Rain Saves Toledo.

SCORE THREE TO DENVER'S ONE

Westerners Lose Came by Bad Play ing and Tendency of Bohannon to Go Up in the Air at

scored the first run, which tied the game on a ball which was allowed to fall beween White and Reddick, with nobady touching it. Doian scored the next run on a wild pitch, which also put Austin on third and the latter scored on an out-

field fly. The two Pats, Bohannon and Ragan, were the opposing slabmen, and the Omaha recruit had the better of the argument with the veteran. Ragan allowed but four hits, passed but three and struck out five, while Bohannon was hit safely seven times, struck out four, passed three and had that wild pitch before mentioned. Ragan pitched steady ball at all times, whereas Bohannon was inclined to go up in the sir with the rest of the Denver team when things got to breaking a little tough for them in the eighth inning. Early Spurt by Denver.

Denver started out like real winners, but their spurt was short, because Mr. an refused to be stampeded by an of Dolan's, which was responsible for the only run Denver made. Murphy had been subsided in the initial round and Cassady hit to Franck, who threw a little low to Dolan. It was an easy out and Dolan should have had it, but he did not. Cassady went on to second on Wheeler's infield out and came home on White's single to Autrey's garden.

Things began to look more cheerful after Omaha had been at bat for a short time, for Belden opened up with a double and Franck followed with a single Texas leaguer. It began to look as if Mr. Bohannon and his playmates were goners, but Big Pat settled and struck out Autrey Welch. He had done so well he thought he would take no chances with Dolan, so he passed him. Austin lambasted the ball out to left field, but Mr. Cassady cabbaged it, and the side was out, with no runs after such an auspicious

Everything ran smoothly until the third inning, when Bohannon walked Belden and the ump. called a strike on Franck, which the captain and fans did not agree Reddick and the decision was close at first. At least Franck chewed about It until he was put out of the grounds. He sent LeBrand to first and Dolan to short and both played their positions well for the remainder of the game.

Graham Ties Score. Graham crossed the plate with the run which tied the score in the fourth inning. He singled, stole second and came home Ragan's fluke hit. The ball popped the air and lit between White and Reddick, with both Gastoning and Alphonsing until all were safe.

But one man got beyond first for either aide from that on until the eighth, when Denver went up in the air after Joe Dohad opened the inning with a nice de, which was just out of old Sport's Austin came to bat with instructions to bunt. He did it so successfully that Dolan reached third and he reached first. This seemed to bore Bohannon and the next ball he pitched was out of the reach of McDonough, and before he could recover it Dolan had crossed the plate the winning run and Austin was on third, and no one out. Graham tried to bunt, but the ball popped up to Bohannon. Gonding drove a long one to Cassady, on which Austin scored, leaving Omaha two Lorto the good.

After two were out in the ninth Old Sport drew a pass and McDonough hit for single. Reddick was not there in the pinch and struck out.

Sloux City come stoday for a series of five games, two of which are scheduled for Sunday. Friday is ladies' day. OMAHA.

A.B. DENVER

Notes of the Game. Omaha is at the top.

Four straight from Denver. How's that?
Graham has made five runs and eight hits
in the Denver sories.

'Those boys who bet that Omaha would
never again see the top of the ladder will
how please settle. The undertakers of Nehraska were out to the number of 30. They came in three spe-cial cars and rooted for the side which

made the best plays and hooted at the unpire when they thought he was wrong, and had a real time all around.

Labrand played first base like a veteran and Joe Dolan did not make a sign of a wabbie in his old position at short.

Franck was a busy man during the short time he was in the game, as he had three assurts, a hit, a sacrifice and a stelen base, short flow Murphy was causely so far on Smart Boy Murphy was caught so far off first he did not try to run back. He tried to steal on Ragan before Pat had stepped into the box. He had a fine chance. Moore was trying to redeem himself for his errors of the day before and made three splendid catches. One was after a run far back of third and the other two were line drives, for which he had to sear in the air.

Critical Times.

Little Trapper Goes to Washington and Kelley Back to Des Moines.

and Kelley Back to Des Moines and goes to Washington and Mike Kelley returns to Des Moines. That is the latest Canuillon switch. What streagth Schipke will add to the traditionally weak Senators remains to be seen. If he contributes any material strength it will be because he has improved in his batting. Up to last Sunday he was hitting at the miserable rate of .187, which is scarcely an average for a poor pitcher or catcher. Schipke is capable of batting close onto .200, or used to be when with Omaha, but he has not shown any form like that this year. It does not stand to reason he will do much better against the pitchers of the American league than those of the Western, and yet he might strike a better pace. Schip's work at third is good; U has never been anything else and yet he is not a phenom, even there. Des Moines fans are said to be glad to get Kelley back, but sorry to lose the skipper.

Stoux City Comes Next. Sioux City Comes Next.

Sloux City will be the next victims to come along and try to stand in the way of the pennant aspirations of the Rourke family. It will open a four days' engagement Thursday. Friday will be ladies' day, with the usual courtesies extended to the women at the ball park. The first double header of the season tor Omaha is scheduled for next Sunday, the first game to be called at 2:30. The only change in the Sloux' since their last appearance being Hupp in right field and the addition of a couple of new pitchers. The lineup:

Omaha. Sloux City.

Innovation Introduced by the Union

No skin disease can exist without an underlying cause, and in most nstances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and Inflammation on the surface, and Bezema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. Special book on Skin Diseases and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Huntley IRRIGATED Tract

Drawing For Lands

On June 26th 33,000 acres of finely irrigated land under the Government Reclamation plan at Huntley, Mont., (near Billings) will be drawn for under the lottery system.

REGISTRATION-June 18th to 25th at Billings, Mont.

EXCURSION RATES-June 18th, round trip tickets at one fare, with maximum excursion rate from Nebraska and Missouri river points of \$20.00; limit 21 days.

CHARACTER OF LANDS-Located on the south side of the Yellowstone river, twelve to twenty miles east of Billings; tract traversed by the Burlington and Northern Pacific roads; very rich soil; full water supply from the system of irrigation perfected by the government, Surface generally level and soil adapted to a great diversity of crops, vegetables and sugar beets.

streets. At its beginning it will be of TERMS-Total cost about \$34.00 an acre, distributed over ten years, withbrick, 10 feet in diameter. As it nears the out interest. Cost, first year, \$4.60 per acre. This includes cost of land and river it will be enlarged to 12 feet, gradually changing its shape as it approaches the railroad yards. Through these yards it
