday afternoon. This action came as a complete surprise to the people of this city. Several months ago there was some trouble about a raise in the assessed value of business property in the city, but the city council acting as a board of equalization, smoothed affairs up satisfactorily. Wednesday after-Star-Enterprise, appeared before the county board and vigorously denounced the low asseasment of Creston merchants, demanding that their assessment be raised. This the board did without giving any of the persome concerned a chance to be heard.
