BARKER GRANTED HEARING

Supreme Court Orders Inquiry Into Sanity of the Condemned Man.

MORE INTEREST ON STATE FUNDS

Railroad Representatives Ask Some Changes Made in Form of Reports of Business Handled in Nebraska.

(From a Staff Correspondent.) LINCOLN, June 12.—(Special.)—The supreme court this afternoon affirmed the order of Judge Holmes of the district court for a jury trial to determine the sanity of Frank Barker and staying the execution of the death sentence which would have been carried out next Saturday. Attorney General Thompson contended that the district court had no authority to issue a stay of execution until a jury had returned a verdict finding Barker insane and that no court had authority to set a new date for the hearing if a stay of execution is issued. The district court will begin the jury trial June 23. The order of the supreme court is in this form:

The record shows that upon evidence before the judge of the district court he found that the defendant is sane and sane and thereupon ordered that the question of his sanity be referred to a jury pursuant to sections 49 and 50 and succeeding sections of the criminal code. Under the statutes the district court is authorized to commit a convicted felon to the custody of the judge of the district court to the extent that the application is made. In his discretion he has power to stay the execution of the sentence until a jury has investigated as to the sanity of the convict makes such stay absolutely necessary, and must be proper in the interest of justice. It is found to be sane, to fix the precise limits of such stay of execution. The order of the district court is therefore affirmed.

State Funds to Get Higher Interest. State Treasurer L. G. Brian has notified state depository banks that he will require the payment of 3 per cent interest instead of 2 per cent. He explains that he makes this increase because he has to pay 3 per cent on the money he has to borrow to pay the increased rate. During the last biennium the state collected \$18,700 interest on its cash deposits in banks. Under the new rate the same amount of money would demand \$20,000 more. All state funds not invested in securities are kept in depository banks and the interest goes to the state. There is now \$58,000 in seventy-six state depositories. Of that amount \$25,000 is in banks outside of Omaha and Lincoln and some of this money has been drawn out during the last six months. The state deposits amount to a time deposit, under the method employed by the state treasurer in drawing on them, and as banks pay from 3 to 4 per cent interest on deposits, Treasurer Brian believes the state should demand 3 per cent. The country banks had the limit allowed under their bonds, but the treasury has received such large collections during the last six months that it has been necessary to place from \$10,000 to \$25,000 more than the limit in each of the depositories in Omaha and Lincoln. The treasurer has been checking accounts with the Omaha and Lincoln banks.

Husbands Sees for His Wife. Being a Minor, Action in His Behalf Brought by His Father. KEARNEY, Neb., June 12.—(Special Telegram.)—A petition was filed in district court today by L. O. Hyatt, as next best friend, on behalf of his son, Elmer Ray Hyatt, against C. M. Sheeley and Rosina Sheeley, alleging that they are unlawfully detaining and depriving Maude Hyatt, the young wife of E. R. Hyatt, of her husband and keeping her from seeing her husband or conferring in any way with him. The petition was heard by Judge Hostetter and an order has been issued for the producing of Maude Hyatt in district court. This is a case arising out of an elopement wherein Hyatt, who is a minor, was seduced by Sheeley and was married to Miss Sheeley, who is also a minor. On the young couple's return they were met by the father, who is said to have administered bodily punishment on Hyatt and taken his daughter home and sending her to her home in Chicago to a convent.

DANIEL AFTER DOPE TRAFFIC

City Prosecutor Institutes Action Against Druggists.

INSPIRED BY CRIMES OF LATE

One Habitué Walks from South Omaha at Night to Buy Five Cents Worth of the Seductive Drug.

The wanton murder of Anton Kaspar, supposedly by a colored cocaine fiend and the multiplicity of minor crimes traceable to the drug habit, have inspired City Prosecutor Daniel to an effort at checking the distressing increase of this dangerous traffic in which certain drug stores in the alleyway section of Omaha engage upon such large lines.

A case in police court Wednesday prompted immediate action. Ed Bextel, proprietor of the drug store at Twelfth and Dodge streets, was arrested on a complaint sworn to by Daniel Wednesday morning. Police court was continued until long after the usual hour in order that the druggist might be taken into court and arraigned immediately. Bextel asked for time and the case was set for hearing at 9 o'clock Thursday morning, with bonds at \$100.

Walks Six Miles to Get It. The case which drove Prosecutor Daniel to take the action and Judge Crawford to prolong the court session was that of George Williams, who was arrested at 8 o'clock Wednesday by Patrolman Lacey as a suspicious character. Williams told Judge Crawford his desire for the "coke" was so great he was obliged to leave his home at 236 Jefferson street, South Omaha, and as no cars were running, walk to Omaha in order to buy 5 cents' worth of the stuff. He said he bought it at Bextel's store.

After the close of court Williams was given his empty "coke" box and sent to Bextel's store with two witnesses, who saw him hand the box over the counter with 10 cents and have it returned to him filled without a word being said. The same performance was gone through with at Frank W. Foggs' drug store at Twelfth street and Capital avenue and he will be included in the grand jury's report on the cocaine trade. Several attempts have been made in the past to have slaves of the drug turn witnesses, but none of them would jeopardize his chances of being provided when the desire should come on.

THE DOCTOR LAUGHED But the Woman Was Frightened. A physician of Columbus, Ga., rather poked fun at a lady patient who insisted she had heart disease. The trouble really was caused by coffee drinking, and the nerves were so affected that it gave her every indication of heart disease. This is true to thousands of people who are badly hurt by the caffeine of coffee, and it is understood that if continued long enough, real organic heart disease will set in.
