LONDON. June 7.—The supply of money was rather more plentiful in the market today and the demand was quiet. Discounts hardened on account of fears of future gold exports. On the Stock exchange yesterday's late improvement was quietly maintained. There was another small failure, but it did not affect the market. The tone, however was easier near the close, owing to lack of support. Foreigners received better attention on the part of Paris. Japanese imperial is of 1904 closed at 102 Copper shares dropped early in the day in sympathy with the decline in the price of the metal and closed firmer. Americans ruled dull owing to the unfavorable character of the advices from New York. Prices were frregular in the forenoon, the few transactions recorded barely moving quotations from parity. The receipts of the New York opening prices caused an upward movement, led by Union Pacific and the market closed firm after the transaction of a good amount of late business.
